Board of Supervisors, County of Ventura
Board of Supervisors, Ventura County Watershed Protection District
Board of Directors, Ventura County Fire Protection District
800 South Victoria Avenue
Ventura, CA 93009

SUBJECT: Public Hearing to Adopt County, Watershed Protection District, and Fire Protection District Service Rates and Fees for FY 2018-19; and Delegate Authority to Harbor Director to Execute Specified Leases and Licenses Within Guidelines (RECOMMENDATION #2 REQUIRES 4/5THS VOTE)

RECOMMENDATIONS

It is recommended that your Board, acting as the Board of Supervisors of the County, Board of Directors of the Fire Protection District and Board of Supervisors of the Watershed Protection District, take the following actions as applicable:

1. APPROVE and ADOPT Resolutions (Attachments 1 through 5 and 7 through 19) establishing and amending the service rates and fees for various services of the County, Watershed Protection District and Fire Protection District (latter two collectively "Special Districts") for FY 2018-19.
2. APPROVE and ADOPT the Resolution (Attachment 6) amending the Harbor Department's rents, fees and insurance requirements and reaffirming the Harbor Director's authority to execute leases and agreements as provided in the Resolution within Board-established guidelines. **(REQUIRES 4/5THS VOTE.)**

FISCAL/MANDATES IMPACT

Although state law does not mandate that a county establish and impose service rates and fees, state law does set limits on certain types of fees if a county does decide to charge service rates and fees to help pay for such services. The amount of revenue

collected from many service rates and fees is dependent on the volume of services demanded by the public. The County Executive Office FY 2018-19 Preliminary Budget contains over \$1.07 billion in revenue from Charges for Services, some of which are generated from these service rates and fees. Because of the broad scope of revenues included in Charges for Services, the increases or decreases in revenue may not directly correlate to the increases or decreases in the service rates and fees included in the various attachments to this Board letter.

The vast majority of increased revenues are driven by increases in demand and levels of service, not rate increases. General Fund revenue from Charges for Services is budgeted to decrease by \$18.2 million, which represents a 9.0 percent decrease from the FY 2017-18 Adopted Budget. This decrease was primarily driven by a \$23.3 million decrease in the Health Care Agency's (HCA) revenue from the allocation of Administrative and Support Services. These revenues were impacted by a reallocation of support positions and related revenue to their respective cost center throughout HCA beginning in FY 2018-19. Without this change in allocations, the Charges for Services would have resulted in a net increase of \$5.1 million or 2.5 percent increase in General Fund revenue from the FY 2017-18 Adopted Budget.

Non-General Fund revenue from Charges for Services is budgeted to increase by approximately \$9.2 million, which represents a 1.1% increase from the FY 2017-18 Adopted Budget. This increase is attributed mainly due to the \$6.0 million increase in the premiums charged by the Ventura County Health Care Plan and a \$5.6 million increase in workers' compensation insurance charges to departments.

DISCUSSION

A. General Overview of Service Rates and Fees

In the past, your Board has adopted numerous resolutions and various ordinances and ordinance amendments establishing or amending service rates and fees for the County, Fire Protection District and Watershed Protection District. Today's recommended actions establish or amend some of these County and Special District service rates and fees in order to partially offset the increased costs of those governmental services.

County agencies and departments provide a variety of valuable public services for which they are allowed by law to recover their costs through regulatory fees. Except where set by law, such regulatory fees generally must be established so as to be reasonably related to the fee payer's burden imposed on the regulatory system or the benefit received by the fee payer from the regulatory activity or public service. There are two basic types of regulatory fees included here: (1) those that are based on service rates; and (2) those that are based on fixed charges. Service rates reflect a per hour cost of a particular

County staff person classification and are specified in Attachment 1, Schedule A. Service rates are primarily composed of salary and benefits and any applicable overhead costs. Once adopted, service rates may either be incorporated by reference into various contracts, resolutions, and ordinances imposing regulatory fees for various County services or be used to calculate the amount of the regulatory fee to be charged. Many of the service rates in Attachment 1, Schedule A, are not currently being utilized to calculate regulatory fees but are maintained on an "as needed basis."

The second type of regulatory fee is a fixed charge or dollar amount that is charged to the person or entity requesting or initiating the need for specific government services. Some of these fixed charges for County and Special District services are found in Attachment 1, Schedule A and other fixed charges are contained in Attachments 2-19. Both the service rates and fixed charges are based on the estimated time to perform tasks using County and Special District salary and benefits, and other applicable costs which are consistent with those found in the County's proposed FY 2018-19 Preliminary Budget.

B. Exceptions to the Board Policy of Full Cost Recovery

Every County agency and department has determined that its services rates and fees are consistent with your Board's policy of full cost recovery. There are, however, a few exceptions to the Board's full cost recovery policy which include, but are not limited to, the following: (1) Probation Agency rates and fees which are based on a "charging up to" basis, because full cost recovery from these fees is rare because of the income level of the people served by the Probation Agency. (2) Behavioral Health user fees related to the implementation of drug treatment programs pursuant to Penal Code section 1210.1, which are based on a "charging up to" basis, because full cost recovery from these fees is rare because the users are in drug treatment programs. (3) Certain Health Care Agency fees which are based on state Medi-Cal guidelines which are often below actual costs. (4) VCMC rates which are based on industry practices and market rates as explained further below. (5) Public Works Agency (PWA) Road Encroachment permit fees which are intentionally held to less than full cost recovery in an effort to encourage property owners and contractors who perform work in the County road right-of-way to obtain the necessary permits from Public Works Transportation. This is done in the interest of public safety. Therefore, in order to avoid the attendant public safety problem that may come with full cost recovery for this fee, the Road Encroachment fees have historically been set at levels below full cost recovery. (6) Transportation Permit Fees for Extralegal Loads (i.e., oversized vehicles), which are established by state statute and cannot be changed without action by the state. (7) General Services Agency's proposed EV Charger rates, which are developed based on projected actual expenses and demand. The recovery of costs will be largely dependent upon the type of vehicle connected to the EV Charger, as the electric acceptance rate and battery size of vehicles differ. The higher the acceptance rate, the more kilowatts per hour used. (8) Some Fire Protection District (FPD) fees that are being intentionally held to less than full cost recovery. FPD is utilizing data generated

from Accela which more accurately reflect full cost for services rendered. Because of this some of FPD's rates and fees resulted in significant increases. Rather than pass these increases on to the public, FPD will spread these increases over future years while continually reevaluating as more data become available.

As stated above, VCMC rates and fees are based on industry standards and market rates, and are, therefore, subject to change throughout the year. Although prior to FY 2017-18 the VCMC rates and fees were included with this annual Countywide Service Rates and Fees public hearing and adoption, to improve the administration of changes throughout the year, these rates and fees are now submitted to your Board for approval with the adoption of the FY 2018-19 budget.

C. Effective Date

If your Board adopts the above referenced resolutions, the associated service rates and fees will become effective on July 1, 2018, with the following exceptions:

- (1) Resource Management Agency (RMA) Technician Service Rates in Attachment 1, Schedule A;
- (2) RMA Planning Division Fees in Attachment 1, Schedule B;
- (3) RMA Code Compliance Fees in Attachment 1, Schedule C;
- (4) RMA Environmental Health Land Use Fees in Attachment 1, Schedule F;
- (5) RMA Building and Safety Fees in Attachment 2, Schedule A;
- (6) RMA Environmental Health Division fees related to various facilities listed in Attachment 3;
- (7) PWA Floodplain Management Services Fees in Attachment 4;
- (8) Ventura County Watershed Protection District Fees in Attachment 7;
- (9) PWA Land Use Fees in Attachment 16; and
- (10) RMA Hazardous Materials Fees in Attachment 17

These ten County and Special District service rates and fees will become effective 60 days after the date of Board adoption pursuant to Government Code section 66017(a).

HARBOR DEPARTMENT AUTHORITY

In addition to setting rates and fees for the upcoming fiscal year, Recommendation #2 is reaffirming the delegation from your Board for the Director of the Harbor Department to sign leases, concession agreements, extensions, other agreements and legal notices as specified. This delegation enables the Harbor Department to expediently serve the business needs of the Harbor.

FORMATTING AND PUBLIC NOTICE

This Board letter includes 19 resolutions which are attached. In the interest of giving the Board more information on the above-referenced subject matters, each schedule contains a "legislative format" version showing deleted language in ~~strikeout~~ and amended or new language in underline from the current rate or fee schedule as well as a "clean" version showing the rate or fee schedule with the proposed amended language. In a few cases, two versions of the subject rate or fee schedule are not presented because the "legislative format" does not provide any additional information.

In accordance with state law, the Office of the Clerk of the Board has issued a public notice for the public hearing on annual service rates and fees for the County Board of Supervisors, the Fire Protection District Board of Directors, and the Watershed Protection District Board of Supervisors. The service rate or fee calculations prepared by the respective county department or agency for the numerous new or amended service rates and fees before your Board were reviewed by the Auditor-Controller's Office, except for VCMC and Public Health Laboratory service rates because they are not based on the cost of providing the medical or lab procedure. Documentation justifying these changes is available to the public upon request from the respective departments, agencies or Special Districts or from the County Executive Office. Further, County Counsel has reviewed the attached resolutions and proposed revisions thereto.

If you have any questions, please call me at (805) 654-5088 or Robert Bravo at (805) 662-6868.

CHARGING MECHANISMS

The County's cost recovery program requires that applicable fee(s) or fee deposits be stated in a schedule such as this one. These cost recovery mechanisms are described below:

"Nonrefundable" Fee - A nonrefundable "fixed-fee" is intended to cover the average cost of processing the subject permit or service. Once paid, this fee cannot be refunded if and when the subject application is withdrawn. No additional charges will be billed by the County should the cost of processing exceed the specified amount of this fee.

"Deposit" – means a lump sum cash deposit which is then billed against by the County based on actual County staff time expended, with no billing limit. County billings against the deposit are based upon the work hours expended multiplied by the current Contract Hourly Rate established by the Board of Supervisors. If final County costs do not exceed the deposit amount, the unused portion of the deposit shall be refunded to the applicant. If final County costs exceed the deposit amount, the applicant shall be billed for the balance due pursuant to the fee reimbursement agreement accompanying said deposit.

BILLING POLICIES AND PROCEDURES

Calculating Fees for Service

Whenever a deposit is required for County Planning services, the charge for services shall be based on the applicable contract hourly rate multiplied by the total time spent on the project. Charges for Non-refundable "Fixed-fee" services are calculated based on average time spent to provide such services multiplied by the current Contract Hourly Rate, or the annual staff costs for a program divided by the average annual number of applications processed.

Cost Recovery

The Board of Supervisors' adopted the FY 2018-19 Budget Development Manual that, in part, provides for the recommendation of fees on a full cost recovery basis.

Contract Hourly Rate

The Board of Supervisors annually approves contract hourly rates. The contract hourly rate for the Planning Division is calculated to recover direct and indirect costs for chargeable activities, chiefly permit processing. The current contract hourly rate also includes: (1) a surcharge of \$13.00/hour to partially offset the cost of creating and maintaining digital information, the Planning Division Website, and Accela System for electronic permit filing and tracking; (2) a surcharge of

\$12.75/hr to offset the cost of maintaining the County's General Plan, (3) a surcharge of \$2.00/hr to partially offset the cost of the Permit Intake Coordinator. In total the current Contract Hourly Rate for services provided by RMA Planners is \$163.43. The Contract Hourly Rate for services provided by RMA Technicians is \$122.98. These rates include the base hourly rate and the surcharges described above.

Credit for Youth-Serving Non-profits

Applications pertaining to uses sponsored by nonprofit organizations, such as Scouts, 4-H Clubs, and Little Leagues, which are solely youth-oriented shall be credited \$1500 towards the processing of the subject land use entitlement request.

Billings on Permits for Illegal Uses/Structures

Notwithstanding any provisions in this Planning Division Fee Schedule/Charging Mechanism, there shall be no billing limit on any deposits or fees for application requests processed to legalize or correct violations of County land use ordinances.

Equivalent Fees for Services Not Listed

Where a proposed land use, application or service is not identified in this Schedule, the Planning Director shall review the work characteristics of the proposed use or requested service, in relation to the subject Planning matter, and determine which of the items listed in this Schedule is equivalent in type and processing time to that proposed. The fee or deposit for said use or application shall then be applied to the application requested.

Fees for Deferred Decisions

The Planning Director may defer certain decisions to the Planning Commission in accordance with the Zoning Ordinance. If a decision deferral occurs, no new application fee or deposit is required.

Agencies Reviewing and Billing Against Entitlement Applications

The following agencies, departments and districts are normally involved in the review of land development entitlement requests: Public Works Agency, Environmental Health Division, Air Pollution Control District, Fire Protection District, Sheriff's Department, Agricultural Commissioner's Office and Planning Division. For discretionary land use permits, the Planning Division shall charge and collect a single deposit from the project applicant at the time of application submittal, and all affected agencies will charge against that deposit. For all other permits, these County agencies and departments may independently assess their own regulatory fees.

Required Fees at Application Submittal

The Ventura County Ordinance Code requires that land use applications cannot be accepted for processing unless they are accompanied by the fees/deposits specified in this schedule and the applicable Fee Reimbursement Agreements.

Billing Process

Reviewing agencies and departments are required to maintain time-keeping records during the processing of entitlements. The Operations Division of the Resource Management Agency (RMA) monitors project charges and sends out statements/bills on a monthly basis. The original deposit will be applied to the

current charges and the bill may show a credit or debit balance. Until the charges exceed the deposit no payment is due. Any bill thereafter will show the current charge and be due and payable upon receipt. When the case is closed a final bill will be sent out to the responsible party listing the balance due. This balance due must be paid promptly in order to avoid accruing late fees and generating possible sanctions against one's entitlement. If the project is denied, or the application is withdrawn or closed out prior to a final decision, the case is closed and total processing costs are calculated by RMA Operations. If costs exceed the deposit, RMA Operations will bill the applicant for these costs up to the billing limit, if applicable.

If total costs are less than the deposit, a refund will be issued, unless there are outstanding costs owed the County by the same party. In such cases any balance will be applied to the amount owed. If, in the course of processing an application, the applicable billed fees and charges have not been paid within 45 days, the County may suspend processing the application, or after a hearing, DENY such application based on the applicant's failure to pay said fees and charges.

Late Fees (for Late Payment)

Charges are due and payable within 30 days of billing. Invoices unpaid after thirty (30) days will incur a 2% late fee, compounded monthly.

Standing Accounts

Persons or entities who frequently file applications with the Division (such as for film permits) may deposit, in trust, a sum of money against which County processing fees can be billed. The amount of this type of deposit or standing account and the billing terms shall be established by the Planning Director in consultation with the requesting person or entity.

Deposits and Billings for Projects with Multiple Entitlements

Where a project requires the filing of multiple land use entitlements, a single deposit fee with no billing limit may be assessed and collected. This single deposit fee shall be the highest of the required filing fees or deposits associated with the multiple land use entitlements and there shall be no billing limit. This calculation of a single deposit fee shall be in addition to and separate from the calculation and payment of a Late Filing Fee.

Treatment of Parties with Past Delinquent Accounts

All fees, charges, and deposits submitted or paid by an applicant or party owing RMA Planning Division money will be applied first to unpaid bills of more than 30 days and thereafter to the current application request. The deposit for an application shall be increased by 50% where it is determined the party signing the Reimbursement Agreement has had past bills outstanding for more than 90 days.

CHARGING MECHANISMS

The County's cost recovery program requires that applicable fee(s), service rates or fee deposits be stated in a schedule such as this one. These cost recovery mechanisms are described below:

1. "Nonrefundable" Fee - A nonrefundable "fixed-fee" is intended to cover the average cost of processing the subject permit or service. Once paid, this fee cannot be refunded if and when the subject application is withdrawn. No additional charges will be billed by the County should the cost of processing exceed the specified amount of this fee.
2. "Deposit" – means a lump sum cash deposit which is then billed against by the County based on actual County staff time expended, with no billing limit. County billings against the deposit are based upon the work hours expended multiplied by the current Contract Hourly Rate established by the Board of Supervisors. If final County costs do not exceed the deposit amount, the unused portion of the deposit shall be refunded to the applicant. If final County costs exceed the deposit amount, the applicant shall be billed for the balance due pursuant to the fee reimbursement agreement accompanying said deposit.

BILLING POLICIES AND PROCEDURES

1. Calculating Fees for Service

Whenever a deposit is required for County Code Compliance services, the charge for services shall be based on the applicable contract hourly rate multiplied by the total time spent on the project. Charges for Non-refundable "Fixed-fee" services are calculated based on average time spent to provide such services multiplied by the current Contract Hourly Rate, or the annual staff costs for a program divided by the average annual number of violations processed.

2. Cost Recovery

The Board of Supervisors' adopted the FY 2018-19 Budget Development Manual that, in part, provides for the recommendation of fees on a full cost recovery basis.

3. Contract Hourly Rate

The Board of Supervisors annually approves contract hourly rates. The contract hourly rate for Code Compliance Division is calculated to recover direct and indirect costs for chargeable activities. The current contract hourly rate also includes: (1) a surcharge of

\$13.00/hour to partially offset the cost of maintaining digital information and Accela System for electronic violation tracking and; (2) a surcharge of \$12.75/hour to offset the cost of maintaining the County's General Plan. The current Contract Hourly Rate for services provided by: (1) Code Compliance Officer is \$161.83; (2) the RMA Technician I/II (BDS) is \$136.04; (3) the Sr Paralegal is \$129.77; and (4) Sr Code Compliance Officer is \$133.94.

4. Equivalent Fees for Services Not Listed

Where a proposed Code Compliance service is not identified in this Schedule, the Code Compliance Director shall review the work characteristics of the proposed service in relation to the subject code compliance matter, and determine which of the items listed in this Schedule is most equivalent in type and processing time to that proposed. The fee or deposit for said use or application shall then be applied to the requested service.

5. Required Fees

The Ventura County Ordinance Code requires that services not be provided nor permits be issued until all required fees/deposits are paid. Thus, no services may be rendered nor permits issued unless they are accompanied by the fees/deposits specified in this schedule.

6. Billing Process

Code Compliance staff is required to maintain time-keeping records for all cases and associated permits. The Operations Division of the Resource Management Agency (RMA) monitors project charges and sends out statements/bills on a monthly basis. Prior to closing a case, a final bill will be sent out listing the balance due. This must be paid promptly to avoid accruing late fees.

7. Late Fees (for Late Payment)

Charges are due and payable within 30 days of billing. Invoices unpaid after thirty (30) days will incur a 2% late fee, compounded monthly.

Late Filing/Investigation Fees (Permits after construction/use inauguration)

In addition to the standard permit fees collected by the Building and Safety Division and/or the Planning Division, when a permit is issued for a building, structure or activity on a property issued a Notice of Violation because such building, structure or activity took place without the proper permits, a late filing fee and/or an investigation fee is collected on behalf of the Code Compliance Division. The late filing fee is collected by the Planning Division at the time the application for the appropriate land use permit is filed. The investigation fee is collected by the Building and Safety Division prior to, or at the time, of permit issuance. The amount of the fees shall be as established within the adopted Planning Division Fee Schedule and/or the adopted Building Code (Article 2, Chapter 1, Section 108.4.1 of Ordinance No. 4369).
