December 30, 2025

To the honorable members of the Board of Supervisors and Citizens of Ventura County:

The Annual Comprehensive Financial Report (ACFR) of the County of Ventura (County) for the fiscal year ended June 30, 2025, is hereby submitted in compliance with Sections 25250 and 25253 of the Government Code of the State of California.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Eide Bailly, LLP has issued an unmodified ("clean") opinion on the County of Ventura's financial statements for the year ended June 30, 2025. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the Government

The County, approved by the State Legislature on March 22, 1872, effective January 1, 1873, was created out of the southeasterly portion of Santa Barbara County and covers an area of 1,843 square miles. It is bordered on the north by Kern County, on the northwest by Santa Barbara County, on the east by Los Angeles County, and on the south and southwest by the Pacific Ocean along 42 miles of coastline. There are ten incorporated cities within its borders: Camarillo, Fillmore, Moorpark, Ojai, Oxnard, Port Hueneme, Santa Paula, Simi Valley, Thousand Oaks, and Ventura with a combined population including the unincorporated area of 829,005. The largest employment segments comprising 80 percent of the total employment distribution include professional and business services, educational and health services, retail, government, leisure and hospitality, manufacturing, and agriculture and food production. With its mild climate, geographical diversity including beaches and pristine and rugged wilderness, year-round recreational and cultural opportunities, and a reputation as one of the safest populated areas in the country, the County is a popular tourist destination.

The County is a General Law County with policymaking, budget approval, and legislative authority vested in a five-member Board of Supervisors (Board). The supervisors are elected on a nonpartisan basis by geographic districts for four-year staggered terms. Two or three supervisors are elected in alternating two-year elections. The Board appoints the County Executive Officer who generally appoints the non-elected department heads that are not otherwise appointed by law. The County's elected department heads are the Assessor, Auditor-Controller, Clerk and Recorder, District Attorney, Sheriff, and Treasurer-Tax Collector. An organizational chart and a listing of elected and appointed department heads are provided in the introductory section of this report.

With 10,127 full-time employees in June 2025, the County provides a full range of services, including general government (administration, central services, elections, and plant acquisition), public protection, (law enforcement, fire protection, watershed protection, County portion of judicial and detention), public ways and facilities (construction and maintenance of roads), health and sanitation (public, behavioral, and environmental health), public assistance, education (libraries), and recreation and cultural services. In addition, enterprise funds account for the operations of the Medical System (Ventura County Medical Center, the Santa Paula Hospital, and clinics), Health Care Plan, two airports, Channel Islands Harbor, Waterworks Districts (sanitation and water services), and Parks (recreational activities). The financial reporting entity includes all funds of the primary government (County of Ventura as legally defined), as well as all of its legally separate component units. The component units are reported as blended when they are in substance part of the primary government or discretely presented in a separate column on the government-wide financial statements to emphasize that they are legally separate from the primary government. Note 1 of the Notes to the Basic Financial Statements provides more information on the reporting entity.

As required by state law, the County adopts a final budget no later than October 2 each year, generally in June. This annual budget serves as the foundation for the County's financial planning and control. Budgets are adopted for governmental and proprietary funds. The legal level of budgetary control is maintained at the department/budget unit and object level of expenditures, except capital assets which are controlled at the sub-object or project level. Appropriation transfers between departments must be approved by the Board. Supplemental appropriations normally financed by unanticipated revenues during the year must also be approved by the Board. The Board has delegated authority to the County Executive Officer to approve appropriation transfers between object levels within the same budget unit.

Unencumbered and unexpended appropriations lapse at the end of each fiscal year and become available to finance the next year's budget. Encumbered appropriations are reappropriated in next year's budget. Encumbrances outstanding at year-end are included in restricted, committed, or assigned fund balance in the governmental funds.

Local Economy

Historically, Ventura County has been closely aligned with the economy of Southern California, and for the fiscal year 2024-25, the County's population continues to shrink, and the local economy continues to grow at a slow rate. The County's traditional economic strength in agriculture, food processing, and mineral production is supplemented by the prominence of the service industry, construction, small manufacturing businesses, the electronics industry, tourism, the biotechnology giant, Amgen, and the military presence of the Naval Base Ventura County at Port Hueneme and Point Mugu.

- **Commercial and Agricultural Activity**

Taxable sales in calendar year 2024 were \$20.2 billion, an increase of 3.6 percent over 2023. Heading into 2025, retail sales for the County as a whole remained steady, posting a slight increase of 1.4 percent and an increase of 2.4 percent in the first and second quarter of 2025 respectively, as compared with the same periods in 2024. In contrast, taxable sales in the Southern California region posted a slight decrease of 0.1 percent in the first quarter, and an increase of 1.2 percent in the second quarter of 2025.

The Port of Hueneme is one of Southern California’s critical hubs and the only deep-water harbor between Los Angeles and the San Francisco Bay. The total tonnage for fiscal year 2024-25 was 2,248,882 metric tons, a 1.7 percent increase from the prior year of 2,212,267 metric tons. Automobile imports and exports decreased by 1.5 percent to 403,681 autos. Other import and export niche markets including general and shallow draft cargo, heavy equipment, fruits and vegetables, bananas, fertilizers, and domestic offshore oil had a combined net increase of 2.4 percent as compared to the prior year.

Farmers use Science, Technology, Engineering, and Math (STEM) for efficient and effective fertilization and irrigation management programs to achieve quality and optimum yields while maintaining sustainable farming practices. The region’s crop value increased to \$2.3 billion in 2024. Strawberries, avocados, lemons, nursery stock, celery, and raspberries were the leading crops for the year 2023.

Source: Ventura County Crop and Livestock Report

- **Academic Activity**

California State University, Channel Islands (CSUCI) opened in 2002 and is accredited by the Accrediting Commission for Senior Colleges and Universities of the Western Association of Schools and Colleges (WASC). It is located on over 1,200 acres and has undergone more than \$233 million in building and renovation projects. CSUCI offers twenty-seven undergraduate majors, eight graduate programs, four teaching credential programs and seven centers and institutes that support regional prosperity and the University mission. During the 2024 fall term, CSUCI had 4,880 students, a decrease of 4.8 percent from the prior year.

California Lutheran University (CLU) opened in 1961, and is accredited by the Accrediting Commission for Senior Colleges and Universities of the WASC. Forty-four majors and forty-six minors are offered in the traditional undergraduate program. The Bachelor's Degree for Professionals program offers degrees in eight majors. Graduate programs include doctorates in educational leadership, higher education leadership, clinical psychology and theology, and master's degrees in education, psychology, business, economics, information technology, public policy and administration, and divinity studies. Enrollment for fall term 2024 was 3,410, a decrease of 7.8 percent from the prior year. Classes are offered at the 225-acre main campus in Thousand Oaks, as well as four off-campus centers throughout California.

The three Ventura County Community College campuses, Moorpark, Oxnard and Ventura, had a fall 2024 enrollment of 52,096 students, an increase of 6.3 percent from the prior year's unadjusted number, and approximately 1,955 faculty, staff, and administrators in fall of 2024. The colleges are accredited by the Accrediting Commission for Community and Junior Colleges of the WASC. The three two-year colleges offer programs that allow students to transfer to four-year colleges and universities, career technical training, and basic skills instruction as well as community service, economic development, and continuing education for cultural growth, life enrichment, and skills improvement.

• Income and Unemployment

When comparing June 2025 to revised June 2024 figures, total farm jobs decreased by 1,000 (3.4 percent) to 28,000, while total nonfarm jobs increased by 2,000 (0.6 percent) to 317,500. Increases for nonfarm jobs were combinations of modest increases in private education and health services 2,900, professional, other services and government 900. Information about the County's principal employers and workforce sizes is provided in the statistical section of this report.

Average wages in the County increased 4.0 percent from 2023 numbers to \$70,487, while the State's Average wage increased 5.3 percent to \$92,145 and the nation increased 4.5 percent to \$75,585.

Source: U.S Department of Labor, Bureau of Labor Statistics

Reflecting headwinds due to continued increases in inflation-related costs, the County's unemployment rate in 2025 of 5.4 percent was up from 5.0 percent from the prior year and compared with California and the nation at 6.1 percent and 4.2 percent, respectively.

Source: State of California Employment Development Department and U.S. Department of Labor & Statistics

• Real Estate

Assessed values continue to trend upward. Fiscal year 2024-25 assessed values of \$186.3 billion represented a 4.1 percent increase compared to the prior year of \$178.9 billion.

Source: County of Ventura Auditor-Controller

The number of single-family home sales in the County increased 9.1 percent from the prior year. The composite median sales price for existing homes increased 1.1 percent from \$964,500 in June 2024 to \$975,000 in June 2025. The June 2025 median single-family home sales price in California was slightly down by 0.1 percent to \$899,790, and the national median for all housing types was up 1.7 percent to \$429,400, when compared to the prior year.

County housing affordability for the second quarter of 2025 increased to 14 percent from 12 percent in the second quarter of 2024. Availability of affordable housing continues to be a critical economic factor, which may affect future job growth. Some mitigating factors are the desirability of living in Ventura County due to its strong public safety presence, quality of life, climate, relatively clean air, and proximity to the Los Angeles metropolitan area.

Major Initiatives

- The fiscal year 2025-26 State Budget was signed into law by Governor Newsom on June 27, 2025. The \$321.1 billion spending plan includes \$228.4 billion for the General Fund. Overall, the budget commits to increasing funding for universal transitional kindergarten, K-12 schools, and higher education, while continuing efforts to address housing affordability, homelessness, climate impacts, healthcare access, and public safety. At the same time, the State continues to face fiscal pressures that may result in future program and funding adjustments.
- The County's 2025-26 Secured Assessment Roll closed with an overall increase of 4.2 percent, reflecting Ventura County's continued strength in property values and marking the fourteenth consecutive year of growth. For fiscal year 2024-25, the total assessed value increased \$7.4 billion to \$186.3 billion, representing the highest total assessed value in County history.
- The actuarially determined composite employer contribution rate for retirement benefits decreased from 18.56 percent to 16.56 percent of covered payroll for fiscal year 2025-26. The lower contribution rate, applied to a higher payroll base, results in an estimated \$16.6 million reduction in Countywide retirement costs, providing budgetary relief while maintaining strong pension funding levels and supporting the County's long-term financial sustainability.
- California Advancing and Innovating Medi-Cal (CalAIM) continues to represent a significant, multi-year transformation of the State's Medi-Cal program. The County's Behavioral Health Department is implementing several CalAIM-related initiatives, including modernization of electronic health record systems and service delivery models to support payment reform and integration with other social services. The County has entered into participation agreements to support these efforts over the next five years.
- The County continues implementation of its opioid response strategy using settlement funds received from nationwide opioid litigation. These funds are restricted for opioid-related prevention, treatment, and recovery activities and are subject to expenditure, encumbrance, and reporting requirements. As of fiscal year 2025-26, the County has received \$31.1 million from opioid settlement agreements and continues to allocate these resources in accordance with program requirements.
- Proposition 1, approved by California voters in March 2024, includes statutory and bond components intended to restructure behavioral health funding and expand behavioral health infrastructure statewide. The measure modifies the Mental Health Services Act and authorizes funding for behavioral health treatment facilities and supportive housing. Implementation of Proposition 1 will require counties to adjust program funding allocations and service delivery models over time, while continuing to meet existing behavioral health service demands.
- The County established the Retiree Medical Expense Reimbursement Plan to provide a monthly healthcare subsidy for eligible retirees impacted by the Alameda Resolution. The plan is funded through an IRS Section 115-approved trust and was initially funded in October 2023. Alternative funding scenarios have been evaluated to support the plan's long-term sustainability.

- The County occupies and operates more than 100 buildings totaling over 3.4 million square feet. Annual funding of approximately \$10.5 million to \$11.0 million is dedicated to deferred maintenance for 26 County-owned facilities through the Capital Renewal program. As County facilities continue to age, deferred maintenance needs and associated costs are expected to increase over time.
- The County continues to monitor the implementation of State zero-emission vehicle mandates that require the phased transition of medium- and heavy-duty vehicle fleets to zero-emission alternatives. Compliance with these mandates is expected to require significant long-term planning related to fleet replacement, supporting infrastructure, and operational readiness. The County continues to evaluate timing, cost considerations, and available funding opportunities as implementation requirements evolve.
- Federal trade policies, including the potential expansion of tariffs, may increase the cost of vehicles, equipment, and technology purchases used in County operations. Because many supply chains are global and subject to change, the full impact of tariffs on County expenditures and revenues remains uncertain. Management continues to monitor market conditions and procurement impacts as part of ongoing financial planning.

Long-term Planning

- General Fund fund balance in the fiscal year 2025-26 adopted budget totaled \$444.3 million, an increase of \$69.4 million from the prior year adopted budget, based on estimated year-end fund balance. Obligated fund balance (nonspendable, restricted, committed, and assigned) continues to play a critical role in preserving the County's financial health by supporting liquidity, maintaining strong credit ratings, preparing for future capital needs, and mitigating risks associated with litigation, audit disallowances, and revenue volatility.
- The County's estimated unassigned General Fund balance of \$197.5 million represents approximately 13.1 percent of estimated appropriations, exceeding the County's recommended minimum reserve level of 10 percent, though remaining below the long-term target of 15 percent.
- The 2026-30 Five-Year Capital Improvement Plan (CIP) was updated through a Countywide review of capital and major equipment needs. Project requests are evaluated and prioritized by the Capital Planning Committee using criteria such as life-safety considerations, regulatory compliance, asset preservation, and service delivery needs. Projects included in the CIP remain subject to Board authorization for funding, administration, and managerial oversight. The plan is available online: <https://publicworks.venturacounty.gov/cip/>

Relevant Financial Policies

The Board of Supervisors approved a Capital Planning Policy and Five-Year Capital Improvement Plan which includes evaluation of plans for acquisition, maintenance, replacement, and retirement of capital assets and serves as the basis for long-range planning to meet the County's capital asset needs. A Capital Planning Committee comprised of the County Executive Officer, Auditor-Controller, General Services Agency Director, and Public Works Agency Director, is responsible for evaluating capital planning matters and providing recommendations to the Board of Supervisors regarding the prioritization of capital projects, major equipment purchases, long-term lease administration, lease-versus-purchase options, and other capital planning and expenditure issues.

The Financial Planning Committee of the County, comprised of the Chair and Vice Chair of the Board of Supervisors, Auditor-Controller, County Treasurer, County Executive Officer, and County Counsel, reviews all financial planning matters. The Committee provides recommendations to the Board regarding levels of debt service, debt balances, financing of planned capital asset acquisitions, and any proposal utilizing public finance methods.

The Information Technology Committee (ITC) is responsible for planning and reviewing project proposals to ensure consistency with the goals, guidelines and policies of the County's technology strategy, compatibility with other systems and infrastructure, and conformance with other County priorities. The ITC is comprised of two members of the Board of Supervisors, the County Executive Officer, Auditor-Controller, Sheriff, Fire Protection District Chief, Human Services Agency Director, Resource Management Agency Director, Health Care Agency Director, and the IT Services Department Director.

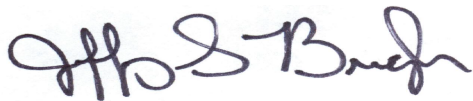

Awards and Acknowledgments

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County for its ACFR for the fiscal year ended June 30, 2024. This was the thirty-ninth consecutive year that the County has received this prestigious award. In order to be awarded a Certificate of Achievement, the County had to publish an easily readable and efficiently organized ACFR that satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current ACFR continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the efficient and dedicated services of the staff of the Auditor-Controller's Office. I wish to express my appreciation to the members of the Auditor-Controller's Office and our independent auditors, Eide Bailly, LLP, who assisted in and contributed to the preparation of this report. I also thank the Board of Supervisors and the County Executive Office for their interest and support in planning and conducting the financial operations of the County in a responsive and effective manner.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read "Jeffery S. Burgh". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

COUNTY OF VENTURA | CALIFORNIA

Independent Auditor's Report

To the Honorable Board of Supervisors
County of Ventura, California

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of Ventura, California (County) as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County, as of June 30, 2025, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Ventura County Employees' Retirement Association, the Ventura County Public Financing Authority and the Children and Families First Commission of Ventura County, which represent the following percentage of assets, net position/fund balance, and revenues for the opinion units listed below as of June 30, 2025:

Opinion Units	Assets	Net Position/ Fund Balance	Revenues
Governmental Activities	0%	0%	0%
Business-Type Activities	0%	0%	0%
Aggregate Remaining Fund Information	69%	72%	15%
Discretely Presented Component Unit	100%	100%	100%
Major Enterprise Fund – Medical System	0%	0%	0%

Those statements were audited by other auditors whose report have been furnished to us, and our opinions, insofar as it relates to the amounts included for the Ventura County Employees' Retirement Association, the Ventura County Public Financing Authority and the Children and Families First Commission of Ventura County are based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

Change in Accounting Principle

As discussed in Note 2 to the financial statements, the County has adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 101, *Compensated Absences* for the year ended June 30, 2025. Accordingly, a restatement has been made to the governmental activities, business-type activities, and proprietary funds net position as of July 1, 2024, to restate beginning net position. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, pension schedules, other post-employment benefit schedules and budgetary comparison schedules and related notes, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual non-major fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual non-major fund financial statements and schedules is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section and statistical section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 30, 2025, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Eide Bailly LLP". The signature is written in a cursive, flowing style.

**MANAGEMENT'S DISCUSSION
AND ANALYSIS**
UNAUDITED

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

This section of the County of Ventura's (County) Annual Comprehensive Financial Report (ACFR) presents a discussion and analysis of the County's financial performance during the fiscal year ended June 30, 2025. Please read it in conjunction with the transmittal letter at the front of this report and the County's basic financial statements following this section.

FINANCIAL HIGHLIGHTS

The government-wide assets and deferred outflows of resources of the County (governmental and business-type) exceeded liabilities and deferred inflows of resources at the close of the 2024-25 fiscal year by \$3,542,673,000 (*net position*). Of this amount, \$880,389,000 is restricted for specific purposes (*restricted net position*), \$1,893,793,000 is the *net investment in capital assets*, and the remaining portion of \$768,491,000 is *unrestricted net position*.

The government's total net position increased by \$156,182,000 during fiscal year 2024-25 due to increases in both governmental and business-type activities. Restricted net position increased by \$95,448,000, while unrestricted net position decreased by \$44,203,000, primarily due to the recognition of the net Other Postemployment Benefits (OPEB) liability for the new Retiree Medical Expense Reimbursement Plan (RMERP). Net investment in capital assets increased by \$93,742,000. The increase represents capital acquisitions net of accumulated depreciation/amortization and capital-related deferred outflows of resources, less capital-related debt and deferred inflows of resources. Beginning net position was restated due to the implementation of a new accounting standard related to compensated absences. Additional information is available on the prior period adjustment in Note 2 to the Basic Financial Statements.

As of June 30, 2025, the County governmental funds reported combined fund balances of \$1,670,381,000, an increase of \$179,429,000 in comparison with the prior year.

At the end of the fiscal year, unassigned General Fund fund balance was \$43,536,000, or 3 percent of total General Fund expenditures, reflecting a decrease of \$9,484,000 from the prior fiscal year balance.

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS

The Management's Discussion and Analysis (MD&A) is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements include three components:

- 1) Government-wide financial statements
- 2) Fund financial statements
- 3) Notes to the basic financial statements

Required supplementary information, supplementary information, and statistical information are also included in the ACFR.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

The following diagram displays the interrelationships of this report:

Government-wide Financial Statements provide readers with a broad overview of County finances in a manner similar to a private-sector business. The *statement of net position* and *statement of activities* use the flow of economic resources measurement focus and accrual basis of accounting. The focus and basis emphasize the long-term view of the County's finances.

The *statement of net position* presents information on all County assets and deferred outflows of resources, and liabilities and deferred inflows of resources, with the differences between them reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g. uncollected taxes and earned but unused vacation leave).

The government-wide financial statements continue to include the following concepts:

The government-wide statements include only those funds/entities representing resources available to the County. Therefore, the financial information for the pension and other postemployment benefits (OPEB), investment, private-purpose trusts, and custodial funds are not included in the government-wide financial statements. The financial statements for the discretely presented component unit, Children and Families First Commission (Commission), are provided in a separate column.

The statement of activities distinguishes functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a portion of their costs through user fees and charges (*business-type activities*).

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

In addition, the statement of activities compares the direct expenses and program revenue for each governmental function and each segment of business-type activities. The general revenue (non-program revenue) must then cover the net cost of the various activities. The governmental activities of the County include general government, public protection, public ways and facilities, health and sanitation services, public assistance, education, and recreation. The business-type activities of the County include the hospitals, clinics, airports, utilities, recreation, and medical insurance.

Because the internal service funds primarily serve the governmental funds, the internal service funds activities are eliminated with net balances also reported in the governmental activities column. Additional elimination of transfers and activity occurs within the governmental activities and within the business-type activities.

Component units are included in the basic financial statements and consist of legally separate entities for which the County is financially accountable. *Blended component units* have substantially the same governing board as the County or provide services entirely to the County and are reported on the fund statements and, if appropriate, as governmental activities on the government-wide financial statements. An example is the Fire Protection District. The Commission is reported as a *discretely presented component unit* because the County Board appoints the commission board members to serve at will. The Ventura County Employees' Retirement Association (VCERA) is a public entity separate from the County and is considered a *fiduciary component unit* of the County due to board control and financial burden because of the legal obligation to make contributions to the plan.

The government-wide financial statements can be found on pages 39 - 41 of this report.

Fund Financial Statements report on groupings of related funds and accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. A fund is a separate accounting entity with a self-balancing set of accounts. The County, like other state and local governments, uses fund accounting to demonstrate finance-related legal compliance.

The fund financial statements emphasize *major funds* as determined by minimum criteria set forth in GASB Statement No. 34 (GASB 34) with separate columns for each major fund. The non-major funds are presented in an aggregated single column on the governmental funds financial statements. There are two major governmental funds: the General Fund and the Fire Protection District. There are two major enterprise funds: Medical System and Waterworks Districts. Individual fund data for each of the non-major funds is provided in the form of *combining statements* in the supplementary information section.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

All of the funds of the County can be divided into three categories: *governmental funds*, *proprietary funds*, and *fiduciary funds*.

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. The governmental funds include the General Fund, special revenue funds, debt service funds, capital projects funds, and permanent fund. However, unlike the government-wide financial statements, governmental funds financial statements use the current financial resources measurement focus and the modified accrual basis of accounting. The focus and basis emphasize the *near-term inflows and outflows of spendable resources*, as well as the balances of *spendable resources available* at the end of the fiscal year. Such information may be useful in evaluating a county's near-term financing requirements.

The County maintains over sixty individual governmental funds in its financial system and presents them grouped by related activities as twenty-three separate governmental funds in this report. The equity for fund financial statements is displayed as fund balance. Purchase or lease of capital assets and payment of principal on debt or leases are shown as expenditures on fund financial statements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The governmental funds financial statements can be found on pages 42 - 45 of this report.

Proprietary funds are maintained in two fund types: enterprise funds and internal service funds.

Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for the operations of the Medical System, Department of Airports, Waterworks Districts, Parks Department, Channel Islands Harbor, Health Care Plan, and Oak View District. Eighteen enterprise funds are reported in the County's financial system and grouped by related activities as seven enterprise funds in this report. The major funds are presented in the proprietary fund financial statements with details of non-major funds provided in the combining statements in the supplementary information section.

Internal service funds are used to accumulate and allocate costs for services provided to the County's various departments. The County uses internal service funds to account for its public works services, heavy equipment, transportation, general insurance (liability and workers' compensation), information technology services, general services, employee benefits insurance, and personnel services. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide statement of net position and allocated proportionally on the government-wide statement of activities.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The County's eight internal service funds are combined into a single, aggregated presentation in the proprietary funds financial statements. Individual fund data for the internal service funds is provided in the *combining financial statements* in the supplementary information section.

The proprietary funds financial statements can be found on pages 46 - 49 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Fiduciary funds, including the *trust and custodial funds*, are used to account for fiduciary component units and resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting basis used for trust and custodial funds is accrual, much like that used for proprietary funds. Fiduciary fund types are pension and OPEB, investment, private-purpose trusts, and custodial funds.

The fiduciary funds financial statements can be found on pages 50 - 51 of this report.

Notes to the Basic Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. These informative notes can be found on pages 53 - 131 of this report and are also itemized in the Table of Contents.

Required Supplementary Information includes the Ventura County Employees' Retirement Association (VCERA) schedule of the County's proportionate share of the net pension liability (asset) and schedule of County's contributions, the Supplemental Retirement Plan (SRP) schedule of changes in net pension liability (asset) and related ratios, schedule of investment returns and schedule of County's contributions, the Management Retiree Health Benefits Program schedule of changes in total pension liability and related ratios, the Subsidized Retiree Health Benefits Program schedule of total OPEB liability and related ratios, the Ventura County Deputy Sheriffs' Association (VCDSA) Retiree Medical Reimbursement Plan schedule of net OPEB liability and related ratios and schedule of County's contributions, the Ventura County Professional Firefighters' Association (VCPFA) Premium Reimbursement Plan schedule of net OPEB liability (asset) and related ratios and schedule of County's contributions, and the County's Retiree Medical Expense Reimbursement Plan (RMERP) related ratios and schedule of County's contributions. These schedules provide trend data on pension and OPEB liabilities, contributions, and payroll amounts, as well as factors that significantly affect these trends. In addition, budgetary schedules for the major general and special revenue funds are included.

The County adopts an annual appropriated budget for its governmental funds as required by the Government Code. In the required supplementary information section, a budgetary comparison schedule is provided for all the major general and special revenue funds to demonstrate compliance with the final budget. Due to the large number of funds and departments, a separate Departmental Budget Report of Revenues and Expenditures – Budget and Actual on a Budgetary Basis has been prepared. The report demonstrates compliance at the legal level of budgetary control for those funds for which the County is legally required to adopt a budget. This document is available from the Auditor-Controller's Office, 800 South Victoria Avenue, Ventura, CA 93009-1540, or on the County website at:

https://vcportal.venturacounty.gov/auditor/docs/financial-reports/FY25_BudgetToActual.pdf

Required supplementary information can be found on pages 134 - 151 of this report.

Supplementary Information includes the combining and individual governmental, enterprise, internal service, and fiduciary fund statements, budgetary comparison schedules for all non-major governmental funds for which the County is legally required to adopt a budget, and information on capital assets used in the operation of governmental funds.

Supplementary information can be found on pages 153 - 217 of this report.

Statistical Information is provided beginning on page 219 of this report.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
(CONTINUED)**

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Government-wide Summary of Net Position

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. At the close of the most recent fiscal year, the County's net position was \$3,542,673,000.

A summary of net position is as follows:

Summary of Net Position June 30, 2025 and 2024 (In Thousands)							
	Governmental Activities		Business-type Activities		Total		Total Percent Change
	2025	2024	2025	2024	2025	2024	
Assets:							
Current and other assets	\$ 2,607,881	\$ 2,503,182	\$ 316,900	\$ 313,155	\$ 2,924,781	\$ 2,816,337	4%
Capital assets	<u>1,607,738</u>	<u>1,527,858</u>	<u>665,713</u>	<u>650,925</u>	<u>2,273,451</u>	<u>2,178,783</u>	4%
Total assets	<u>4,215,619</u>	<u>4,031,040</u>	<u>982,613</u>	<u>964,080</u>	<u>5,198,232</u>	<u>4,995,120</u>	4%
Total deferred outflows of resources	<u>530,578</u>	<u>268,983</u>	<u>112,317</u>	<u>46,464</u>	<u>642,895</u>	<u>315,447</u>	104%
Liabilities:							
Current and other liabilities	349,362	425,745	125,064	118,863	474,426	544,608	(13)%
Long-term liabilities	<u>1,020,879</u>	<u>797,591</u>	<u>393,069</u>	<u>357,289</u>	<u>1,413,948</u>	<u>1,154,880</u>	22%
Total liabilities	<u>1,370,241</u>	<u>1,223,336</u>	<u>518,133</u>	<u>476,152</u>	<u>1,888,374</u>	<u>1,699,488</u>	11%
Total deferred inflows of resources	<u>265,228</u>	<u>103,073</u>	<u>144,852</u>	<u>110,320</u>	<u>410,080</u>	<u>213,393</u>	92%
Net position:							
Net investment in capital assets	1,505,248	1,433,703	388,545	366,348	1,893,793	1,800,051	5%
Restricted	877,973	782,615	2,416	2,326	880,389	784,941	12%
Unrestricted	<u>727,507</u>	<u>757,296</u>	<u>40,984</u>	<u>55,398</u>	<u>768,491</u>	<u>812,694</u>	(5)%
Total net position,	<u>\$ 3,110,728</u>	<u>\$ 2,973,614</u>	<u>\$ 431,945</u>	<u>\$ 424,072</u>	<u>\$ 3,542,673</u>	<u>\$ 3,397,686</u>	4%

Net position includes three components: *Net investment in capital assets; restricted; and unrestricted.*

A significant component of the County's net position totaling \$1,893,793,000 (53 percent), reflects the County's net investment in capital assets: land, easements, development in progress, land improvements, structures and improvements, equipment, vehicles, software, infrastructure, and right-to-use lease structures and improvements, equipment, and subscription assets; net of accumulated depreciation/amortization; plus capital-related deferred outflows of resources; less capital-related debt and deferred inflows of resources. The County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the County's investment in its capital assets is reported net of capital-related debt and deferred inflows of resources, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

The restricted component of the County's net position, totaling \$880,389,000 (25 percent), represents resources that are subject to external restrictions on how they may be used. Trust agreements relating to long-term debt restrict certain amounts for debt service. In addition, certain externally restricted funding received in advance of expenses is also reported as restricted and therefore is not available for other uses by the County.

The third portion of the County's net position is unrestricted, totaling \$768,491,000 (22 percent).

At the end of the current fiscal year, the County reported positive balances in all categories of net position. The County's change in net position was an increase of \$156,182,000. The change in net position for governmental and business-type activities was \$147,037,000 and \$9,145,000, respectively. Please refer to the Statistical section for a 10-year trend of changes in net position.

General revenues for governmental activities increased by \$48,753,000, driven primarily by higher investment earnings resulting from increased market rates of return and growth in property tax revenues due to rising assessed property values. Program revenues decreased by \$33,973,000, primarily due to a reduction in operating grants and contributions, largely attributable to the recognition of the opioid settlement in the prior year. Total expenses increased by \$217,378,000, or 12 percent, primarily due to inflation in the costs of goods and services as well as increases in salaries and benefits due to general salary increases.

The current period increase in net position is attributable to business-type activities primarily resulted from an increase in the Medical System. Program revenues increased by \$87,865,000, or 11 percent, primarily due to increased charges for services by the Medical System. Business-type expenses increased by \$86,388,000, primarily in the Medical System due to an increase in salaries and benefits and medical supplies and services. Additional information is provided on pages 33-34 of this report.

Government-wide Summary of Activities

The following table depicts the revenues, expenses, and changes in net position for governmental and business-type activities. Revenues for the County increased by \$103,614,000, or 4 percent, with increases primarily through charges for services, property taxes, and interest and investment earnings of \$146,559,000, \$36,354,000, and \$13,530,000, respectively. The increase was offset by a decrease in grants and contributions of \$101,692,000. Additional information on major revenue streams is provided on pages 29-31.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Summary of Activities For the Fiscal Years Ended June 30, 2025 and 2024 (In Thousands)

	Governmental Activities		Business-type Activities		Total		Total Percent Change

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Governmental activities. Governmental activities, as reflected in the Statement of Activities, increased the County's net position in the current period by \$147,037,000, accounting for 94 percent of the total current period change in the County's net position. The Statement of Activities displays the direct expenses and the program revenues for the governmental and business-type activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include: 1) charges paid by the recipients of goods or services offered by the programs, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including almost all taxes, are presented as general revenues. Sales tax and vehicle license fee monies for health and welfare realignment and public safety are defined as program revenue.

The bar chart below depicts the relationships of the governmental activities direct expenses to program revenues:

Revenues. Total revenues from governmental activities increased by 1 percent from the prior year.

Operating grants and contributions are revenues earned from entities outside of the County, primarily state and federal agencies, and are generally restricted to one or more specific programs. In 2024-25, the County reported \$865,846,000 in operating grants and contributions, which comprised 68 percent of the total program revenues in the current year. Operating grants and contributions decreased by \$99,572,000 from the prior year, primarily in health and sanitation services due to decrease in the recognition of the National Opioid Settlement revenue and the timing of funding based on the availability period. Operating grants and contributions represent the largest revenue source for governmental activities. The public protection, public assistance, and health and sanitation services functions received 92 percent of this funding source in fiscal year 2024-25.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Charges for services are revenues earned from providing goods, services, or privileges to external customers. Fines, forfeitures, and penalties and licenses, permits, and franchises are also reported as charges for services. Public protection generated \$158,459,000, or 41 percent, of the total of \$383,437,000. Among the major sources are contracted law enforcement services provided by the Sheriff's Office to several cities, emergency and contract services performed by the Fire Protection District for various governmental agencies. Charges for services provided 30 percent of total program revenues in 2024-25, increasing 16 percent from the prior year.

Capital grants and contributions of \$15,661,000 represented the smallest source of program revenues in 2024-25 at 1.2 percent of total program revenues. Revenue for capital grants and contributions increased by \$12,755,000 mainly due to receiving the final reimbursement for the Todd Road Jail construction project and funding for road construction from Caltrans.

General revenue for governmental activities primarily consisted of taxes. Property tax revenue, the largest source of general revenue with \$746,976,000 reported in 2024-25, increased by 5 percent from 2024-25 due to continued increase in assessed property tax values driven by the limited housing supply in the County.

Expenses. Total program expenses for governmental activities were \$1,967,465,000 for the current fiscal year as compared to \$1,750,087,000 for the prior fiscal year, an increase of 12 percent. Public protection at \$1,022,944,000 accounted for 52 percent of total expenses for governmental activities. Public assistance expenses were \$384,013,000, or 20 percent, followed by health and sanitation services at \$331,316,000, or 17 percent, general government at \$173,035,000, or 9 percent, and various other costs of \$56,157,000, or 3 percent, of total expenses. Expenses increased across most functions, primarily due to higher salaries and benefits resulting from general salary increases and the recognition of a new RMERP OPEB expense, which was partially offset by cost savings from pension-related activity. In addition, broader economic factors, including inflation, contributed to higher costs for goods and services.

Business-type activities. Business-type activities increased the County's net position in the current period by \$9,145,000, or 6 percent, of the total current period change in the County's net position, primarily due to the Medical System. The bar chart below depicts the relationships of the business-type activities direct expenses to program revenues:

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Revenues. The County has two major business-type activities: the Medical System (hospitals and clinics) and Waterworks Districts - Water and Sewer. Business-type activities recover a significant portion of their costs through user fees and charges. For the current year, 97 percent, or \$842,783,000, of total program revenues were generated from charges for services, as compared to the prior year's 96 percent, or \$749,068,000. The Medical System accounted for 81 percent of total program revenues for business-type activities at \$706,439,000 and the Health Care Plan accounted for 10 percent of total program revenues, an equal percentage when compared to the prior year. The Waterworks Districts' combined water and sewer activities generated 5 percent of total program revenues, and all other business-type activities accounted for the remaining 4 percent.

Expenses. Total expenses for business-type activities were \$904,216,000 in 2024-25 compared to \$817,828,000 in 2023-24, representing an increase of 11 percent. About 82 percent of total expenses, or \$736,792,000, were incurred by the Medical System. The Health Care Plan accounted for 10 percent of the total cost, while Waterworks - Water and Sewer activities, accounted for 5 percent. The remaining 3 percent of expenses were incurred by the Department of Airports, Parks Department, Channel Islands Harbor, and the Oak View District business activities, with a combined total of \$30,689,000.

The Medical System salaries and benefits increased \$49,908,000 or 16 percent compared to fiscal year 2023-24. Over half of the increase is due to the \$25,599,000 RMERP OPEB expense adjustment, which was new in fiscal year 2024-25 and had no comparable amount in the prior year. The remaining \$24,309,000 increase is due, in large part, to salary and benefit rate increases and filling vacancies. The Medical System services and supplies had an increase of \$8,061,000 or less than three percent in fiscal year 2024-25, primarily due to increases in pharmaceuticals, medical and laboratory supplies, and professional medical services as a result of both increased patient volumes and overall increased rates totaling \$12,748,000, increased County cost allocation plan charges of \$1,420,000, offset by decreases in other professional services of \$3,197,000, and decreased minor equipment, building and improvement maintenance costs and building leases and rentals totaling \$4,725,000.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, the County uses *fund accounting* to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The County's general government functions are accounted for in the County's general, special revenue, debt service, capital projects, and permanent funds. Included in these funds are the special districts governed by the Board of Supervisors (Board). The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. Major governmental funds reported by the County include the General Fund and the Fire Protection District.

At June 30, 2025, the County's governmental funds reported total fund balances of \$1,670,381,000, an increase of \$179,429,000 from the prior year. Approximately \$263,593,000 or 16 percent of the total is Nonspendable fund balance, which are amounts that are not in spendable form or amounts that are legally or contractually required to be maintained intact. The remaining 84 percent or \$1,406,788,000 is available to meet the County's current and future needs.

Revenues for governmental funds totaled \$2,167,947,000 for the year ended June 30, 2025, increased by \$121,803,000 compared to the fiscal year ended June 30, 2024. This was primarily attributable to an increase in property taxes and revenues from use of money and property, which increased due to greater investment rate of returns in the County Treasury Pool. Expenditures, at \$1,977,459,000, increased by \$116,787,000 or 6

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

percent when compared to the fiscal year ended June 30, 2024, with increases primarily in public protection, health and sanitation services, and public assistance. The increase in governmental fund expenditures is primarily due to rising costs from inflation and general salary increases.

GENERAL FUND

The General Fund is the primary operating fund of the County. At June 30, 2025, the General Fund's total fund balance was \$1,084,386,000, increasing \$120,080,000 or 12 percent from the prior year. The increase is mainly due to an increase in revenues from use of money and property, aid from other governmental units, and charges for services. The nonspendable portion of fund balance was \$260,459,000 and the spendable portion was \$823,927,000. As a measure of the General Fund's liquidity, it is useful to compare both total fund balance and spendable fund balance to total fund expenditures. Total fund balance equates to 78 percent of total General Fund expenditures while spendable fund balance equates to 59 percent. Of the General Fund spendable fund balance, \$347,144,000, or 42 percent, is restricted, and \$12,088,000, or 1 percent, is committed.

FIRE PROTECTION DISTRICT - SPECIAL REVENUE FUND

The Fire Protection District provides fire protection to the unincorporated areas of the County, as well as the cities of Camarillo, Moorpark, Ojai, Port Hueneme, Santa Paula, Simi Valley, and Thousand Oaks. Support is derived principally from property taxes. At June 30, 2025, the Fire Protection District's total fund balance was \$193,098,000, an increase of \$9,167,000 from the prior year. The increase was mainly due to an increase of \$16,390,000 in charges for services, primarily for reimbursements for emergency services, and a \$9,299,000 in taxes. Fund balance included a nonspendable portion of \$1,981,000. Restricted fund balance totaled \$191,117,000, or 99 percent.

NON-MAJOR GOVERNMENTAL FUNDS

As compared with the prior year, the total fund balances of the remaining governmental funds increased \$50,182,000 or by 15 percent. The increase is for the most part due to the Mental Health Service Act Fund for higher Medi-Cal revenue for services from of service increases to client volume and rate increases with due to the CalAIM Behavioral Health Payment Reform.

Additional information on fund balances is provided in Note 13 of the Notes to the Basic Financial Statements.

The following schedule presents a summary of revenues and other financing sources, expenditures and other financing uses, and net changes in fund balances for the County's major and non-major funds for the current and previous fiscal years:

Governmental Funds
Comparative Schedule of Revenues, Expenditures, and Changes in Fund Balances
For the Fiscal Years Ended June 30, 2025 and 2024
(In Thousands)

	Revenues and Other Financing Sources		Expenditures and Other Financing Uses		Net Change in Fund Balances		Increase (Decrease) Change
	2025	2024	2025	2024	2025	2024	
General Fund	\$ 1,569,516	\$ 1,512,609	\$ 1,449,436	\$ 1,418,537	\$ 120,080	\$ 94,072	\$ 26,008
Fire Protection District	277,668	254,513	268,501	239,055	9,167	15,458	(6,291)
Non-major funds	376,320	321,666	326,138	281,919	50,182	39,747	10,435
Total	<u>\$ 2,223,504</u>	<u>\$ 2,088,788</u>	<u>\$ 2,044,075</u>	<u>\$ 1,939,511</u>	<u>\$ 179,429</u>	<u>\$ 149,277</u>	<u>\$ 30,152</u>

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

GENERAL FUND

Taxes, aid from other governmental units, and charges for services comprise 92 percent of total revenues. Taxes increased by \$28,676,000, or 6 percent, due to an increase in assessed property tax values. Aid from other governmental units slightly decreased by \$10,469,000. However, this decline was offset by an increase of \$10,784,000 in revenue generated from the use of money and property, driven by the increase rate of return from the County Treasury Pool. The remaining revenue classifications had a net decrease of \$36,225,000.

FIRE PROTECTION DISTRICT

The District's fund balance increased by \$9,167,000, compared to an increase of \$15,458,000, in 2023-24. Revenues and other financing sources at June 30, 2025, totaled \$277,668,000, an increase of \$23,155,000 from the prior fiscal year, primarily from an increase in taxes and charges for services. The increase in taxes is mainly due to an increase in assessed property tax values in County. While the increase in charges for services is due to an increase in emergency service reimbursements from an increase in incidents. Expenditures were \$268,501,000, increasing by \$29,446,000, when compared to 2023-24, primarily due to an increase in salaries and benefits from general salary increases and increase in overtime due to an increase in fire related incidents.

NON-MAJOR GOVERNMENTAL FUNDS

Fund balances at June 30, 2025, increased by \$50,182,000, compared to the prior year increase of \$39,747,000. Revenue and other financing sources increased by \$54,654,000, which was mainly due to an \$24,972,000 increase in aid from other governmental units and a \$23,368,000 increase for charges for services.

Proprietary Funds. The County's proprietary funds provide the same type of information found in the government-wide business-type activity financial statements, but in more detail. The tables below depict current year and prior year Enterprise Fund actual revenues, expenses, transfers, and changes in fund net position:

Summary of Revenues, Expenses, Transfers and Changes in Fund Net Position
Enterprise Funds
For the Fiscal Year Ended June 30, 2025
(In Thousands)

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Summary of Revenues, Expenses, Transfers and Changes in Fund Net Position Enterprise Funds For the Fiscal Year Ended June 30, 2024 (In Thousands)

	Major Funds			
	Medical System	Waterworks Districts	Non-major Funds	Total
Operating revenues	\$ 605,715	\$ 35,048	\$ 106,541	\$ 747,304
Operating expenses	(659,150)	(37,477)	(112,394)	(809,021)
Operating income (loss)	(53,435)	(2,429)	(5,853)	(61,717)
Non-operating revenues (expenses) and capital grants and contributions, net	11,641	2,855	18,281	32,777
Income (loss) before transfers	(41,794)	426	12,428	(28,940)
Transfers	27,899	1,812	2,344	32,055
Change in net position	(13,895)	2,238	14,772	3,115
Net position - beginning	124,505	147,876	146,645	419,026
Net position - ending	\$ 110,610	\$ 150,114	\$ 161,417	\$ 422,141

The net loss before transfers of \$23,501,000 for all enterprise funds resulted primarily from the Medical System. Net transfers of \$34,453,000 to the Medical System increased from \$27,899,000 in the prior year, primarily due to additional contributions from the General Fund to the Medical System to help offset the implementation of interest charges on their cash flow advance.

The Medical System's net position increased \$7,842,000 for the year. Operating revenues increased \$83,414,000, or 14 percent, and operating expenses increased \$55,680,000, an 8 percent increase from fiscal year 2023-24, resulting in an operating loss of \$25,701,000 compared to the prior year operating loss of \$53,435,000. The decrease in operating loss is attributable, in large part, to operating revenues growing more than operating expenses. Rate negotiations with payors and rate setting efforts on behalf of the clinics and increase in volumes contributed to a \$49,831,000 increase in claims-based reimbursement. A combined \$21,593,000 increase in Quality Incentive Program funding and Enhanced Payment Program funding earned during fiscal year 2024-25 also contributed to the increase in operating revenues.

The change in net position for all other enterprise funds except for the Medical System totaled an increase of \$4,154,000, compared to an increase of \$17,010,000 in fiscal year 2023-24. Operating revenues and expenses were \$150,840,000 and \$166,173,000, respectively, each representing an increase of 7 percent from the prior year.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

GENERAL FUND BUDGETARY HIGHLIGHTS

Original Budget Compared to Final Budget, June 30, 2025

Appropriations for the General Fund final budget, including transfers out, exceeded the original budget by \$140,449,000. Final budget appropriations for salaries and benefits increased in all areas except general government, primarily due to transfers of appropriations for vacation/annual leave buydowns. For control purposes, vacation/annual leave buydowns are budgeted in a general government budget unit and are transferred as related expenditures are incurred. Approximately \$18,808,000 was transferred in 2024-25. Services and supplies increased by \$55,831,000, primarily in general government. Capital outlay increased by \$46,218,000 for required maintenance projects that were reclassified from services and supplies, right-to-use assets (leases and subscriptions), and other projects approved during the year. Appropriations for transfers out increased by \$23,863,000. Approximately \$5,563,000 related to certain debt service costs, was budgeted in the General Fund for control purposes but reported in non-major debt service funds and was offset by decreases in debt service appropriations.

Final Budget Compared to Actual Expenditures and Revenues, June 30, 2025

The final budget appropriations for the General Fund exceeded actual expenditures, including transfers out, by \$353,169,000, while the final budget estimated revenues were more than actual revenues, including other financing sources, by \$97,728,000. The largest component of excess appropriations over expenditures was \$149,817,000 for services and supplies, primarily in general government, public protection, and health and sanitation services. Unexpended appropriations for services and supplies and capital outlay of \$95,467,000 were encumbered for expenditure in 2025-26. The largest revenue shortfall in comparison with the final budget was in aid from other governmental units in the amount of \$120,116,000, primarily due to the budgeting of multiyear grants.

Budgetary information is included in the Required Supplementary Information (RSI) section, which also contains Notes to the RSI.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets - Government-wide Financial Statements

The County's investment in capital assets for its governmental and business-type activities as of June 30, 2025, amounted to \$3,625,881,000 at cost or \$2,273,451,000 net of accumulated depreciation. This investment in capital assets includes land, easements, development in progress, land improvements, structures and improvements, equipment, vehicles, software, infrastructure, and right-to-use lease and subscription assets. The total increase in the County's investment in capital assets net of accumulated depreciation for the current period was 4 percent.

For government-wide financial statement presentation, all depreciable capital assets were depreciated from acquisition date to the end of the current fiscal year. Governmental fund financial statements record capital asset purchases as expenditures.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
(CONTINUED)**

Capital assets for the governmental and business-type activities are presented below to illustrate changes from the prior year (in thousands):

	Governmental Activities		Business-type Activities		Total		Total Percent Change
	2025	2024	2025	2024	2025	2024	
Land	\$ 55,090	\$ 53,743	\$ 23,188	\$ 23,188	\$ 78,278	\$ 76,931	2%
Easements	200,423	200,451	1,047	1,047	201,470	201,498	-%

Right-to-use subscription assets	67,030	47,769	13,038	11,958	80,068	59,727	34%
Less accumulated depreciation and amortization	(886,009)	(827,407)	(466,421)	(444,880)	(1,352,430)	(1,272,287)	6%
Total capital assets	<u>\$ 1,607,738</u>	<u>\$ 1,527,858</u>	<u>\$ 665,713</u>	<u>\$ 650,925</u>	<u>\$ 2,273,451</u>	<u>\$ 2,178,783</u>	4%

Major capital asset events during the current fiscal year included the following:

Development in progress had a net increase of \$46,488,000. Additions totaling \$112,531,000 included General Fund projects \$21,432,000, Fire Protection District projects \$30,110,000, Airports projects \$11,065,000, Medical System projects \$8,853,000, Information Technology Network projects \$3,842,000, Waterworks projects \$3,258,000, Roads projects \$14,276,000, VCIJIS project \$5,023,000, Watershed Protection District projects \$8,632,000, Mental Health Services Act project \$1,127,000, Transportation Projects \$1,050,000, and various other projects \$3,863,000. Reductions to development in progress totaled \$66,043,000. Major projects placed in service included the Property Tax Assessment and Collection software \$16,609,000, VCMC Fainer Pediatric Wing \$12,564,000, and VCMC Heliport \$6,151,000.

The County's infrastructure assets for both the watershed protection network and the roads network are recorded at historical cost in the government-wide financial statements as required by GASB 34.

Additional information on capital asset activity is provided in Note 7 of the Notes to the Basic Financial Statements.

**MANAGEMENT'S DISCUSSION AND ANALYSIS

Debt Administration - Government-wide Financial Statements

As of June 30, 2025, the County had total debt outstanding of \$376,805,000, excluding compensated absences and other liabilities. The following table summarizes the categories of debt. During the year, retirement of debt amounted to \$52,697,000 and additions amounted to \$53,214,000. The following table summarizes the debt outstanding balances at June 30, 2025 and 2024 (in thousands):

	Governmental Activities		Business-type Activities		Total	
	2025	2024	2025	2024	2025	2024
Certificates of participation and lease revenue bonds	\$ 8,643	\$ 12,498	\$ 251,207	\$ 263,800	\$ 259,850	\$ 276,298

For the fiscal year 2024-25, County debt limit is determined by statute at 1.25 percent of total assessed valuation or approximately \$2,328,430,000. The County's general obligation bonded debt subject to the debt limit is \$0, which is under the debt limit by \$2,328,430,000.

The County's debt utilization policy establishes the review process by the Financial Planning Committee before submission to the Board of Supervisors and central coordination by the County Executive Officer. The policy outlines a fiscally conservative basis for borrowing to include short-term needs and borrowing for certain assets with substantial economic lives. The benchmarks include County debt outstanding at less than one percent of the assessed valuation and debt service payments not greater than six percent of total General Fund expenditures.

At June 30, 2025, the County did not issue a new Tax and Revenue Anticipation Notes (TRAN) to meet cash flow requirements for operational needs.

Additional information on long-term debt activity is provided in Note 11 of the Notes to the Basic Financial Statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The fiscal year 2025-26 adopted budget for all County funds totals \$3,228,910,000, an increase of 6.1 percent when compared to the prior year. The General Fund 2025-26 budget of \$1,502,300,000 was structurally balanced using projected ongoing available financing sources. Year-end fund balance is not considered an ongoing financing source and is used to maintain policy-set fund balance levels and fund one-time expenditures.

Assessed property valuations increased by 4.2 percent for the 2025-26 fiscal year when compared with 2024-25. Property tax revenues were budgeted with an increase of 4.1 percent.

The 2025-26 budget includes an increase of 10 full-time equivalent position allocations as compared to prior year. In general, increases in appropriations are the result of negotiated salary increases, merit increases, and increased position allocations.

Subsequent to year-end, House Resolution 1 (H.R.1) was signed into law on July 4, 2025. The County is exposed to changes in federal policy, as a substantial portion of Countywide revenue is derived from federal sources that support essential County services.

H.R.1 includes provisions affecting healthcare funding and Medi-Cal eligibility that may increase the number of uninsured or underinsured residents and increase demand for uncompensated care at the Ventura County Medical System (VCMS). In addition, the legislation may affect certain supplemental hospital funding mechanisms that are significant to VCMS operations. The timing and extent of these impacts remain uncertain and are subject to federal and state implementation guidance.

Management will continue to monitor developments and assess potential operational and financial impacts, including possible implications for General Fund support.

Additional information is provided in the Notes to the Basic Financial Statements, as well as the transmittal letter on page 5 of this report.

REQUESTS FOR INFORMATION

County information is available on-line at: www.venturacounty.gov

The financial report is designed to provide a general overview of the County's finances for all those with an interest in the government's finances. Further requests for information on this report or for the separate report for the Public Financing Authority should be addressed to the Auditor-Controller, 800 South Victoria Avenue, Ventura, CA 93009-1540.

Questions concerning any of the information provided in this report regarding the discretely presented component unit, Children and Families First Commission, or requests for additional information should be addressed to the Executive Director, 2580 East Main Street, Suite 203, Ventura, CA 93003.

Questions concerning any of the information provided in this report or requests for additional information on the separate financial report of Ventura County Employees' Retirement Association should be addressed to the Retirement Administrator, 1190 South Victoria Avenue, Suite 200, Ventura, CA 93003-6572.

See accompanying notes to the basic financial statements

COUNTY OF VENTURA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND
CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE
GOVERNMENT-WIDE STATEMENT OF ACTIVITIES - GOVERNMENTAL ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(In Thousands)

Net change in fund balances - total governmental funds \$ 179,429

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense.

Expenditures for general capital assets and infrastructure	129,966	
Net effect of sales and dispositions	(2,390)	
Lease and liability terminations	995	
Less current year depreciation and amortization	<u>(59,627)</u>	68,944

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		(29,901)
--	--	----------

Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

Principal repayments:

Lease revenue bonds	3,181	
Revolving credit agreement	1,420	
Loans payable	327	
Lease liabilities	11,235	
Subscription liabilities	<u>3,370</u>	19,533

Issuance of long-term debt is reported as other financing sources in the governmental funds, but increases long-term liabilities in the statement of net position.

Revolving credit agreement	(3,500)	
Lease related	(14,326)	
SBITA related	<u>(13,632)</u>	(31,458)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. If applicable, these total changes are reflected net of related deferred outflows of resources and deferred inflows of resources.

Change in net other postemployment benefits (OPEB) liability	(126,049)	
Change in total pension liability (Management Retiree Health Benefit)	630	
Change in interest expense	(237)	
Change in medical malpractice	269	
Change in compensated absences	(7,065)	
Change in total OPEB asset (Subsidized Retiree Health Plan)	(1,152)	
Change in net pension liability	49,763	(83,841)

Internal service funds are used by management to charge the costs of certain activities to individual funds. The internal balance resulting from the allocation of internal service funds to business-type activities is also reported.

24,331

Change in net position of governmental activities **\$ 147,037**

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A) Reporting Entity

The County of Ventura, California (County) is a legal subdivision of the State of California and was established as a General Law County in 1873. It is governed by an elected five-member Board of Supervisors (Board) and provides the following services: general government, public protection, public ways and facilities, health and sanitation services, public assistance, education, and recreation and cultural services.

The governmental reporting entity consists of the County (Primary Government) and its component units. Component units are legally separate organizations for which the Board is financially accountable and has a financial benefit or burden relationship or other organizations whose nature and significant relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. Financial accountability is defined as the appointment of a voting majority of the component unit's board and either the County's ability to impose its will on the organization or the potential for the organization to provide a financial benefit to or impose a financial burden on the County.

The basic financial statements include both blended and discretely presented component units. The blended component units, although legally separate entities, are in substance, part of the County's operations, so data from these units are combined with data of the primary government. The discretely presented component unit, on the other hand, is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the primary government.

For financial reporting purposes, the County's basic financial statements include all financial activities that are controlled by or are dependent upon actions taken by the County's Board. The financial statements of the individual component units may be obtained by writing to the County of Ventura, Auditor-Controller's Office, 800 South Victoria Avenue, Ventura, CA 93009-1540.

Blended Component Units

Using the criteria established by Governmental Accounting Standards Board (GASB) Statement No. 14, The Financial Reporting Entity, as amended by GASB Statement No. 39, Determining Whether Certain Organizations are Component Units, GASB Statement No. 61, The Financial Reporting Entity: Omnibus, and GASB Statement No. 84, Fiduciary Activities, the County's management has determined that the following component units should be blended with activities of the County as follows:

- Special Revenue Funds – Watershed Protection District, County Service Areas, Fire Protection District, and the In-Home Supportive Services Public Authority;
- Enterprise Fund – Waterworks Districts and Camarillo Utility Enterprise;
- Debt Service Funds – Ventura County Public Financing Authority (PFA) and County Service Area #34;
- Capital Project Funds – the PFA.

The County is financially accountable for each of the blended component units. The basis for blending is that the County's Board acts as the governing board for the entities and management of the primary government has operational responsibility for the component unit.

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

Fiduciary Component Unit

Based on the criteria established by GASB Statement No. 84, *Fiduciary Activities*, the following component units have been determined to be fiduciary in nature:

- Pension and OPEB Trust Funds – Ventura County Employees' Retirement Association (VCERA), the County of Ventura Supplemental Retirement Plan (SRP), and the Retiree Medical Expense Reimbursement Plan (RMERP).

The County appoints a majority of the VCERA Retirement Board and is considered to have a financial burden as it is legally obligated to make contributions to the plan. The County Board of Supervisors acts as the Board for the SRP and RMERP, and the County is also considered to have a financial burden.

Discretely Presented Component Unit

Children and Families First Commission

The Children and Families First Commission (Commission) was established in December 1998, under the authority of the California Children and Families First Act of 1998 and sections 130100, et seq., of the Health and Safety Code. The Commission accounts for receipts and disbursements of California Children and Families First Trust Fund allocations and appropriations to the Commission. The Commission is a discretely presented component unit as the County Board appoints all members of the Commission's governing body and is able to impose its will because it can remove appointed members at will. The separate financial statements may be obtained from Children and Families First Commission, 2580 East Main Street, Suite 203, Ventura, CA 93003.

B) New Accounting Pronouncements

GASB Statement No. 101, *Compensated Absences*, effective for reporting periods beginning after December 15, 2023, provides guidance to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. The requirements of this Statement will improve financial reporting by establishing a unified recognition and measurement model for compensated absences that more appropriately reflects when a government incurs an obligation. The County implemented the new requirements for the fiscal year 2024-25 financial statements.

GASB Statement No. 102, *Certain Risk Disclosures*, effective for reporting periods beginning after June 15, 2024, provides essential information about risks related to government vulnerabilities. This statement requires a government to assess whether a concentration or constraint makes the primary government reporting units that report a liability for revenue debt vulnerable to the risk of a substantial impact. Additionally, this Statement requires a government to assess whether an event or events associated with a concentration or constraint that could cause the substantial impact to have occurred, have begun to occur, or are more likely than not to begin to occur within 12 months of the date the financial statements are issued. The County implemented the new requirements for the fiscal year 2024-25 financial statements.

The County is currently evaluating its accounting practices to determine the potential impact on the financial statements for the following GASB Statements:

GASB Statement No. 103, *Financial Reporting Model Improvements*, effective for reporting periods beginning after June 15, 2025, provides information that is essential for decision making and assessing a government's accountability. The requirements for MD&A will improve the quality of the analysis of changes from the prior year, which will enhance the relevance of that information. They also will provide clarity regarding what information should be presented in MD&A. The requirements for the separate presentation of unusual or infrequent items will provide clarity regarding which items should be reported separately from other inflows and outflows of resources. The requirement for presentation of major component unit information will improve comparability. Budgetary comparison information to be

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

presented as RSI will improve comparability. The County intends to implement the new requirements for the fiscal year 2025-26 financial statements.

GASB Statement No. 104, *Disclosure of Certain Capital Assets*, effective for reporting periods beginning after June 15, 2025, requires guidance of certain types of capital assets to be disclosed separately in the capital assets note disclosures. The requirements of this Statement will improve financial reporting by providing users of financial statements with essential information about certain types of capital assets to make informed decisions and assess accountability. Additionally, the disclosure requirements will improve consistency and comparability between governments. The County intends to implement the new requirements for the fiscal year 2025-26 financial statements.

C) Government-wide and Fund Financial Statements

Government-wide Financial Statements

The government-wide financial statements are prepared using the accrual basis of accounting and the economic resources measurement focus. The government-wide financial statements include capital assets, long-term liabilities, depreciation and amortization, accumulated depreciation and amortization, deferred outflows of resources, and deferred inflows of resources.

The statement of net position and statement of activities display information about the primary government (the County) and its component unit. These statements distinguish between the *governmental* and *business-type activities* of the County and between the County and its discretely presented component unit. Governmental activities, which are primarily supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities and for each segment (different identifiable activities) of the business-type activities of the County. Direct expenses are those that are specifically associated with a program or function and are clearly identifiable to a particular function. Program revenues include 1) charges paid by the recipients of goods or services offered by the programs and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented instead as general revenues.

The internal service funds' activity, except for interfund services provided and used, is eliminated and net balances are primarily included in the governmental activities, with a lesser amount included in the business-type activities, because the internal service funds predominantly serve the governmental funds. Fiduciary funds are not reported on the government-wide financial statements. When restricted and unrestricted net position are available, restricted resources would generally be considered to be used first, with the unrestricted resources used as they are needed.

Fund Financial Statements

The governmental fund financial statements are prepared under the modified accrual basis of accounting and the current financial resources measurement focus. The proprietary and fiduciary fund financial statements are prepared using the accrual basis of accounting and the economic resources measurement focus. They provide information about the County's funds, including fiduciary funds and blended component units. Separate statements for each fund category – *governmental*, *proprietary* and *fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds; each is displayed in a separate column. All remaining governmental and enterprise funds are separately aggregated and reported as non-major governmental and non-major enterprise funds.

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

Because the governmental fund financial statements are presented on a different measurement focus and basis of accounting than the government-wide financial statements, a reconciliation is presented which explains the adjustments necessary to reconcile fund financial statements to the government-wide financial statements.

Proprietary fund *operating* revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. *Nonoperating* revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities. Operating expenses, including salaries and benefits, services and supplies, and depreciation and amortization, represent the costs of providing goods and services to customers. Nonoperating expenses are those expenses such as losses from disposal of capital assets and interest expense that do not result from the principal activity of the fund but from secondary or auxiliary activities.

The County reports the following major governmental funds:

The General Fund is used to account for all revenues and expenditures necessary to carry out basic governmental activities of the County that are not accounted for through other funds. For the County, the General Fund includes such activities as general government, public protection, health and sanitation, public assistance, education, and debt service.

The Fire Protection District Special Revenue Fund provides fire protection to the unincorporated areas of the County as well as the cities of Camarillo, Moorpark, Ojai, Port Hueneme, Santa Paula, Simi Valley, and Thousand Oaks. Support is principally from property taxes and aid from other governmental units. These funds are restricted for the purpose of the fund.

The County reports the following major enterprise funds:

The Medical System Fund is part of the County Health Care Agency which operates a two campus hospital. The main campus in Ventura is a general acute care facility providing emergency room, inpatient, and mental health inpatient services. The Santa Paula campus is licensed and accredited as part of Ventura County Medical System (VCMS) and is licensed for 49 acute beds. VCMS maintains comprehensive neonatal, emergency and outpatient medical care programs. Outpatient care is provided by a fully integrated system of nineteen community-based clinics and nine specialty clinics located throughout the County. It also provides support services to related public and mental health programs administered by the Health Care Agency. The fund provides indigent care which is subsidized, in part, by transfers from the General Fund for such services.

The Waterworks Districts Fund performs necessary administrative, maintenance, and operations functions to provide uninterrupted water delivery services and sewer collection and disposal services to various communities of Ventura County. These districts include Waterworks Districts 1, 16, 17, 19, 38, and Camarillo Utility Enterprise Sanitation fund.

The County reports the following additional funds and fund types:

The Permanent Fund accounts for resources of the George D. Lyon Book Fund, which was established by a bequest with the legal restriction that only earnings of the fund, and not principal, may be used for the purchase of books for the Foster Library in Ventura, CA.

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

Internal Service Funds account for the County's fleet maintenance, engineering, construction, and maintenance services, network services and information systems, general services, and self-insurance programs – workers' compensation, long-term disability, employee benefits, medical malpractice, and general insurance on a cost-reimbursement basis.

Pension Trust Funds account for the assets, contributions, and benefit payments of VCERA which was established under the provisions of the County Employees Retirement Law of 1937 on January 1, 1947, SRP, established on January 1, 1992, under provisions of the Internal Revenue Code Section 401(a), and RMERP, whose Trust was established on July 1, 2023, under provisions of the Internal Revenue Code Section 115.

The Investment Trust Fund is used to report fiduciary activities from the external portion of the Investment Pool that are held in a trust or equivalent arrangement. Participants include school and community college districts, special districts governed by local boards, and authorities that are required to keep cash in the County Treasury.

Private-purpose Trust Funds are fiduciary fund types used by the County to report trust arrangements under which principal and income benefit specific beneficiaries. These funds report the assets, liabilities, and activities of the Ventura County Redevelopment Successor Agency (Successor Agency), Public Guardian, and Public Administrator.

Custodial Funds are used to report activities carried out exclusively for the benefit of those outside of the County but not administered through other fiduciary fund types. These include unapportioned property taxes and other custodial funds. The External Investment Pool is used to report fiduciary activities of external participants that are not required to keep cash in the County Treasury.

D) Measurement Focus and Basis of Accounting

The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting.

Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property and sales taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from sales taxes is recognized when the underlying transactions take place. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Sales taxes, interest, certain state and federal grants, and charges for services are accrued when their receipt occurs within six months following the end of the fiscal year. Property taxes are accrued if they are collectible within 60 days after the end of the accounting period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, claims, and judgments, are recorded only when payment is due. General capital asset acquisitions and general principal payments are reported as expenditures in governmental funds. Proceeds of general long-term debt as well as increases to leases and SBITAs are reported as other financing sources.

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

E) Cash and Investments

For purposes of reporting cash flows, cash and investments and cash equivalents include cash in banks and investments held by the County Treasurer in a cash management pool generally with original maturities of 90 days or less. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of investments is determined using the fair value hierarchy established by GASB Statement No. 72, *Fair Value Measurement and Application* (GASB 72). The fair value of participants' aggregate position in the pool is the same as the aggregate value of the pool shares. The participants share a ratable portion of the pool's activity and its value based on average daily balances. VCERA investments are presented at fair value as valued by VCERA's custodian. For SRP and RMERP, investment income components (interest, dividends, and net increase or decrease in fair value) are determined at year-end as reported by the various trustees and custodians on the accrual basis.

F) Inventories and Other Assets

Inventories consisting of materials and supplies, are valued at cost, approximating market value, primarily on a first-in, first-out (FIFO) basis. The costs of governmental fund inventories are recorded as expenditures when consumed, rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. Inventories and prepaid items recorded in governmental funds are offset by nonspendable fund balance to indicate the portion of fund balance that is not in spendable form.

G) Capital Assets

Capital asset components consist of land, easements, developments in progress, land improvements, structures and improvements, equipment, vehicles, software, infrastructure, right-to-use subscription assets, right-to-use structures and improvements, and right-to-use equipment. The County defines capital assets as assets with an estimated useful life in excess of one year. Developments in progress include constructions in progress and subscription software in development.

The capitalization level and estimated useful lives are as follows:

<u>Category</u>	<u>Capitalization Level</u>	<u>Useful Life</u>
Land improvements	\$5,000	5-75
Structures and improvements	\$25,000, except \$5,000 for Airports, and \$50,000 for Waterworks	20-75*
Equipment	\$5,000	2-30
Vehicles	\$5,000	2-25
Software	\$5,000, purchased software; \$50,000, internally generated software	3-15
Infrastructure	All new construction and major renovations are capitalized	40-100
Right-to-use subscription assets	\$200,000	3-10
Right-to-use structures and improvements	\$100,000	2-15
Right-to-use equipment	\$5,000	2-15

* Except for certain fixed equipment which may have a shorter useful life.

The County has two networks of infrastructure assets – roads and watershed protection. The roads network includes roads, bridges, and traffic signals. The watershed protection network includes flood channels, debris dams, detention basins, pump stations, and rights of way.

Capital assets are recorded at historical cost or at estimated historical cost if actual historical cost is not available. Assets acquired from donations and public-private partnerships arrangements are valued at their acquisition value on the date contributed. Self-constructed assets, including structures and improvements and internally generated software, are recorded at the amount of direct labor, material, and costs incurred.

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

Acquisitions of capital assets are recorded as expenditures in the governmental funds statement. Capital assets are capitalized and depreciated/amortized on the government-wide and the proprietary funds statements. Land, easements, developments in progress, and assets not used in operations are not depreciated. Other components used in operations are depreciated or amortized using the straight-line method over the lower of their estimated useful lives or term of the lease or subscription. The County has elected the depreciation approach for infrastructure.

Right-to-use lease assets are recognized at the lease commencement date and represent the County's right to use an underlying asset for the lease term. Right-to-use lease assets are recorded at the initial value of the lease liability plus any payments made to the lessor before commencement of the lease term, less any lease incentives received from the lessor at or before the commencement of the lease term, plus any initial direct costs necessary to place the lease asset into service. Right-to-use lease assets are amortized over the shorter of the lease term or useful life of the underlying asset using the straight-line method.

Right-to-use subscription assets are recognized at the commencement of the subscription term and represent the County's obligations as a subscriber to make subscription payments arising from the arrangement. Right-to-use subscription assets are recorded as the initial subscription liability amount plus payments made to the vendor at the commencement of the subscription term and capitalizable implementation costs, reduced by any incentives received from the vendor at or before the commencement of the subscription term. Right-to-use subscription assets are amortized over the shorter of the subscription term or the useful life of the underlying asset.

Maintenance and repairs are charged to operations when incurred. Betterments and major improvements which significantly increase values, change capacities or extend useful lives are capitalized. Upon sale or retirement of capital assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

H) Deferred Outflows of Resources

Deferred outflows of resources represent a consumption of net assets that apply to future reporting periods and will not be recognized as an expense/expenditure until then. The County has deferred outflows of resources related to pension and OPEB and the deferred loss on refunding. The deferred amounts for pension and OPEB relate to differences between estimated and actual investment earnings, changes in actuarial assumptions, and other pension and OPEB related changes. The deferred loss on refunding resulted from the difference between the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

I) Leases

In accordance with GASB Statement No. 87, *Leases* (GASB 87), leases are defined as financings of the right to use an underlying asset.

Lease receivables and the corresponding deferred inflow represent the County's expected future returns as lessor. They are recorded at the present value of future lease payments expected to be received from the lessee during the lease term, reduced by any provision of estimated uncollectible amounts. Lease receivables are subsequently reduced over the life of the lease as cash is received in the applicable reporting period. The present value of future lease payments to be received are discounted based on the rate provided in the lease contract or if not available, the imputed interest rate that was calculated using the Applicable Federal Rate (AFR) as published by the Internal Revenue Services for June of the prior fiscal year plus a margin of 2%.

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

Lease liabilities and the corresponding right-to-use lease assets represent the County's obligations as a lessee to make lease payments arising from the lease. Lease liabilities are recognized at the lease commencement date based on the present value of future lease payments expected to be made during the lease term. The present value of lease payments are discounted based on the rate provided in the lease contract or, if not available, the borrowing rate determined by the County from Indicative Interest Rate Scales as of June 1 of the prior fiscal year.

J) Subscription-based Information Technology Arrangements

In accordance with GASB Statement No. 96, *Subscription-Based Information Technology Arrangements* are agreements that provide the County with the right-to-use subscription assets, alone or in combination with tangible capital assets, as specified in the contract for a period of time in an exchange or exchange-like transaction.

At the commencement of the subscription term, a right-to-use subscription asset and a corresponding subscription liability are recognized. Subscription liabilities and the corresponding right-to-use subscription assets represent the County's obligations as a subscriber to make subscription payments arising from the arrangement. The subscription liability is recorded at the present value of future payments, including fixed payments, variable payments that are fixed in substance and any other payments made to the SBITA vendor associated with the contract that are reasonably certain of being required. The present value of future payments is discounted based on the rate provided in the software agreement or if not available, the borrowing rate determined by the County from Indicative Interest Rate Scales as of June 1 of the prior fiscal year. Amortization of the discount on the subscription liability is recorded as interest expense and reported as an outflow of resources.

The right-to-use subscription asset is recorded at the initial subscription liability amount plus payments made to the SBITA vendor at the commencement of the subscription term and capitalizable implementation costs, reduced by any incentives received from the SBITA vendor at or before the commencement of the subscription term. Subscription payments as well as capitalizable initial implementation costs made to the SBITA vendor before the commencement of the subscription term are reported in development in progress and are reclassified to the subscription asset at the commencement of the term. The right-to-use subscription assets are amortized in a systematic and rational manner over the shorter of the subscription term or the useful life of the underlying asset. Amortization of the right-to-use subscription assets are reported as an outflow of resources.

K) Pensions and Other Postemployment Benefits (OPEB)

Net Pension Liability (Asset) and Related Balances – VCERA and SRP

For purposes of measuring the net pension liability, deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the County's pension plans and additions to/deductions from the plans' fiduciary net positions have been determined on the same basis as they are reported by the VCERA and the SRP. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Total Pension Liability and Related Balances – Management Retiree Health Benefits Program

For purposes of measuring the total pension liability, deferred outflows/inflows of resources related to pensions, and pension expense have been determined on the same basis as they are reported by the Management Retiree Health Benefits Program. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

Net OPEB Liability (Asset) and Related Balances – VCDSA, RMERP, and VCPFA

For purposes of measuring the net OPEB liability (asset), deferred outflows/inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Ventura County Deputy Sheriffs' Association (VCDSA) Retiree Medical Reimbursement Plan (RMERP), and the Ventura County Professional Firefighters' Association (VCPFA) Premium Reimbursement Plan and additions to/deductions from the plans' fiduciary net positions have been determined on the same basis as they are reported by the VCDSA Retiree Medical Reimbursement Plan and the VCPFA Premium Reimbursement Plan. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Total OPEB Liability and Related Balances – Subsidized Retiree Health Benefits Program

For purposes of measuring the total OPEB liability, deferred outflows/inflows of resources related to OPEB, and OPEB expense have been determined on the same basis as they are reported by the Subsidized Retiree Health Benefits Program. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms.

L) Compensated Absences

County policy permits employees to accumulate earned but unused vacation, sick pay, and compensatory time up to a specified maximum, per the employees' respective leave policies. In accordance with GASB Statement No. 101, a liability is recognized for all vacation pay and compensatory time. For sick leave, a liability is recognized for the sick leave more likely than not to be used, or if the employee is eligible for a cash out of sick leave at the time of separation from service with the County. The County records the liability, including employer related cost, as both current and noncurrent liabilities in the Statement of Net Position in the government-wide and proprietary fund financial statements.

M) Interfund Transactions

Interfund transactions are reflected as loans, services provided or used, reimbursements, or transfers. Loans are reported as receivables and payables as appropriate, and are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans) and are subject to elimination upon consolidation. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances". Advances between funds, as reported in the fund financial statements, are offset by nonspendable fund balance in the General Fund and as restricted, committed, or assigned fund balance in other governmental funds as applicable.

Services provided or used and deemed to be at market or near market rates, are treated as revenues and expenditures or expenses. Reimbursements are repayments (adjustments to the expenditures or expenses) from the funds responsible for certain expenditures or expenses to the funds that initially paid for them. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide presentation.

N) Deferred Inflows of Resources

Deferred inflows of resources represent an acquisition of net assets that apply to future reporting periods and will not be recognized as revenue until that time. The County has deferred inflows of resources related to pension and OPEB, the deferred gain on refunding, public-private partnership arrangements, leases, and unavailable revenue. The deferred amounts related to pension and OPEB relate to differences between estimated and actual investment earnings, changes in actuarial assumptions, and other pension and OPEB related changes. The deferred gain on refunding resulted from the difference between the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Public-private partnership arrangements and leases

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

are required to report contractual future installment and rent payments as deferred inflows. The County reports deferred amounts for unavailable revenue that has not met the County's availability period based on the modified accrual basis of accounting in the governmental funds. The unavailable revenue reported as a deferred inflow of resources in the governmental funds is then recognized as revenue based on the accrual basis of accounting in government-wide financial statements.

O) Fund Balance Policy

The County has adopted a policy to achieve a minimum level of unassigned fund balance in the General Fund of 10 percent of total appropriations/revenue, with a long-term goal of 15 percent.

P) Estimates

The preparation of basic financial statements in conformity with Generally Accepted Accounting Principals (GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Q) Reclassifications

Certain prior year balances may have been reclassified in order to conform to current year presentation. These reclassifications had no effect upon reported net position.

NOTE 2 - CHANGE IN ACCOUNTING PRINCIPLE

For fiscal year 2024-2025, the County implemented the new accounting standard GASB Statement No. 101, *Compensated Absences*, which requires liabilities for compensated absences to be recognized if the leave for services is rendered and is more than likely than not to be used for paid time off or settled in cash.

This resulted in adjustments and restatements of net position as follows (in thousands):

	June 30, 2024, as previously presented	Change in Accounting Principle	June 30, 2024, as restated
Government-wide:			
Governmental Activities	\$ 2,973,614	\$ (9,923)	\$ 2,963,691

NOTE 3 - CASH AND INVESTMENTS

The County sponsors an Investment Pool that is managed by the County Treasurer for the purpose of increasing interest earnings through investment activities. Cash and investments for most County activities are included in the Investment Pool. The respective funds' shares of the total pool are included in the accompanying basic financial statements under the captions "Cash and investments" and "Restricted cash and investments." Cash and investments managed separately from the Investment Pool include those of the PFA, VCERA, SRP, and RMERP.

The Investment Pool is comprised of internal and external pool participants. The internal pool participants include the funds and component units of the reporting entity and are reported in the various County funds. The external pool participants include legally separate entities, which are not part of the sponsor's reporting entity. The external

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

investment component of the Investment Pool is reported in the accompanying financial statements in the investment trust fund or external investment pool custodial fund within the fiduciary funds and uses the economic resources measurement focus and accrual basis of accounting.

The County has adopted an Investment Policy Statement (IPS), which complies with the requirements of the California Government Code, and serves as the basis for the type of investments, maturity limit, credit rating, and diversification of securities comprising the Investment Pool. The objectives of the IPS are safety of principal, maintenance of liquidity, and earning a competitive rate of return.

Investments permitted by the IPS include obligations of the U.S. Treasury, agencies and instrumentalities, or commercial paper rated A-1 or better by Standard and Poor's Ratings Services (S&P), P-1 by Moody's Investors Service, or F1 or better by Fitch Ratings, Supranationals rated AAA by S&P, bankers' acceptances, repurchase agreements, corporate notes, negotiable certificates of deposit and Yankee certificates of deposit, obligations of the State of California, and obligations of any local agency within California.

Pursuant to Government Code 27130-27137, the Board of Supervisors established the Treasury Oversight Committee (TOC) which monitors and reviews the IPS. The TOC consists of Ventura County officials, representatives from various pool participants, and members of the public.

Total cash and investments, including restricted, at fair value as reported at June 30, 2025, are as follows (in thousands):

Governmental activities	\$ 1,855,219
Business-type activities	<u>104,249</u>
Primary government	1,959,468
Component unit	<u>21,981</u>
Total government-wide	<u>1,981,449</u>

Cash

The cash portion of cash and investments includes cash equivalents and demand deposits.

At June 30, 2025, the carrying amount of the County's cash was \$256,168,000, and the bank balance per various institutions was \$323,543,000. Treasury cash of \$94,402,000 is net of outstanding checks of \$67,375,000. Treasurer's pool investments are managed daily to maximize earnings and provide cash as needed. Of the bank balance in financial institutions, \$571,000 is covered by federal depository insurance and \$322,972,000 was uninsured. The uninsured deposits were held by financial institutions, which are legally required by the California Government Code

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

(GC) to collateralize the County's deposits by pledging government securities or first trust deed mortgage notes. In accordance with GC 53652, the market value of the pledged securities and first trust deed mortgage notes must be at least 110 percent and 150 percent of the County's deposits, respectively, as provided for in the County's Contract for Deposit of Monies.

Restricted cash and investments in the amount of \$1,715,000 are held in the proprietary funds and include \$215,000 that is restricted by trust agreements for funding capital projects and debt service. Of this, none is held with fiscal agents and \$215,000 is held in the County Treasury. In addition, \$1,500,000 is restricted for Health Care Plan tangible net equity deposit and is held in the County Treasury. The \$1,500,000 for Health Care Plan is included in cash and cash equivalents on the Statement of Cash Flows.

Investments—Investment Pool (Treasury)

Fair value calculations at fiscal year-end for the Investment Pool are based on market values provided by the County's investment custodian. The net change in fair value from carrying value at June 30, 2025, amounted to an increase of \$51,487,000. The net change in fair value from June 30, 2024 to June 30, 2025, was an increase of \$37,310,000.

The Investment Pool maintains investments in two investment pools regulated by the California Government Code: (1) the State of California Local Agency Investment Fund (LAIF), (2) CalTRUST, and (3) California Asset Management Program (CAMP). LAIF is regulated by Code Section 16429 under the oversight of the Treasurer of the State of California. CalTRUST is a joint powers authority governed by a Board of Trustees of investment officers and policy-makers of the public agency members. CAMP is a joint powers authority regulated by Code Section 53601(p) and directed by a Board of Trustees of local government finance directors and treasurers. At June 30, 2025, the County's investments in LAIF, CalTRUST, and CAMP were \$55,000,000, \$25,000,000, and \$20,000,000, respectively. Each investment approximates fair value and is the same as the value of the pool shares, which is determined on a full cost basis.

The County is not registered with the Securities and Exchange Commission as an investment company. No legally binding guarantees have been provided during the period to support the value of shares in the pool. Investment earnings are allocated based on the average daily balance in the Investment Pool for the calendar quarter. The earnings are distributed to participants once or twice per quarter as cash is received.

The Investment Pool includes both voluntary and involuntary participants for whom cash and investments are held by the County Treasurer. The total percentage share of the Investment Pool related to involuntary participants is

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

estimated at 53 percent. Legal provisions require certain special districts to maintain surplus cash in the Investment Pool including public school districts, cemetery districts, recreation and park districts, and the Air Pollution Control District.

Requests for additional information or the separately issued financial statements of the Investment Pool can be addressed to the County Treasurer-Tax Collector, 800 South Victoria Avenue, Ventura, CA 93009-1290.

Investment Policy – Pension and OPEB Trust

The VCERA, in accordance with state statutes, invests in any form or type of investment, financial instrument, or financial transaction deemed prudent in the informed opinion of the Board. The Board's investment policy allows investment to the entire global fixed income market (maturities 1 to 30 years), including treasury and government agency bonds, corporate debt, mortgages, asset-backed securities, and international and emerging markets. Under GAAP, VCERA investments are presented at fair value and are in the custody of, or controlled by, State Street Bank and Trust, the master custodian for the majority of VCERA's assets.

The SRP and RMERP adopt investment policies, which emphasizes safety, diversification, and yield, and follow the “prudent investor rule” as required by the Employment Retirement Income Security Act of 1974. Investments permitted by the policies include fixed income and equity mutual funds. Fair value calculations at fiscal year-end are based on market values provided by the custodians of the SRP and RMERP.

Risk Disclosures – Investment Pool

Custodial Credit Risk

Custodial credit risk is the risk that the County will not be able to recover the value of its deposits, investments, and collateral securities that are in possession of an outside party. For deposits, this risk is mitigated through federal depository insurance coverage and collateralization in accordance with California Government Code Section 53652. Information about the composition of insured and uninsured deposits at June 30, 2025, is provided in the section “Cash.” For investments, the County utilizes third-party delivery versus payment to mitigate risk. Further, all securities owned by the County are held by a third-party custodian in their trust department.

Credit Risk

State law and the IPS limit investments in commercial paper to those with the rating of A-1 or better by S&P's, P-1 by Moody's Investors Service, or F1 or better by Fitch Ratings. State law and IPS limits investment in medium term notes to a rating of A or better by S&P's, A2 or better by Moody's Investors Service, or A or better by Fitch Ratings. State law does not limit investments in Municipal notes, bonds, and other obligations; the IPS limits the long-term ratings to A or higher by S&P. The County does not have credit limits on government agency securities. Certificates of deposit are required to be insured by the FDIC.

Concentration of Credit Risk

State law and the IPS limit investments in commercial paper to 40 percent of the investment pool and 10 percent of the investment pool per issuer. State law limits investments in medium term notes to 30 percent of the investment pool; the IPS limit is 20 percent of the investment pool. State law and the IPS limit investments in negotiable certificates of deposit to 30 percent of the investment pool.

The following is a summary of the concentration of credit risk as a percentage of the Investment Pool's fair value at June 30, 2025:

Investment	Percentage of Investment Pool
U. S. Treasury	27.72 %
Federal Home Loan Bank	8.97 %
Federal Farm Credit Bank	7.91 %

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

Investment	Percentage of Investment Pool
<i>Table continues from previous page</i>	
Combined Individual Issuers less than 5% of Portfolio:	
Yankee Certificate of Deposits	21.77 %
Commercial Paper	8.68 %
Medium-Term Corporate Notes	7.27 %
Inter-American Dev Bank	4.70 %
International Bank Recon & Development	4.16 %
International Finance Corp	3.37 %
Federal Home Loan Mortgage Association	1.41 %
Federal National Mortgage Association	1.37 %
LAIF	1.20 %
CalTRUST	0.54 %
Municipal Bonds	0.49 %
Camp Reserve	0.44 %
Total	<u>100.00 %</u>

Interest Rate Risk

Through its IPS, the County manages its exposure to fair value losses arising from increasing interest rates by limiting the weighted average maturity of the Investment Pool's holdings to 375 days. At June 30, 2025, the weighted average maturity of the Investment Pool was 297 days.

Risk Disclosures – VCERA

Custodial Credit Risk

VCERA considers investments purchased with a maturity of 12 months or less to be short-term investments. Although not having a policy that specifically addresses the limiting of custodial credit risk, VCERA, in practice, limits custodial credit risk for deposits by maintaining substantially all cash and short-term investments in external investment pools managed by the County of Ventura and State Street Bank and Trust. All other investment securities are held by State Street Bank and Trust in VCERA's name. Effective July 1, 2021, VCERA no longer maintains a commercial bank account with depository insurance coverage from the Federal Deposit Insurance Corporation (FDIC). As of June 30, 2025, VCERA had the following cash and short-term investments (in thousands):

State Street Bank and Trust	\$ 138,960
County of Ventura Treasurer's Investment Pool	<u>16,327</u>
Total	<u>\$ 155,287</u>

Credit Risk

VCERA requires its overall weighted fixed income holdings to be rated at a minimum AA by S&P, Aa by Moody's, or AA by Fitch Rating. Aggregated amounts by rating category using S&P ratings at June 30, 2025, are as follows (in thousands):

<u>Separate Holdings</u>	
AAA	\$ 19,657
AA	7,647
A	36,084
BBB	40,525
BB	52,593
B	5,886
CCC	2,418
No Rating	<u>172,790</u>
Total Separate Holdings	<u>337,600</u>

COUNTY OF VENTURA

FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

Table continues from previous page

<u>Pooled Investments</u>	
AAA	380,304
AA	11,358
A	50,051
BBB	72,704
BB	15,526
B	6,525
CCC	1,699
CC	2,072
No Rating	139,230
Total Pooled Investments	679,469
Total Portfolio	<u>\$ 1,017,069</u>

Note - The Total Portfolio amount does not agree to the Fixed Income amount in the Investment Section of the Statement of Fiduciary Net Position due to one investment classified under "Equities" having fixed income holdings.

Overall, VCERA's fixed income holdings were rated A at June 30, 2025.

Concentration of Credit Risk

VCERA had no single issuer that exceeds 5 percent of total investments per GASB Statement No. 40 disclosure requirements or any one issuer which represents 5 percent or more of total fiduciary net position in accordance with GASB Statement No. 67. Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are exempt from the disclosure requirements. The VCERA's investment policy does not allow more than 5 percent of the total portfolio fair value to be invested in any one issuer.

Interest Rate Risk

VCERA has developed a policy to limit the duration of VCERA's fixed income portfolio to ± 20 percent of the broad fixed income market as defined by the Bloomberg Barclays U.S. Aggregate Bond Index and Bloomberg Barclays Global Aggregate Bond Index. Duration is an investment's exposure to fair value change arising from a change in interest rates, by investment category.

Amounts held as of June 30, 2025, are as follows (in thousands):

<u>Category</u>	<u>Amount</u>	<u>Duration (Years)</u>
Treasury	\$ 101,715	7.10
Agency	264,168	1.70
Mortgage-Backed	177,337	2.60
Asset-Backed	56,621	4.00
Credit	416,782	5.80
Other	446	-
Total	<u>\$ 1,017,069</u>	<u>3.00</u>

Notes - The duration of the Bloomberg Barclays Aggregate Bond Index as of June 30, 2025 was 4.7 years. Also, the Total Portfolio amount does not agree to the Fixed Income amount in the Investment Section of the Statement of Fiduciary Net Position due to one investment classified under "Equities" having fixed income holdings.

Foreign Currency Risk. Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or deposit. VCERA's authorized managers are permitted to invest in approved countries or regions, as stated in their respective investment guidelines.

The schedule below represents VCERA's exposure to foreign currency risk in U.S. dollars. VCERA is invested in several non-U.S. commingled funds. This means VCERA owns units of commingled funds, and the fund holds actual securities and/or currencies.

COUNTY OF VENTURA

Other/Emerging Markets	32,777	348,938
Total Securities Subject to Foreign Currency Risk	<u>\$ 61,472</u>	<u>\$ 1,601,809</u>

Securities Lending. VCERA, under provisions of state statutes, and its investment policy, authorizes State Street Bank and Trust to act as agent in lending VCERA's securities to broker-dealers and other entities in the form of a loan agreement. Borrowers were required to deliver collateral in an amount equal to not less than 100 percent, and typically 102 percent, of the fair value of securities borrowed.

As of June 30, 2025, VCERA had no credit risk exposure because the amounts VCERA owed the borrowers exceeded the amounts the borrowers owed VCERA. State Street Bank and Trust indemnified VCERA by agreeing to purchase replacements securities, or return cash collateral, in the event a borrower failed to return a lent security or pay distributions while the security was on loan. VCERA and the borrowers maintained the right to terminate all securities lending transactions on demand. The cash collateral received on each loan was invested with cash collateral of other qualified tax-exempt plan lenders in a collective investment pool. Because loans were terminable at will, their maturity did not generally match the maturity of the investments made with cash collateral. VCERA cannot pledge or sell collateral securities without borrower default. As of June 30, 2025, VCERA had securities on loan with a fair value of \$7.0 million, with collateral of \$24.9 million.

VCERA's net securities lending income for the fiscal year ended June 30, 2025, was as follows (in thousands):

Gross Income	\$ 2,588
Expenses:	
Borrower Rebates	2,194
Management Fees	119
Net Securities Lending Income	<u>\$ 275</u>

Derivative Financial Instruments. As part of VCERA's investment policy, investment managers are allowed the use of derivatives. Derivatives are financial instruments that derive their value, usefulness, and marketability from an underlying instrument which represents direct ownership of an asset or of an issuer whose payments are based on or "derived" from the performance of an agreed upon benchmark. Values of derivatives change daily. VCERA's managers are required to mark-to-market derivative positions daily. Within VCERA's investment policy, specific guidelines are put forth with investment managers who invest in derivatives. Substitution, risk control, and arbitrage are the only derivative strategies permitted; speculation is prohibited. No contingent features are present. Derivatives are carried as assets when their fair value is positive and as liabilities when their fair value is negative. Gains and losses from derivatives are included in the Statement of Changes in Fiduciary Net Position. For financial reporting purposes, all of VCERA's derivatives are classified as investment derivatives. The following types of derivatives are permitted: futures contracts, currency forward contracts, options, and swaps.

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

Futures. Futures are financial agreements to buy or sell an underlying asset at a specified future date and price. Futures contracts are standardized contracts traded on organized exchanges and they are marked-to market daily. The futures exchange reduces counterparty credit risk by acting as a central counterparty. It does this by collecting a daily margin payment from one trade participant and crediting it to the other, based on price changes in the underlying asset.

Currency Forwards. A forward contract represents an agreement to buy or sell an underlying asset at a specified future date for a specified price. Payment for the transaction is delayed until the settlement or expiration date. A forward contract is a non-standardized contract that is tailored to each specific transaction. Forward contracts are privately negotiated and are intended to be held until the settlement date. Currency forward contracts are used to control currency exposure and facilitate the settlement of international security purchase and sale transactions. The following analysis is as of June 30, 2025 (in thousands):

Currency	Options	Currency Forward Contracts		Swap Agreement	Net Exposure
		Net Receivables	Net Payables		
Australian Dollar	\$ -	\$ -	\$ (31)	\$ -	\$ (31)
Canadian Dollar	-	-	(5)	-	(5)
Euro Currency Unit	-	-	(25)	-	(25)
British Pound Sterling	-	-	(47)	-	(47)
Japanese Yen	-	(1)	(2)	-	(3)
Subtotal	-	(1)	(110)	-	(111)
U.S. Dollar	241	-	-	(757)	(516)
Total	<u>\$ 241</u>	<u>\$ (1)</u>	<u>\$ (110)</u>	<u>\$ (757)</u>	<u>\$ (627)</u>

Option Contracts. An option is a type of derivative security in which a buyer (purchaser) has the right, not the obligation, to buy or sell a specified amount of an underlying security at a fixed price by exercising the option before its expiration date. The seller (writer) has an obligation to buy or sell the underlying security if the buyer decides to exercise the option.

Swap Agreements. A swap is an agreement between two or more parties to exchange a sequence of cash flows over a period of time in the future. No principal is exchanged at the beginning of the swap. The cash flows the counter parties exchange are tied to a “notional” or contract amount. A swap agreement specifies the time period over which the periodic payments will be exchanged. The fair value represents the gains or losses as of the prior marking-to-market, which are functions of general interest rate fluctuations.

The investment derivatives schedule listed below reports the net appreciation (depreciation) in fair value and related fair value amounts as of June 30, 2025, and the notional amounts for derivatives outstanding, classified by derivative type (in thousands).

Derivative Type	Net Appreciation (Depreciation) in Fair Value	Fair Value	Notional Value (Dollars)	Notional Shares(Units)

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

All investment derivative positions are included as part of investments at fair value on the Statement of Fiduciary Net Position. All changes in fair value are reported as part of Net Appreciation/(Depreciation) in Fair Value of Investments in the Statement of Changes in Fiduciary Net Position.

Counterparty Credit Risk. VCERA is exposed to credit risk on investment derivatives that are traded over-the-counter and are reported in asset positions. Derivatives exposed to credit risk include currency forward contracts and certain swap agreements. To minimize counterparty credit risk exposure, VCERA's investment managers continually monitor credit ratings of counterparties. In addition, collateral provided by the counterparty reduces VCERA's counterparty credit risk exposure. Should there be a counterparty failure, VCERA would be exposed to the loss of the fair value of derivatives that have unrealized gains and any collateral provided to the counterparty, net of applicable netting arrangements. VCERA requires investment managers to have master agreements in place to minimize credit risk. Netting arrangements provide VCERA with a legal right of setoff in the event of bankruptcy or default by the counterparty.

The following schedule displays the fair value of investments with each counterpart's S&P, Fitch, and Moody's credit rating by counterparty name alphabetically, as of June 30, 2025 (in thousands):

Counterparty Name	Fair Value	S&P Rating	Fitch Rating	Moody's Rating
Goldman Sachs CME	\$ 91	BBB+	A	A2
UBS CME	64	A+	A+	Aa2
Total	<u>\$ 155</u>			

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Interest rate swaps are an example of a derivative investment that is highly sensitive to interest rates changes. These investments are disclosed in the following table, not including holdings within commingled structure, as of June 30, 2025 (in thousands):

Derivative Type	Notional Value (Dollar)	Fair Value	Less than 1	1 - 5	6 - 10	More than 10
Credit Default Swaps Bought	\$ 4,067	\$ (188)	\$ -	\$ (188)	\$ -	\$ -
Fixed Income Futures Long	335,080	-	-	-	-	-

Risk Disclosures – SRP

Concentration of Credit Risk

SRP. Investments in mutual funds are excluded from the requirement to disclose concentration of credit risk. As of June 30, 2025, the SRP was not exposed to concentration of credit risk and does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The SRP has exposure to interest rate risk by investing \$10,718,000, or 39 percent, of its investments in bond mutual funds.

Risk Disclosures – RMERP

Concentration of Credit Risk

RMERP. Investments in mutual funds are excluded from the requirement to disclose concentration of credit risk. As of June 30, 2025, the RMERP was not exposed to concentration of credit risk and does not have a formal policy that

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The RMERP has exposure to interest rate risk by investing \$2,597,000, or 21 percent, of its investments in bond mutual funds.

Fair Value Measurements

The County categorizes its fair value measurements within the fair value hierarchy established by GASB 72. The County's investments and outside investments by fair value level as of June 30, 2025, include the following (in thousands):

		Fair Value Measurement Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments in Investment Pool	Total			
Investments not subject to fair value hierarchy:

Interest Rate Swaps		(569)		-	(569)
Total investment derivative instruments	\$	(627)	\$	130	\$ (757)

Investments are recorded at fair value in the statement of net position and are categorized based upon the level of judgment associated with the inputs used to measure their fair value and are classified as follows:

Level 1 were valued using unadjusted, quoted prices for identical assets in active markets.

Level 2 were valued using various pricing models such as matrix pricing technique, option adjusted spread model, and multi-dimensional relational model.

Level 3 were priced manually using various sources such as issuer investment manager, client, default price, and other unobservable inputs.

Deposits and withdrawals in governmental investment pools, such as LAIF, CalTRUST, and CAMP are made on the basis of one dollar and not fair value. Accordingly, the fair value of the County's proportionate share in these types of investments is an uncategorized input not defined as Level 1, Level 2, or Level 3.

NOTE 4 - PROPERTY TAXES

All jurisdictions within California derive their taxing authority from the State Constitution and various legislative provisions contained in the State Government Code and Revenue and Taxation Code. Property is originally assessed at 100 percent of full cash or market value at the date of transfer or completion of construction pursuant to Article XIII (A) of the California State Constitution and statutory provisions by the County Assessor and State Board of Equalization. Annual increases are limited to 2 percent of base year values.

The property tax levy to support general operations of various jurisdictions is limited to one percent of full cash value and is distributed in accordance with statutory formulas. Amounts levied each fiscal year to finance the annual requirements of voter approved debt are excluded from this limitation and are calculated and levied each fiscal year. The rates are formally adopted by either the Board or the city councils and, in some instances, the governing board of a special district.

The County is divided into approximately 2,510 tax rate areas, which are unique combinations of various jurisdictions serving a specific geographic area. In fiscal year 2024-25, the rates levied within each tax rate area varied from a low of 1.000000 to a high of 1.701209 per \$100 of assessed valuation. Property taxes are levied on both real and personal property. Secured property taxes are levied July 1, and payable in two equal installments: the first is generally due November 1, and delinquent with penalties after December 10; the second is generally due on February 1, and delinquent with penalties after April 10. Unsecured property taxes become delinquent with penalties after August 31. Secured property taxes become a lien on the property on January 1, or the date on which title to the property transfers or improvements to the property are completed. Supplemental property tax assessments/refunds associated with changes in assessed valuations due to transfers of title and completed property improvements are levied in two equal installments and have variable due dates based on the date of title transfer and/or completion of the property improvements.

The County elected the alternative property tax treatment (Teeter Plan) effective July 1, 1993, whereby the County, through the Property Tax Resource Allocation Fund (PTRAF), purchases the current secured

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

unpaid taxes remaining at year-end from participating agencies. In return, the PTRAF records a tax receivable and receives the delinquent secured taxes. The Property Tax Loss Reserve Fund (PTLRF) receives delinquent penalties and redemption interest accruing to delinquent collections related to participating agencies. The participating agencies, including the County, certain special districts, and the school districts, in turn, receive their full tax distribution with no liability for uncollected taxes to the PTRAF. Therefore, for participating agencies, revenue is measurable and available and is recorded in the period the payment of current secured unpaid taxes is received prior to fiscal year-end. The balance in the PTRAF is recorded to the General Fund for financial reporting purposes only as of fiscal year-end.

NOTE 5 - RECEIVABLES

Year-end receivables of the County's major, non-major, and proprietary funds, as well as governmental and business-type activities, in the aggregate, including the applicable allowances for uncollectible accounts, are as follows (in thousands):

NOTE 6 - INTERFUND TRANSACTIONS

Interfund Receivables/ Payables (Short-Term):

The composition of interfund balances as of June 30, 2025, is as follows (in thousands):

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Fire Protection District	\$ 390
	Non-major Governmental Funds	8,299
	Medical System	3,764
	Waterworks Districts	396
	Non-major Enterprise Funds	27
	Internal Service Funds	<u>724</u>
		\$ 13,600
Fire Protection District	General Fund	957
	Internal Service Funds	<u>233</u>
		1,190
Non-major Governmental Funds	General Fund	4,347
	Non-major Governmental Funds	9
	Medical System	<u>36</u>
		4,392
Medical System	General Fund	2,731
	Fire Protection District	2
	Non-major Governmental Funds	448
	Non-major Enterprise Funds	84
	Internal Service Funds	<u>50</u>
		3,315
Waterworks Districts	General Fund	552
	Non-major Governmental Funds	<u>8</u>
		560
Non-major Enterprise Funds	General Fund	455
	Medical Center	800
	Non-major Enterprise Funds	<u>8</u>
		1,263
Internal Service Funds	General Fund	11,717
	Fire Protection District	157
	Non-major Governmental Funds	1,180
	Medical System	1,165
	Waterworks Districts	539
	Non-major Enterprise Funds	379
	Internal Service Funds	<u>1,482</u>
		<u>16,619</u>
Total Due To/Due From		<u>\$ 40,939</u>

The balance of \$8,299,000 due to the General Fund from Non-major Governmental Funds includes a short-term cash flow loan to the In-Home Supportive Services Public Authority.

The balance of \$957,000 due to the Fire Protection District from the General Fund is primarily the transfer of investment revenue.

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

The balance of \$4,347,000 due to Non-major Governmental Funds from the General Fund is primarily the transfer of investment revenue.

The balance of \$11,717,000 due to Internal Service Funds from the General Fund is primarily due to Transportation and General Services Funds.

The remaining interfund balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. These balances also include working capital loans that the General Fund expects to collect in the subsequent year.

Advances to/from Other Funds (in thousands):

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Non-major Governmental Fund	\$ 2,142
	Medical System	257,000
	Waterworks Districts	611
	Internal Service Funds	41
Total Advances		<u>\$ 259,794</u>

The General Fund extends long-term advances, when needed, for cash flow purposes to funds outside the General Fund that receive funding on a reimbursement basis. Repayment is expected when available cash is in excess of that needed for operations.

The General Fund has extended long-term advances, interest free, for cash flow purposes, to:

- Workforce Development Fund (WDD) in the amount of \$35,000. WDD receives funding after the expenditures have been incurred. This advance was authorized for up to \$35,000.

Effective July 1, 2024, the County Board of Supervisors modified their policy on the General Fund loans to the Medical System with interest accruing at the County Treasury Pool rate:

- Medical System in the amount of \$257,000,000. The Medical System cash flow shortage is primarily due to the delayed timing of revenue receipts from the State and Federal governments.

Based on available information, these loans are not expected to be repaid by June 30, 2025. On June 24, 2025, the County Board of Supervisors authorized the Medical System to carry over a loan balance to the General Fund as of June 30, 2025, through the fiscal year end of June 30, 2026.

In fiscal year 2009-10, the General Fund extended a loan in the amount of \$1,237,000 to the Waterworks Districts for the Piru Wastewater Treatment Plant. In August 2017, the Board approved a restructuring which consolidated the \$1,237,000 debt outstanding, along with \$500,000 of other short-term borrowing, into one General Fund 10-year loan for up to \$2,000,000 payable at the Investment Pool rate with repayment to begin no later than five years of the first loan draw down. The first draw down occurred in August 2017, and at June 30, 2025 the balance stands at \$611,000.

In May 2017, the Board approved a revolving line of credit for the Transportation Fund not to exceed \$3,800,000 for the purpose of replacing Sheriff's Office and Probation Department vehicles. The loan was established with interest at the Investment Pool rate and will be repaid over the useful lives of the vehicles, which is typically three to eight years. The first draw down occurred in May 2017, and at June 30, 2025 the balance stands at \$41,000.

In February 2024, the Board approved a loan from the General Fund in the amount of \$650,000 to County Service Area (CSA) 29. The purpose of the loan was to re-pay money borrowed from CSA 30 and CSA

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

34. The loan was established with interest at the County Treasury Pool rate and will be repaid over fifteen years. At June 30, 2025, the balance stands at \$607,000

In March 2024, the Board approved a revolving line of credit for the County Service Area Fund not to exceed \$1,500,000 from the General Fund. This loan serves three purposes: repayment of outstanding loan amounts, funding the Caltrans pipeline replacement project, and financing a study for the sewer system's modernization. The loan is for a 15-year term and interest accrues at the County Treasury Pool rate.

Advances are included in the internal balances on the Government-wide Statement of Net Position.

Transfers

Transfers are used to move funding for capital projects, lease payments or debt service, subsidies of various County operations, and re-allocations of special revenues. The following schedule briefly summarizes the County's transfer activity (in thousands):

Transfer From	Transfer To	Amount	Purpose
General Fund	Non-major Governmental Funds	\$ 10,582	Subsidy for operating expenses
	Non-major Governmental Funds	5,748	Transfer funds for scheduled debt service
	Non-major Governmental Funds	2,570	Health and welfare realignment
	Non-major Governmental Funds	708	Subsidy for capital projects
	Medical System	28,239	Subsidy for operating expenses
	Medical System	3,409	Tobacco settlement revenues
	Non-major Enterprise Funds	1,447	Subsidy for operating expenses
	Internal Service Funds	5,115	Subsidy for operating expenses
	Internal Service Funds	1,748	Subsidy for capital asset purchase
	Internal Service Funds	<u>813</u>	Subsidy for capital projects
		<u>60,379</u>	
Non-major Governmental Funds	General Fund	2,599	Transfer of grant funding
	Non-major Governmental Funds	133	Transfer funds for scheduled debt service
	Non-major Governmental Funds	75	Transfer of endowment interest
	Non-major Governmental Funds	6	Transfer of grant funding
	Medical System	2,279	Subsidy for capital projects
	Medical System	526	Transfer of grant funding
	Internal Service Funds	<u>619</u>	Subsidy for capital asset purchase
		<u>6,237</u>

NOTE 9 - LEASES

Leases as Lessee

The County has entered a variety of noncancellable leases as lessee for various structures and improvements, such as office space, medical and dental offices, clinics, fire and sheriff stations, public libraries, residential facilities, cell sites, and general warehouse and storage facilities. The County enters into these lease agreements that outline the terms and conditions of the tenancy, including the rent amount, the length of the lease, and any restrictions on the use of the property. The terms of these noncancellable leases include the noncancellable period per the contract, plus or minus any extension or termination options the County and the lessor are reasonably certain to exercise. The County makes monthly payments ranging from \$2,400 to \$185,000 and the agreements vary in remaining lease terms from 1 to 13 years. As of June 30, 2025, the lease liability for governmental activities and business-type activities was \$28,742,000 and \$11,131,000, respectively. The imputed interest rate ranges from 0.280 to 3.405 percent.

The County subleases a portion of a right-to-use lease asset to a third party. The sublease represents a right-to-use lease asset of \$476,000 as of June 30, 2025. The agreement results in a lease receivable and deferred inflow of \$317,000 as of June 30, 2025, which is included in the lease receivables tables below

In addition, the County maintains lease agreements as the lessee for the use of equipment, such as medical equipment and copiers. The County is required to make periodic principal and interest payments ranging from approximately \$600 to \$82,100 per month and the agreements vary in remaining terms from 1 to 4 years. As of June 30, 2025, the lease liability for governmental activities and business-type activities was \$3,542,000 and \$210,000, respectively. The equipment and copier leases imputed, and incremental borrowing annual rates range from 0.280 to 4.782 percent.

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

Future principal and interest lease payments as of June 30, 2025, are as follows (in thousands):

Year ending June 30,	Governmental Activities		Business-Type Activities	
	Principal	Interest	Principal	Interest
2026	\$ 12,350	\$ 540	\$ 3,864	\$ 238
2027	7,680	321	3,028	168
2028	5,116	203	1,943	104
2029	3,795	116	1,311	51
2030	1,154	68	412	29
2031-2035	1,868	165	783	21
2036-2040	321	12	-	-
Total	<u>\$ 32,284</u>	<u>\$ 1,425</u>	<u>\$ 11,341</u>	<u>\$ 611</u>

For governmental activities and business-type activities, principal expense related to leases was \$11,965,000 and \$5,281,000, respectively, for the year ended June 30, 2025. Variable payments previously not included in the measurement of the lease liability for the year ended June 30, 2025 were \$1,447,000 and \$243,000 for governmental activities and business type activities, respectively. There were no payments for residual value guarantees or termination penalties during the year ended June 30, 2025.

The following is a schedule of right-to-use lease assets by major classes at June 30, 2025 (in thousands):

	Governmental Activities	Business-type Activities
Right-to-use structures and improvements	\$ 65,080	\$ 31,200
Right-to-use equipment	7,485	656
Right-to-use accumulated amortization	(42,493)	(20,147)
Total	<u>\$ 30,072</u>	<u>\$ 11,709</u>

Leases as Lessor

The County leases County owned land and buildings for various purposes such as office space, residential, recreational, industrial, retail, and cultural uses. The term of these leases includes the noncancellable period per the contract, plus or minus any extension or termination options the County and the lessee are reasonably certain to exercise. The leases vary in remaining term from 1 to 75 years and the County receives monthly payments ranging from \$250 to \$144,000. As of June 30, 2025, the County's receivable and the associated deferred inflow was \$96,693,000. The imputed interest rate ranges from 3.02 to 7.12 percent.

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

The following is a summary of future minimum lease receipts on noncancellable leases as of June 30, 2025 (in thousands):

Total	<u>\$ 3,396</u>	<u>\$ 1,389</u>	<u>\$ 91,297</u>	<u>\$ 78,596</u>

Lease revenue is as follows for the year ended June 30, 2025 (in thousands):

	Governmental Activities	Business-type Activities
Minimum lease payments	\$ 324	\$ 2,807
Interest lease payments	152	4,270
Variable lease payments	65	537
Total	<u>\$ 541</u>	<u>\$ 7,614</u>

NOTE 10 - SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS

The County has noncancellable SBITAs with various software vendors for purposes such as budgeting, accounting, marketing, online conferencing, and other general office duties. The County enters into these arrangements which outline the terms and conditions of the subscription, including the annual, quarterly, or monthly payment amount, the term of the subscription, along with other items. The term of these subscriptions includes the noncancellable period per the contract, plus or minus any extension or termination options that the County and SBITA vendor are reasonably certain to exercise. The County makes annual payments ranging from approximately \$13,000 to \$4,202,000 and the arrangements typically vary in terms from 3 to 11 years. As of June 30, 2025, the subscription liability for governmental activities and business-type activities was \$38,090,000 and \$5,907,000, respectively. The imputed interest rate ranges from 2.02 to 3.21 percent.

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

Future principal and interest payments on the SBITAs as of June 30, 2025, are as follows (in thousands):

Year ending June 30	Governmental Activities		Business-type Activities	
	Principal	Interest	Principal	Interest
2026	\$ 9,242	\$ 901	\$ 1,642	\$ 161
2027	7,578	822	1,702	111
2028	7,244	605	1,432	61

Total	<u>\$ 38,090</u>	<u>\$ 3,298</u>	<u>\$ 5,907</u>	<u>\$ 352</u>

For governmental activities and business-type activities, principal expense related to the SBITAs was \$9,194,000 and \$2,653,000, respectively, for the year ended June 30, 2025. During the year ended June 30, 2025, there were no payments for residual value guarantee, termination penalties or other variable payments included in the amount of outflow of resources, not previously included in the measurement of the subscription liability. There were no impairment losses recorded during the fiscal year ended June 30, 2025. As of June 30, 2025, the right-to-use subscription asset net of accumulated amortization for governmental activities and business-type activities was \$50,638,000 and \$9,160,000, respectively.

Right-to-use subscription assets at June 30, 2025, are as follows (in thousands):

	Governmental Activities	Business-type Activities
Right-to-use subscription assets	\$ 67,030	\$ 13,038
Right-to-use accumulated amortization	(16,392)	(3,878)
Total	<u>\$ 50,638</u>	<u>\$ 9,160</u>

As of June 30, 2025, the County has approximately \$4,080,000 of prepaid subscription costs or initial implementation costs related to SBITAs not commenced yet, that are recorded to development-in-progress for business-type activities on the accompanying balance sheet. As of June 30, 2025, SBITA commitments amounted to approximately, \$9,994,000.

NOTE 11 - LONG-TERM LIABILITIES

Long-term obligations of the County consist of lease revenue bonds, revolving credit agreement notes, loans payable, financed purchases, leases, subscription-based information technology arrangements, compensated absences, and other liabilities. Leases are described further in Note 9.

Lease revenue bonds (LRB) and revolving credit agreement notes (RCA) are obligations of a joint powers authority, the Ventura County Public Finance Authority (PFA), based on lease agreements and are paid by lease payments from County departments/funds for use of the facilities or equipment constructed or purchased from the debt proceeds.

*Restated July 1, 2024 balance due to implementation of GASB No. 101, Compensated Absences. The change in the compensated absences liability is presented as a net change.

Lease Revenue Bonds

The PFA issues lease revenue bonds that are marketed to investors. The proceeds of the bonds are used to finance the costs of acquisition, installation, and construction of capital projects. Under site leases, the PFA leases certain property from the County, and the PFA leases the property back to the County in consideration for lease payments. The PFA has assigned without recourse all of its rights to receive the lease payments to a trustee. The bonds are secured by the lease revenues and all amounts on deposit with the trustee from the lease payments paid by the County. Revenues from the lease payments are used to pay interest and principal of the bonds as they become due. If the County fails to make the lease payments, then the PFA has the right to re-lease the property. However, in no event shall the PFA have the right to accelerate any lease payments.

On December 19, 2013, the PFA issued \$34,100,000 of Lease Revenue Bonds (LRBs Series 2013B) used to prefund the 2003 Certificates of Participations and finance the acquisition of an office building located at 1911 Williams Drive, Oxnard, California. The bonds were issued for governmental activities. Interest is payable semiannually with remaining coupon rates ranging between 4.00 percent and 5.00 percent. The bonds mature serially each year through November 2027. The LRBs Series 2013B outstanding balance on June 30, 2025 was \$7,015,000 excluding unamortized premium.

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

On July 6, 2016, PFA issued \$40,880,000 of Lease Revenue Refunding Bonds (LRRBs Series 2016A) used to advance refund PFA III COPs. The bonds were issued for both governmental and business-type activities. Interest is payable semiannually with remaining coupon rates ranging between 3.00 percent and 5.00 percent. The bonds mature serially each year through November 2029. The LRRBs Series 2016A outstanding balance on June 30, 2025 was \$15,100,000, excluding unamortized premium.

On June 11, 2020, the PFA issued \$287,105,000 of Lease Revenue Refunding Bonds (LRRBs Series 2020A) used to advance refund Lease Revenue Bonds (LRBs Series 2013A). The bonds were issued for governmental and business-type activities. Interest is payable semiannually with remaining coupon rates ranging between 1.32 percent and 3.24 percent. The bonds mature serially each year through November 2043. The LRRBs Series 2020A outstanding balance on June 30, 2025 was \$236,260,000.

Revolving Credit Agreement Notes from Direct Borrowing

On February 22, 2018, PFA entered into a revolving credit agreement with Wells Fargo Bank, National Association to issue up to \$51,000,000 of RCA and issued \$23,400,000 to currently refund all outstanding and maturing tax-exempt commercial paper related to governmental and business-type activities. These were set to mature on February 19, 2021. On February 17, 2021, the RCA notes were renegotiated to mature on February 16, 2024 with interest payable monthly.

The RCA notes have a variable interest rate calculated monthly as 80 percent of LIBOR index plus a spread, based on the County's then-current credit rating. On May 1, 2023, the RCA notes were amended to replace the LIBOR index with the Secured Overnight Financing Rate (SOFR) index. On February 14, 2024, the RCA notes were renegotiated to mature on April 16, 2024. On April 12, 2024, the RCA notes were renegotiated to mature on April 9, 2027 and assigned to Wells Fargo Municipal Capital Strategies, LLC (New Lender), among other things.

The RCA contains certain covenants of the County including but not limited to providing annual audited financial statements of the County and the current budget for the County which includes sufficient appropriations for the lease payments, maintaining certain insurance coverage on the properties included under the lease, providing notifications of any new significant debt issued by the County, and notification of any material events that could impact the ability of the County to perform its obligations under the agreement. Failure of the County to comply with the debt covenants could result in an event of default and all principal and accrued interest becoming immediately due and payable.

The County may issue additional notes, such that the aggregate principal amount of the notes does not exceed \$51,000,000, for acquisition of or improvements of capital projects. In fiscal year 2025, an additional \$3,500,000 in direct borrowing notes of RCA were issued to fund governmental activities. The RCA outstanding balance at June 30, 2025 was \$20,300,000 with an interest rate of 4.12 percent and an unused balance of \$30,700,000.

Loans from Direct Borrowings

On June 9, 2008, the County and the State Water Resources Control Board (SWRCB) entered into a direct borrowing project finance agreement, subsequently amended, that funded \$6,599,000 towards phase 5A of the El Rio Sewer System project. The financing agreement was issued for governmental activities. The purchase agreement contains a covenant to establish a connection fee reserve fund and pledges all service connection fees collected by the County Service Area #34 (CSA 34) be deposited in the reserve fund to be used to pay the financing agreement installment payments, with excess monies held in the reserve to pay future installments. Principal and interest at 2.60 percent are payable annually through June 2040 and are payable from the reserve fund. The total principal and interest remaining to be paid on the finance agreement at June 30, 2025 is \$4,856,000, including a \$3,979,000 principal

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

balance. Principal and interest paid for the current year and service connection fees were \$324,000 and \$431,000 respectively. The reserve fund balance for future installment payments of the finance agreement at June 30, 2025 was \$2,205,000.

On June 3, 2009, the County of Ventura Waterworks District No. 16 (WW16) and the SWRCB entered a direct borrowing project finance agreement that funded \$5,399,000 towards an upgrade and expansion of the Piru wastewater treatment plant. The finance agreement was issued for business-type activities. The District has pledged net revenues to repay the finance agreement. Principal and interest at 1.00 percent are payable annually through July 2040 and are payable solely from WW16's net revenues. The total principal and interest remaining to be paid on the finance agreement at June 30, 2025 was \$3,362,000, including a \$3,092,000 principal balance. Principal and interest paid for the current year and total net revenues were \$210,000 and \$454,000, respectively.

On September 30, 2009, the County and the SWRCB entered a direct borrowing project finance agreement, subsequently amended, that funded \$3,463,000 towards phases 5B, 5C, and 5D of the El Rio Sewer System project. The finance agreement was issued for governmental activities. The County Service Area 34 (CSA 34) has pledged net revenues to repay the finance agreement. Principal and interest at 1.0 percent are payable annually through June 2041 and are payable solely from the CSA 34's net revenues. The total principal and interest remaining to be paid on the finance agreement at June 30, 2025 was \$2,133,000, including a \$1,962,000 principal balance. Principal and interest paid for the current year and total net revenues were \$133,000 and \$371,000, respectively. The finance agreement also contains a provision that requires the County to maintain a reserve fund equal to one year's debt service for the term of the financing. The reserve balance at June 30, 2025 was \$133,000.

Debt service requirements at June 30, 2025 are as follows:

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

Other Liabilities

Other liabilities include compensated absences, the liability for medical malpractice insurance claims incurred but not reported (tail coverage) for General Fund health departments and the Medical System, the net pension liabilities for the Ventura County Employees Retirement Association and the Supplemental Retirement Plan, the total pension liability relating to the Management Retiree Health Benefit, the net other postemployment benefits (OPEB) obligation, the total OPEB liability for the Subsidized Retiree Health Plan, claims liabilities relating to the self-insurance of certain risks in the General Insurance and Employee Benefit Insurance Internal Service Funds, and the Health Care Plan.

Legal Debt Limit

The County's legal annual debt limit as of June 30, 2025 is approximately \$2,328,430,000. The County's legal debt limit is set by statute at 1.25 percent of total assessed valuation. The general obligation bonded debt per capita is \$0.00.

Arbitrage

The Internal Revenue Code of 1986, Sections 103 and 141 through 150, restricts the amount of interest earnings an issuer of tax-exempt issuances can earn on the cumulative proceeds. The interest earnings rate cannot exceed the yield on the tax-exempt debt.

Management believes that as of June 30, 2025, there is no arbitrage liability. The activities of tax-exempt debt issues will continue to be monitored and appropriate analysis made to determine any future obligations.

NOTE 12 - PUBLIC-PRIVATE PARTNERSHIPS

The County has determined that the following arrangements meet the criteria set forth in GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements* (GASB 94), where the County is the transferor and therefore included these Public-Private Partnership (PPP) arrangements in the County's financial statements.

Rustic Canyon Golf Course

Effective May 1, 2001, the County entered into a 50-year lease agreement (having options for two successive 10-year extensions) with Happy Camp Canyon, LLC (Happy Camp), under which Happy Camp will develop, operate, and maintain a regulation, high quality, fully public 18-hole golf course, clubhouse, pro shop, food and beverage facility, cart storage structure(s), maintenance equipment storage structure(s), and supporting infrastructures. Happy Camp will invest a minimum of \$5,000,000 in real property improvements. Rates and charges to patrons shall be reasonable, competitive, and comparable to rates and charges at other comparable public golf courses in Ventura and Los Angeles Counties. The County has approval rights over the rules and regulations schedule, the operating schedule, and the prices. The agreement provides for base minimum rents which are considered installment payments under GASB 94 and percentage rents which are not. Minimum base rent terms are: Year 1, \$60,000; Year 2, \$130,000; Years 3-5, \$250,000 (less \$125,000 water credit); and Years 6-50, minimum annual rent is adjusted every 5 years to an amount equal to 80 percent of the average of the total yearly rent (minimum rent and percentage rent) for the previous 5 years, provided it shall not be less than \$250,000 per year adjusted by the Consumer Price Index, less \$125,000 water credit. It is reasonable to assume that those conditions will be met during the term of the agreement, therefore reductions to the base minimum rent installment payments have been made accordingly. At the end of the lease, all lessee owned improvements, except personal property, shall remain on the property and thereafter be owned by the County.

Steckel Park – Ventura Ranch KOA

Effective October 1, 2009, the County entered into a 14-year, 9-month lease agreement with Ventura

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

Ranch Resort, LLC (Ventura Ranch KOA) (having one option for an additional 15 years, and two additional 10-year options, each contingent on the lessee's completion of additional capital improvements), under which Ventura Ranch KOA will improve, operate, and maintain the Steckel Recreation Vehicle Campground. The first investment commitment of \$1,000,000, which triggers the PPP arrangement, will extend the lease term of 15 years to June 30, 2039. The confirmation of the \$1,000,000 investment was documented and the lease was formally extended for the additional 15 year term. Ventura Ranch KOA may use a rate management system that is commonly accepted and applies hospitality industry experience and practices and accounts for market conditions, capital expenditure, available amenities, and level of service. The County has approval rights over the rules and regulations schedule and the operating schedule. The agreement provides for base minimum rents which are considered installment payments under GASB 94 and percentage rents which are not. Minimum base rent terms are: Years 1-5, \$45,000, and Years 6 through the end of the term, minimum annual rent is adjusted every 5 years to an amount equal to 80 percent of the average of the total yearly rent (minimum rent and percentage rent) for the previous 5 years. At the end of the lease, all lessee owned improvements, except personal property, shall remain on the property and thereafter be owned by the County.

Sub-total PPP Capital Assets	<u>5,465</u>	<u>-</u>	<u>233</u>	<u>5,232</u>
Total deferred inflows	<u>\$ 9,435</u>	<u>\$ 239</u>	<u>\$ 535</u>	<u>\$ 9,139</u>

(1) The installment payments' present values are calculated using the Applicable Federal Rate (AFR) as published by the IRS for June of the respective year rate plus a margin of 2.0 percent for a rate of 5.11 percent (Rustic) and 6.79 (Steckel), with deferred inflows recognized in accordance with the amortization schedules.

(2) Amortization calculated using straight-line method for the term of agreement for each PPP.

NOTE 13 - NET POSITION/FUND BALANCES

The government-wide and proprietary fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted, and unrestricted.

- *Net Investment In Capital Assets* – This category groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation, the outstanding balances of debt, and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of these assets reduce the balance in this category.
- *Restricted* – This category reflects the component of net position that is subject to constraints either by creditors (such as debt covenants), grantors, contributors or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. At June 30, 2025, restricted net position for governmental activities totaled \$877,973,000, of which \$864,223,000, was restricted by enabling legislation.
- *Unrestricted* – This category represents the net position of the County not restricted for any project or other purpose. Outstanding liabilities and deferred inflows of resources that are attributable to this component reduce the balance of this category.

Governmental Fund Statements - Fund Balances

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned or unassigned based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. When restricted and unrestricted (committed, assigned, or unassigned) resources are available, restricted resources are generally considered to be used first, followed by committed, assigned and unassigned resources as they are needed.

Nonspendable fund balance - includes amounts that are (a) not in spendable form, or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

are not expected to be converted to cash, for example, inventories or prepaid amounts, and may also include the long-term receivables.

Restricted fund balance - includes amounts with constraints on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance – includes amounts that can only be used for the specific purposes determined by the highest form of decision-making authority, an Ordinance, of the highest level of decision-making authority, the County Board of Supervisors (Board). Commitments may be changed only by the County taking the same formal action, amending or repealing the ordinance that originally imposed the constraint.

Assigned fund balance – includes amounts that are constrained by the County’s intent to be used for specific purposes. The intent can be expressed by either the highest level of decision making, the Board, or by a body or an official to which the Board has delegated the authority. The Board establishes and modifies assignments of fund balance through the adoption of the budget and subsequent budget amendments.

Unassigned fund balance – is the residual classification for the General Fund and includes all amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed or assigned to those purposes and it is necessary to report a negative fund balance.

At June 30, 2025, fund balance for governmental funds is made up of the following (in thousands):

Fund Balances	General Fund	Fire Protection District	Non-major Governmental Funds	Total
Nonspendable:				
Inventory and prepaid amounts	\$ 665	\$ 1,981	\$ 20	\$ 2,666

NOTE 14 - MEDICARE AND MEDI-CAL PROGRAMS

The Medical System provides services to eligible patients under Medi-Cal and Medicare programs. For the fiscal year ended June 30, 2025, the Medi-Cal and Medicare programs represented approximately 73 percent of the Medical System's net revenue.

Medi-Cal inpatient services are reimbursed through the guidelines and methodology covered under California's Medi-Cal 2020 Waiver. The interim hospital per diem rates were computed based on the hospital's cost report data, supplemental worksheets, and supporting documentation that were designed by the Department of Health Care Services and are subject to reconciliation based on the filed and reconciled Medi-Cal 2552-96 cost report. Medi-Cal outpatient services are reimbursed under a schedule of maximum allowances and additional supplemental funding through AB915 for uncompensated costs. Outpatient services at the Federally Qualified Health Centers clinics are reimbursed based on a Medi-Cal Prospective Payment System (PPS) rate. Medical Managed Care (Gold Coast Health Plan) inpatient services are reimbursed at all patient refined diagnostic-related groups, outpatient primary care services are reimbursed on a capitated basis, and outpatient specialty services are reimbursed based on the Medi-Cal fee schedule.

Medicare inpatient services are reimbursed based upon pre-established rates for diagnostic-related groups. Medicare outpatient services and certain defined capital and medical education costs related to Medicare beneficiaries are paid based on a cost-reimbursement methodology. Final reimbursement is determined as a result of audits by the intermediary of annual cost reports submitted by the Medical System. Reports on the results of such audits have been received through June 30, 2019 for Medicare and June 30, 2024 for Medi-Cal. Adjustments as a result of such audits are recorded in the year the amounts can be determined.

In addition, for the Medicare and Medi-Cal programs, the Medical System has established liability reserves in the aggregate amount of \$12,839,000, for settlement included in the line item "Accrued Liabilities" for cost report settlement reserves covering the period from fiscal year 2018-19 through fiscal year 2024-25. In accordance with the California Medi-Cal 2020 Waiver, the Medical System receives an interim per diem payment in Medi-Cal revenue under Fee-for-Service program (FFS), Quality Incentive Pool Program (QIP) a Medi-Cal incentive program aimed for improvement activities for specific delivery system for the hospitals, an Enhanced Payment Program (EPP) supplementing the base rates received through Medi-Cal Managed Care, and a Global Payment Program (GPP) to provide support for the delivery of more cost effective and higher value care for indigent, uninsured individuals. In addition, it also includes Whole Person Care (WPC)/CAL AIM, to improve and coordinate care for health, behavioral

COUNTY OF VENTURA

(Continued)

health, and social services, for the high risk population through more efficient and effective use of resources. For the fiscal year ended June 30, 2025, the Medical System has recorded \$97,507,000 of QIP revenue, \$19,192,000 of GPP revenue, \$2,652,000 of WPC/CALAIM revenue and \$35,291,000 of EPP revenue. Medicare revenue represented 21 percent and Medi-Cal revenue represented 52 percent of net revenue.

NOTE 15 - PENSION PLANS

The County participates in the VCERA and SRP which are subject to GASB Statement No. 68 (GASB 68). The County also participates in Management Retiree Health Benefits Program which is subject to GASB Statement No. 73 (GASB 73). A summary of the pension amounts for the County's plans at June 30, 2025 is as follows (in thousands):

	VCERA	SRP	Management Retiree Health Benefits Program	Total
Total pension liability	\$ -	\$ -	\$ 12,262	\$ 12,262
Net pension liability	297,793	1,670	-	299,463
Deferred outflows related to pensions	578,456	1,558	2,050	582,064
Deferred inflows related to pensions	235,319	-	-	235,319
Pension expense	106,487	570	1,239	108,296

VCERA

Plan Description

The County has a contributory defined benefit plan (Plan) established pursuant to Government Code Sections 31450 through 31899 and administered by the VCERA. VCERA operates a cost-sharing, multiple-employer system with substantially all member employers included in the County's governmental reporting entity. Covered employees include those from Courts, Air Pollution Control District and other smaller special districts. Membership in the VCERA is mandatory for permanent employees who work a regular schedule of 64 hours or more per biweekly pay period.

VCERA is governed by the Board of Retirement. The Plan's benefit provisions and contribution requirements are established and may be amended by state law and resolutions and ordinances adopted by the Board of Retirement and Board of Supervisors. VCERA issues an independently audited Annual Comprehensive Financial Report that contains all of the Statement No. 67 (GASB 67) required disclosures. A copy of this report can be obtained by contacting the Retirement Association at 1190 South Victoria Avenue, Suite 200, Ventura, CA, 93003 or at www.vcera.org.

Plan members are classified as either General or Safety. Safety membership includes those involved in active law enforcement, fire suppression, and probation. Members are classified in tiers as follows:

Closed to New Enrollment:

<i>General Tier 1</i>	All general members with membership dates before June 30, 1979, plus Deputy Sheriff trainees and certain executive management with membership dates before January 1, 2013.
<i>General Tier 2</i>	All general members with membership dates on or after June 30, 1979 and before January 1, 2013, except as noted above for General Tier 1.
<i>Safety</i>	All safety members with membership dates before January 1, 2013.

Open to New Enrollment:

<i>PEPRA General Tier 1</i>	Deputy Sheriff trainees with membership dates on or after January 1, 2013 and before April 17, 2014.
-----------------------------	--

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

PEPRA General Tier 2 All general members with membership dates on or after January 1, 2013, except as noted above for PEPRA General Tier 1.

PEPRA Safety All safety members with membership dates on or after January 1, 2013.

Retirement Benefits

VCERA provides retirement, disability, death, and survivor benefits to its members and qualified beneficiaries. A General or Safety member with 10 or more years of County service is entitled to an annual retirement allowance beginning at age 50. General members with 30 or more years of service and Safety members with 20 or more years of service may begin receiving a retirement allowance regardless of age. PEPRA members are eligible to retire with 5 or more years of service beginning at age 52 for general members and at age 50 for safety members. The basic retirement allowance is based upon the member's age, years of retirement service credit, and final average compensation. The tiers and benefit formulas are as follows:

<u>Tier:</u>	<u>Benefit Formula</u>
General Tier 1	2.35% @ 62
General Tier 2	2.09% @ 62
Safety Tier 1	2.00% @ 50
PEPRA General	2.00% @ 62
PEPRA Safety	2.00% @ 50

Employees terminating before accruing 5 years of retirement service credit (5-year vesting) forfeit the right to receive retirement benefits unless they establish reciprocity with another public agency within the prescribed time period. Non-vested employees who terminate service are entitled to withdraw their accumulated contributions plus accrued interest. Employees who terminate service after earning 5 years of retirement service credit may leave their contributions on deposit and elect to take a deferred retirement. In addition, certain death, disability, and supplemental benefits are provided to eligible employees. Cost of living adjustments of up to three percent per annum are made for all Safety and Tier 1 employees. Certain General Tier 2 members also receive a fixed two percent cost of living adjustment on eligible SEIU service.

Contributions

The County of Ventura and contracting districts contribute to VCERA based upon actuarially determined contribution rates adopted by the Board of Retirement. Members are required to make contributions to VCERA regardless of the retirement plan or tier in which they are included. Employer contribution rates are adopted annually based upon recommendations received from VCERA's actuary after the completion of the annual actuarial valuation. Employer contributions to VCERA from the County were \$172,168,000 for the year ended June 30, 2025. Contribution rates, based on pensionable payroll, are as follows:

	<u>Employer Contribution Rates</u>	<u>Employee Contribution Rates</u>
General Tier 1	20.30%	11.83%
General Tier 2	11.01%	7.70%
PEPRA General Tier 2	11.05%	7.74%
General Tier 2C*	16.89%	10.33%
PEPRA General Tier 2C*	16.84%	10.37%
General Combined	14.64%	N/A
Safety	33.11%	15.76%
PEPRA Safety	31.03%	15.70%
Safety Combined	32.43%	N/A

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

*Pension Liabilities, Pension Expenses, and Deferred Outflows of Resources
and Deferred Inflows of Resources Related to Pensions*

At June 30, 2025, the County reported a liability of \$297,793,000 for its proportionate share of the Net Pension Liability (NPL). The NPL was measured as of June 30, 2024. The Plan's fiduciary net position was valued as of the measurement date while the Total Pension Liability (TPL) was determined based upon rolling forward the TPL from the actuarial valuation as of June 30, 2023. The County's proportion of the NPL was based on the ratio of the County's compensation by tier to the total compensation for the tier. This ratio was then applied to the NPL for the tier. The County's NPL is the sum of the NPL for each tier. At June 30, 2024, the County's proportion was 95.531 percent, which was an decrease of 1.518 percent from its proportion measured as of June 30, 2023.

For the year ended June 30, 2025, the County recognized a pension expense of \$106,487,000. At June 30, 2025, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources (in thousands):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 74,655	\$ 9,303
Changes of assumptions	328,605	-
Net difference between projected and actual earnings on pension plan investments	-	224,494
Changes in proportion and differences between County contributions and proportionate share of contributions	3,028	1,522
County contributions subsequent to the measurement date	172,168	-
Total	<u>\$ 578,456</u>	<u>\$ 235,319</u>

\$172,168,000 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the NPL in the year ended June 30, 2026.

Other amounts reported as deferred outflows (inflows) of resources related to pensions will be recognized in pension expense as follows (in thousands):

Year Ending June 30,	Amount
2026	\$ (53,538)
2027	198,259
2028	(11,003)
2029	19,547
2030	17,704
Total	<u>\$ 170,969</u>

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

Actuarial Assumptions

The TPL was determined by an actuarial valuation as of June 30, 2023, which was rolled forward to June 30, 2024, using the following actuarial assumptions, applied to all periods included in the measurement:

	Assumptions
Rate of return on investment	6.75%
Projected salary increases	4.00% - 12.00%
Amount attributable to inflation	2.50%
Amount attributable to merit and longevity	1.00% - 9.00%
Amount attributable to real "across the board"	0.50%
Annual cost of living increases after retirement (Tier 1 and Safety members contingent upon CPI increases, 3% maximum. Tier 2 SEIU members - fixed 2% not subject to CPI increases, for service after March 2003.	0.00% - 3.00%
Mortality	Pub-2010 General Healthy Retiree Amount-Weighted Above-Median Mortality Table Pub-2010 Safety Healthy Retiree Amount-Weighted Above-Median Mortality Table Pub-2010 Non-Safety Disabled Retiree Amount-Weighted Mortality Table (separate tables for males and females) Pub-2010 Safety Disabled Retiree Amount-Weighted Mortality Table Pub-2010 General Healthy Retiree Amount-Weighted Above-Median Mortality Table (separate tables for males and females) Pub-2010 General Contingent Survivor Amount-Weighted Above-Median Mortality Table (separate tables for males and females) Pub-2010 General Employee Amount-Weighted Above-Median Mortality Table (separate tables for males and females)

The actuarial assumptions used in the June 30, 2023 valuation, were updated as of the measurement date and rolled forward to June 30, 2024, based on the results of the July 1, 2020 through June 30, 2023 Actuarial Experience Study report dated June 5, 2024.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adding expected inflation and subtracting expected investment expenses and a risk margin. The target allocation and projected arithmetic real rates of return for each major asset class, after deducting inflation but before investment expenses, used in the derivation of the long-term expected investment rate of return assumption are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Large Cap U.S. Equity	22.00 %	5.77 %
Small Cap U.S. Equity	4.00 %	6.56 %
Developed International Equity	9.00 %	6.44 %
Developed International Small-Cap Equity	3.00 %	6.57 %
Emerging Market Equity	3.00 %	8.32 %
Global Equity	9.00 %	6.59 %
Private Equity	18.00 %	9.48 %
U.S. Aggregate Bond	4.00 %	2.26 %
Private Debt	8.00 %	6.60 %
U.S. Treasury Bond	2.00 %	2.00 %
Real Estate - Core	6.00 %	4.53 %
Absolute Return Fixed Income	4.00 %	3.40 %
Real Estate - Non-Core	2.00 %	7.10 %
Natural Resources	2.00 %	10.30 %
Infrastructure	4.00 %	5.20 %
Total	<u>100.00 %</u>	

Discount Rate

The discount rate used to measure the TPL was 6.75 percent. The projection of cash flows used to determine the discount rate assumed plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the actuarially determined contribution

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

rates. Based on those assumptions, VCERA's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to changes in the discount rate

The following table presents the County's proportionate share of the NPL calculated using the discount rate of 6.75 percent, as well as what the County's proportionate share of the NPL would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75 percent) or 1-percentage-point higher (7.75 percent) than the current rate (in thousands):

	1% Decrease (5.75 %)	Current Discount Rate (6.75%)	1% Increase (7.75%)
County's proportionate share of the net pension liability (asset)	\$ 1,407,900	\$ 279,793	\$ (617,304)

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued VCERA financial report which can be found at www.vcera.org.

Supplemental Retirement Plan

Plan Description

The SRP is a single-employer contributory defined benefit pension plan governed by the Board of Supervisors and provisions of Internal Revenue Code Section 401. The SRP was adopted on January 1, 1992, and amended on the following dates: August 31, 1993, December 1, 2000, June 8, 2004, May 17, 2005, July 10, 2007, December 14, 2010, May 15, 2012, and January 26, 2021. The County Board of Supervisors governs the plan and has the authority to amend the benefit provisions and contribution requirements of the SRP. There is no separate report issued by the plan. SRP is comprised of three parts as follows:

- Part B - Safe Harbor. This plan was adopted on January 1, 1992, and provides benefits to County employees whose employment with the County does not otherwise entitle them to retirement benefits under the County's 1937 Act Retirement Plan or the Social Security Act and is in compliance with the Omnibus Budget Reconciliation Act of 1990. Eligible employees are vested upon enrollment.
- Part C - Early Retirement Incentive. This plan was adopted effective on January 1, 1992, and provides early retirement benefits to County employees pursuant to periodic early retirement incentive programs adopted by the County and is a tax qualified pension plan under Internal Revenue Code Section 401(a).
- Part D - Elected Department Head. This plan was adopted by the Board of Supervisors effective on December 1, 2000, and provides a supplemental retirement benefit to the County's elected department heads for retirement parity with appointed agency/department heads. The plan was amended on June 8, 2004, limiting eligible participants to those employees in an elected department head position between December 1, 2000, and June 8, 2004.

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

The plan year of the SRP is the County's fiscal year. A separate financial statement is not issued by SRP. The schedule of changes in net pension liability and related ratios, the schedule of investment returns, and the schedule of the County's contributions are included in the Required Supplementary Information section of this report. In lieu of separately issued financial statements for the SRP, condensed financial statements are presented below (in thousands):

Statement of Fiduciary Net Position

Cash and investments	\$ 28,053
Interest receivables	<u>10</u>
Total assets	<u>28,063</u>
Due to other governmental agencies	<u>17</u>
Total liabilities	<u>17</u>

Total	<u><u>5,359</u></u>

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

Benefits

- Part B - Safe Harbor. The participant's monthly benefit or lump sum benefit is based on the total amount of compensation for the period of the participant's benefit accrual service for the last 30 years of participation. The participant is entitled to the benefit at the later of age 65 or the termination of employment. The benefit will be payable as a single life annuity or, if the actuarial present value of the accrued benefit is not more than \$5,000, a one-time lump sum amount will be paid in lieu of the monthly benefit. If the participant dies before retirement benefits begin, the participant's beneficiary will be entitled to receive a lump-sum death benefit payment. In May 2005, the plan was amended to allow participants to receive an actuarially reduced benefit beginning at age 50, if terminated from County employment. Also in May 2005, the plan was amended to allow participants, upon retirement, to elect a joint and survivor annuity option in which the annuity benefit will continue to the surviving spouse upon the death of the retiree. The Safe Harbor plan benefit type was changed from a defined benefit plan to a defined contribution plan for new hires beginning April 18, 2021. Current employee participants were given the option to change to the defined contribution plan effective September 5, 2021.
- Part C - Early Retirement Incentive. The benefit is a monthly retirement benefit payable to the participant for life. Upon the death of the participant, the monthly retirement benefit shall be paid to the participant's surviving spouse, if any, for life.
- Part D - Elected Department Head. The benefit is a supplemental monthly retirement benefit payable to the participant for life. Upon the death of the participant, the monthly retirement benefit shall be paid to the surviving spouse for life, depending on the retirement payment option selected.

Contributions

The funding policy provides for periodic employer and employee contributions at actuarially determined rates expressed as percentages of annual covered payroll that are sufficient to accumulate the required assets to pay benefits when due.

- Part B - Safe Harbor. Each participant contributes three percent of compensation to the plan on a pre-tax basis. Employee contributions cease upon attainment of 30 years of Benefit Accrual Service.
- Part C - Early Retirement Incentive. This benefit is funded solely by employer contributions.
- Part D - Elected Department Heads. This benefit is funded solely by employer contributions.

The actuarially determined contribution rate/contributions for the County for the fiscal year ending June 30, 2025, was \$1,069,000, or 5.36 percent for Part B, \$0 for Part C, and \$14,000 for Part D.

Investment Policy

The Plan's investment policy in regard to the allocation of invested assets is established and may be amended by the Board of Supervisors by a majority vote of its members. It is the policy of the Board to pursue an investment strategy that emphasizes safety, diversification and yield and follows the "prudent investor rule". Fair value calculations are based on market values provided by the Plan's investment custodian. The following was the Board's adopted asset allocation policy as of June 30, 2025:

Asset Class	Target Allocation
Equity	60 %
Fixed Income	39 %
Cash	1 %
Total	100 %

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

As of June 30, 2025, the Plan held the following investments that represent 5 percent or more of the plans fiduciary net position:

Investment	Percentage of Fiduciary Net Position
Allspring Core Bond	11 %
Principal/Blackrock International Equity Index	12 %
Principal/Blackrock Large Cap Growth Index	16 %
Principal/Blackrock Large Cap Value Index	16 %
Principal/Blackrock S&P Midcap Index	7 %
Principal/Blackrock US Agg Bond Index	12 %
Principal/Dodge & Cox Intermediate Bond	11 %

Rate of Return

For the year ended June 30, 2025, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 11.37 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Net Pension Liability

The components of the NPL at June 30, 2025, were as follows (in thousands):

Total pension liability	\$ 30,166
Plan fiduciary net position	<u>(28,046)</u>
Plan's net pension liability	<u>\$ 2,120</u>
 Plan fiduciary net position as a percentage of the total pension liability	 92.97 %

The actuarial liabilities and assets are valued as of June 30, 2025.

Actuarial Assumptions

The TPL was determined by an actuarial valuation as of June 30, 2025, using the following actuarial assumptions, applied to all periods included in the measurement:

	Assumptions
Actuarial cost method	Entry age normal for Parts B not applicable for Part C and Part D
Amortization method	Level Dollar
Remaining amortization period	0-15 years closed
Rate of return on investment	6.25% net of expense
Projected salary increases	3.75% for Part B and D; not applicable for Part C
Amount attributable to inflation	2.50% for Parts B, C, and D
Annual cost of living increases after retirement	3.00% for Part D; none for Parts B and C
Mortality	Pub-2010 General Employee Amount-Weighted Above-Median Mortality Table for Parts B and D Pub-2010 General Healthy Retiree Amount-Weighted Above-Median Mortality Table for Parts B, C, and D Pub-2010 General Contingent Survivor Amount-Weighted Above-Median Mortality Table for Parts B, C, and D

An experience study has not been conducted for the SRP. However, the County participates in VCERA and utilizes the assumptions used by VCERA where appropriate and reasonable. The 2020-2023 VCERA experience study used was conducted on June 5, 2024 for the period of July 1, 2020 through June 30, 2023.

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and most recent best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Equity	60.00 %	5.30 %
Fixed income	39.00 %	0.70 %
Cash	1.00 %	0.00 %
Total	<u>100.00 %</u>	

Discount Rate

The discount rate used to measure the TPL was 6.25 percent. The projection of cash flows used to determine the discount rate assumed that future contributions will be made in accordance with the SRP Funding Policy. Based on that assumption, the pension plan's fiduciary net position was projected to provide all projected future benefit payments of current plan members as determined in accordance with GASB 67. Therefore, the 6.25 percent assumed long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL.

Sensitivity of the Net Pension Liability (Asset) to changes in the discount rate

The following table presents the NPL of the Plan as of June 30, 2025, calculated using the discount rate of 6.25 percent, as well as what the Plan's NPL would be if it were calculated using a discount rate that is 1-percentage-point lower (5.25 percent) or 1-percentage-point higher (7.25 percent) than the current rate (in thousands):

	1% Decrease (5.25%)	Current Discount Rate (6.25%)	1% Increase (7.25%)
Plan's net pension liability	\$ 6,047	\$ 2,120	\$ (1,070)

Employer Reporting

The following disclosures are related to the employer reporting requirements of GASB 68, and use a measurement date of June 30, 2024:

Employees covered by benefit terms

Plan participants at June 30, 2024, were as follows:

<u>Participant Classification</u>	<u>Number of Participants</u>
Retirees and beneficiaries currently receiving benefits:	
Supplemental retirement participants (Safe Harbor)	709
Early retirement participants (Early Retirement Incentive Plan)	21
Elected department head participants	7
Current employee participants:	
Supplemental retirement participants (Safe Harbor)	13
Terminated participants not yet receiving benefits:	
Supplemental retirement participants (Safe Harbor)	5,008
Total	<u>5,758</u>

COUNTY OF VENTURA

FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

Contributions

The required contributions were determined as part of the June 30, 2024 actuarial valuation. The actuarially determined contributions for the fiscal year ending June 30, 2024, were \$729,000 for the employer and \$26,000 for employees for Part B, \$0 for Part C, and \$33,000 for Part D.

Net Pension Liability

The County's NPL was measured as of June 30, 2024, and the TPL used to calculate the NPL was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The TPL was determined by an actuarial valuation as of June 30, 2024, using the following actuarial assumptions, applied to all periods included in the measurement:

	Assumptions
Actuarial cost method	Entry age normal for Parts B and D, not applicable for Part C
Amortization method	Level Dollar, closed
Remaining amortization period	1-15 years closed
Rate of return on investment	7.00% net of expense
Payroll Growth	3.00% for Parts B and D, not applicable for Part C
Projected salary increases	4.00% for Part B and 4.50% for Part D, not applicable for Part C
Amount attributable to inflation	2.50% for Parts B, C, and D
Annual cost of living increases after retirement	3.00% for Part D; none for Parts B and C
Mortality	Pub-2010 General Employee Amount-Weighted Above-Median Mortality Table for Parts B and D Pub-2010 General Healthy Retiree Amount-Weighted Above-Median Mortality Table for Parts B, C, and D Pub-2010 General Contingent Survivor Amount-Weighted Above-Median Mortality Table for Parts B, C, and D

An experience study has not been conducted for the SRP. However, the County participates in VCERA and utilizes the assumptions used by VCERA where appropriate and reasonable. The VCERA experience study used was conducted on June 5, 2024 for the period of July 1, 2020 through June 30, 2023.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and most recent best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Equity	60.00 %	5.30 %
Fixed income	39.00 %	0.70 %
Cash	1.00 %	0.00 %
Total	<u>100.00 %</u>	

Discount Rate

The discount rate used to measure the TPL was 7.00 percent. The projection of cash flows used to determine the discount rate assumed that future contributions will be made in accordance with the SRP Funding Policy. Based on that assumption, the pension plan's fiduciary net position was projected to provide all projected future benefit payments of current plan members as determined in accordance with GASB 67. Therefore, the 7.00 percent assumed long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL.

Management Retiree Health Benefits Program

Plan Description

The Management Retiree Health Benefits Program is a single-employer defined benefit plan administered by the County of Ventura and is governed by the Board of Supervisors who has the authority to establish and amend benefit provisions. A separate financial statement is not issued for the plan. Adopted by the Board of Supervisors on June 8, 1999, eligible employees are covered by the Management Resolution who retired after July 1, 1999. The payments do not constitute any guarantee of medical care benefits. Cash payments are made to eligible employees with no requirement to purchase health coverage. No assets directly or indirectly relating to this plan are held in trust or otherwise held or set aside for the exclusive benefit of participants. On June 21, 2005, the Board of Supervisors approved the elimination of this benefit for employees covered after July 2, 2005.

Plan Membership

Plan participants at June 30, 2024, the measurement date, were as follows:

<u>Participant Classification</u>	<u>Number of Participants</u>
Inactive members currently receiving benefits	115
Inactive members entitled to but not yet receiving benefits	74
Active members	<u>76</u>
Total	<u><u>265</u></u>

Benefits Provided

Participants receive one year of payments for every five years of service, up to a maximum of five years of payments. Payments of \$1,543 per month were equivalent to premiums for the Ventura County Health Care Plan.

Contributions and Funding Policy

Employer contributions in fiscal year 2024-25 were \$1,869,000. The County currently funds the management retiree health benefits on a pay-as-you-go basis.

Actuarial Assumptions

The TPL was determined by an actuarial valuation as of June 30, 2024, using the following actuarial assumptions, applied to all periods included in the measurement:

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

	Assumptions
Actuarial cost method	Entry age normal
Inflation	2.50%
Discount rate	3.93%
Real wage growth	0.50%
Wage inflation	3.00%
Projected salary increases (including wage inflation)	4.00% - 10.00%
Subsidy cost trends	6.75% decreasing to an ultimate rate of 4.50% by 2033
Mortality	Pub-2010 General Healthy Amount-Weighted Above-Median Mortality Table, Pub-2010 Safety Healthy Amount-Weighted Above-Median Mortality Table, Pub-2010 Non-Safety Disabled Retiree Amount-Weighted Mortality Table, and Pub-2010 Safety Disabled Retiree Amount-Weighted Mortality Table

The demographic actuarial assumptions in the June 30, 2024 valuation were based on the VCERA economic and demographic experience study covering period July 1, 2020 through June 30, 2023. The remaining actuarial assumptions including subsidy cost trends were based on a review of recent plan experience done concurrently with the June 30, 2024 valuation.

Discount Rate

Discount rate of 3.93 percent was used to measure the TPL. This was a change from 3.65 percent, the rate used on the prior measurement date. The discount rate was based upon the Bond Buyer General Obligation 20-year Municipal Bond Index published at the last Thursday of June by The Bond Buyer.

Changes in Total Pension Liability (in thousands):

	Total Pension Liability
Balances at June 30, 2024 for measurement date of June 30, 2023	\$ 12,867

(Continued)

Pension Expense, Deferred Outflows, and Deferred Inflows of Resources Related to pensions

For the year ended June 30, 2025, the County recognized pension expense of \$1,239,000. At June 30, 2025, the County reported deferred outflows and deferred inflows of resources related to pensions from the following sources (in thousands):

	Deferred Outflows of Resources
Differences between expected and actual experience	\$ 152
Changes in assumptions	29
County contributions subsequent to the measurement date	1,869
Total	<u>\$ 2,050</u>

\$1,869,000 reported as deferred outflows of resources related to pension benefits resulting from County contributions subsequent to the measurement date will be recognized as reduction of the TPL in the year ended June 30, 2026.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows (in thousands):

Year Ending June 30,	Amount
2026	<u>\$ 181</u>
Total	<u>\$ 181</u>

Replacement Benefit Plan

Internal Revenue Code (IRC) Section 415(b) limits the maximum annual amount that a defined benefit plan can pay to any individual. The Replacement Benefit Plan, a qualified IRC 415(m) plan, provides annual retirement benefits earned in excess of Section 415(b) limits.

The plan is administered by the County. Participation is limited to retired members whose benefit payments are limited by Section 415(b). No assets directly or indirectly relating to this plan are held in trust or otherwise held or set aside for the exclusive benefit of participants or their beneficiaries. As of June 30, 2025, there were eight participants in the plan.

FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

NOTE 16 - OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Ventura County manages the Subsidized Retiree Health Benefits Program which is subject to GASB Statement No. 75 (GASB 75). As described in more detail below, in accordance with memorandums of agreement, the County makes contributions to the Ventura County Deputy Sheriffs' Association (VCDSA) Retiree Medical Expense Reimbursement Plan (RMERP) and the Ventura County Professional Firefighters' Association (VCPFA) Medical Premium Reimbursement Plan for the purpose of reimbursing health insurance premiums for future eligible retirees. The County also makes contributions to the RMERP for the purpose of reimbursing eligible healthcare expenses to eligible members.

Under GASB 75, VCDSA and VCPFA are considered constructive obligations that must be reported in the County's financial statements even though the County has no control over these plans and has no legal obligation to make contributions to fund the plans' unfunded OPEB liability, other than to make the contributions agreed to in collective bargaining.

RMERP is subject to the plan reporting requirements of GASB Statement No. 74 (GASB 74) beginning with the fiscal year ending June 30, 2024 and the employer reporting requirements of GASB 75 beginning with the fiscal year ending June 30, 2025.

A summary of the OPEB amounts in accordance with GASB 75 for the plans at June 30, 2025 is as follows (in thousands):

	Subsidized Retiree Health Benefits Program	VCDSA Retiree Medical Reimbursement Plan	VCPFA Medical Premium Reimbursement Plan	Retiree Medical Expense Reimbursement Plan	Total

Subsidized Retiree Health Benefits Program

Plan Description

The Subsidized Retiree Health Benefits Program is a single-employer defined benefit plan administered by the County and governed by the County Board of Supervisors who has the authority to establish and amend benefit provisions. The plan allows eligible employees to receive health benefits under group plans offered by the County. Eligible employees include all General Employees and Firefighters that meet the following criteria:

<u>Classification:</u>	<u>Age/Years of Service</u>
<i>General Employees hired before January 1, 2013 (Non-PEPRA)</i>	Age 50 with 10 years of County service Age 70 with any service 30 years of County service 5 years of County service and disabled
<i>General Employees hired after December 31, 2012 (PEPRA)</i>	Age 52 with 5 years of County service Age 70 with any service 5 years of County service and disabled
<i>Firefighters hired before January 1, 2013 (Non-PEPRA)</i>	Age 50 with 10 years of County service Age 70 with any service 20 years of County service Disabled
<i>Firefighters hired after December 31, 2012 (PEPRA)</i>	Age 50 with 5 years of County service Age 70 with any service Disabled

The County has made no commitments to maintain this program and retirees' participation in the program is approved on a year-to-year basis by the Board. No assets directly or indirectly relating to this plan are held in trust or otherwise held or set aside for the exclusive benefit of participants. Retiree health benefits are not vested and may be modified or eliminated at any time. A separate financial statement is not issued for the plan.

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

Plan Membership

Plan participants at June 30, 2024, the valuation date, were as follows:

<u>Participant Classification</u>	<u>Number of Participants</u>
Inactive members currently receiving benefits	352
Active members	
General Employees	8,232
Firefighters	<u>402</u>
Total	<u><u>8,986</u></u>

Benefits Provided

Eligible employees who retire directly from the County may receive health benefits at subsidized rates. For coverage prior to age 65, the retiree pays premiums that are developed by blending active and retiree costs. Since retirees are older and generally cost more to insure than active employees, the premium paid by the retiree is less than the “true cost” of coverage for retirees thus creating an implicit subsidy. This implicit subsidy is considered an obligation under GASB 75.

Contributions and Funding Policy

Employer contributions in fiscal year 2024-25 were \$2,324,000. The County currently funds the subsidized retiree health benefits on a pay-as-you-go basis.

Total OPEB Liability

The County's total OPEB liability (TOL) of \$29,477,000 was measured as of June 30, 2024, and an actuarial valuation as of that date was used to calculate the County's TOL.

Actuarial Assumptions

The TOL was determined by an actuarial valuation as of June 30, 2024, using the following actuarial assumptions, applied to all periods included in the measurement:

	<u>Assumptions</u>
Actuarial funding method	Entry age normal
Inflation	2.50%
Real wage growth	0.50%
Wage inflation	3.00%
Projected salary increases (including wage inflation)	3.00% - 12.00%
Discount rate	3.93%
Health care cost trends	
Ventura County Health Care Plan	6.75% decreasing to an ultimate rate of 4.50% by 2033
All other coverage options	6.75% decreasing to an ultimate rate of 4.50% by 2033
Mortality	Pub-2010 General Healthy Amount-Weighted Above-Median Mortality Table Pub-2010 Safety Healthy Amount-Weighted Above-Median Mortality Table Pub-2010 Non-Safety Disabled Retiree Amount-Weighted Mortality Table Pub-2010 Safety Disabled Retiree Amount-Weighted Mortality Table

The demographic actuarial assumptions for retirement, disability incidence, and withdrawal used in the June 30, 2024 valuation were based on the VCERA economic and demographic experience study for the period July 1, 2020 through June 30, 2023. The remaining actuarial assumptions were based on a review of recent plan experience done concurrently with the June 30, 2024 valuation.

VCDSA Retiree Medical Reimbursement Plan

Plan Description

The VCDSA Retiree Medical Reimbursement Plan is a single-employer defined benefit plan administered by the VCDSA and is governed by the Board of Trustees of the plan. The plan is a non-governmental entity. The County has no control over the plan. The Board of Trustees has the authority to establish and amend benefit provisions. The plan allows eligible participants that retire from the County to receive reimbursement of health premiums. VCDSA issues separate audited financial reports for the plan prepared on the accrual basis of accounting with investments measured at fair value. The reports can be requested by writing to the Ventura County Deputy Sheriffs' Association Retiree Medical Reimbursement Trust, 981 South Victoria Avenue, Ventura, CA 93003.

The County is not legally liable for the plan's unfunded net OPEB liability (NOL) of \$122,942,000. The County is only legally responsible for the contributions agreed to in the Memorandum of Agreement between the County and VCDSA. However, under GASB 75 the OPEB benefit to the employees is considered a constructive obligation that must be reported in the County's financial statements.

Plan Membership

Plan participants at June 30, 2023, the valuation date, were as follows:

<u>Participant Classification</u>	<u>Number of Participants</u>
Inactive members or beneficiaries currently receiving benefits	531
Inactive members entitled to but not yet receiving benefits	36
Active members	<u>764</u>
Total	<u><u>1,331</u></u>

Benefits

In accordance with the plan, eligible participants (age 50 with 10 years of active service) include members of VCDSA and participants who move to sworn management positions not covered by the VCDSA Memorandum of Agreement that continue to make the required self-contributions. Benefits are a

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

percentage of an annual benefit level and are based on years of service, ranging from twenty percent with ten years of service to one hundred percent with twenty or more years of service. Benefits are not to exceed the actual premiums paid by the retiree.

Contributions

Contributions are made as required under provisions of the Memorandum of Agreement between the County and VCDSA. Contributions are 1.5 percent of covered payroll through January 4, 2025. Thereafter, contributions increased to 2.0 percent of covered payroll. Employer contributions in fiscal year 2024-25 were \$3,176,000.

Net OPEB Liability (Asset)

The County's NOL was measured as of June 30, 2024, and the TOL used to calculate the NOL was determined by an actuarial valuation as of June 30, 2023 and then rolled forward to June 30, 2024 measurement date.

Actuarial Assumptions

The TOL was determined by an actuarial valuation as of June 30, 2023, and rolled forward to June 30, 2024 measurement date, using the following actuarial assumptions; applied to all periods included in the measurement:

	Assumptions
Actuarial funding method	Entry age normal
Inflation	2.50%
Real wage growth	0.50%
Wage inflation	3.00%
Projected salary increases (including wage inflation)	4.00% - 12.00%
Discount rate	4.23%
Annual Increase in Maximum Annual Benefit	5.75%
Mortality	Pub-2010 General Amount-Weighted Above-Median Mortality Table Pub-2010 Safety Healthy Amount-Weighted Above-Median Mortality Table Pub-2010 Non-Safety Disabled Retiree Amount-Weighted Mortality Table Pub-2010 Safety Disabled Retiree Amount-Weighted Mortality Table

The demographic actuarial assumptions for retirement, disability incidence, and withdrawal used in the June 30, 2023 valuation were based on the VCERA economic and demographic experience study for the period July 1, 2020 through June 30, 2023. The assumed increase of 5.75 percent per annum for the benefit cap was based on the following formula: investment rate of return of 6.00 percent plus the wage growth of 3.00 percent to calculate the assumption of $((6.00 + 3.00) * 0.75) - 1.00 = 5.75$ percent. The remaining actuarial assumptions were based on a review of recent plan experience done concurrently with the June 30, 2023 valuation.

The long-term expected rate of return on OPEB plan investments was determined using best-estimate ranges of expected future real rates of return for each major asset class. The ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and adding expected inflation.

Asset Class	Actual Allocation	Long-Term Expected Real Rate of Return
U.S. Stocks	52.00 %	
International Equities	8.00 %	

COUNTY OF VENTURA

FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

Fixed Income Securities and Cash Equivalents	40.00 %	
Total	<u>100.00 %</u>	6.50 %

Discount Rate

Discount rate of 4.23 percent was used to measure the TOL. This was a change from 3.85 percent, the rate used on the prior measurement date. The projection of cash flows used to determine the discount rate was performed in accordance with GASB 75. Based on that assumption, the OPEB plan's fiduciary net position was not projected to provide all projected future benefit payments for current members for all future years. Therefore, the 6.50 percent assumed long-term expected rate of return on plan investments was applied to periods up to 2046 where the plan's fiduciary net position was projected to be sufficient to make projected benefit payments. The June average of the Bond Buyer General Obligation 20-year Municipal Bond Index published weekly by the Board of Governors of the Federal Reserve System, 3.93 percent, was used for all periods subsequent to 2046 where the plan's fiduciary net position was not projected to be sufficient to make projected benefit payments resulting in a single equivalent interest rate of 4.23 percent.

Changes in Net OPEB Liability

	Total OPEB Liability	Fiduciary Net Position	Net OPEB Liability
Balances at June 30, 2024 for measurement date of June 30, 2023	\$ 177,960	\$ 45,559	\$ 132,401
Changes for the year:

VCPFA Medical Premium Reimbursement Plan

Plan Description

The VCPFA Medical Premium Reimbursement Plan is a single-employer defined benefit plan administered by the VCPFA and is governed by the Board of Trustees of the plan. The plan is a non-governmental entity. The County has no control over the plan. The Board of Trustees has the authority to establish and amend benefit provisions. The plan allows eligible participants that retire from the County to receive reimbursement of health premiums. VCPFA issues separate audited financial reports for the plan prepared on the accrual basis of accounting with investments measured at fair value. The reports can be requested by writing to the Ventura County Professional Firefighters' Association Benefit Trust, 3251 Corte Malpaso, Suite 501B, Camarillo, CA 93012.

The plan currently has a net OPEB asset of \$1,757,000, which does not legally belong to the County. The County is only legally responsible for the contributions agreed to in the Memorandum of Agreement between the County and VCPFA. However, under GASB 75 the OPEB benefit to the employees is considered a constructive obligation that must be reported in the County's financial statements.

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

Plan Membership

Plan participants at June 30, 2023, the valuation date, were as follows:

<u>Participant Classification</u>	<u>Number of Participants</u>
Inactive members or beneficiaries currently receiving benefits	271
Inactive members entitled to but not yet receiving benefits	1
Active members	<u>429</u>
Total	<u><u>701</u></u>

Benefits

In accordance with the plan, eligible participants include members of VCPFA who are part of the Firefighter Unit, and participants who move to management positions not covered by the VCPFA Memorandum of Agreement that continue to make the required self-contributions. To be eligible for the benefit, retirees must attain age 55 and have completed 10 years of service, at least five of which were earned as a VCPFA member. Benefits are set at an annual maximum amount, not to exceed the actual premiums paid by the retiree.

Contributions

Contributions are made as required under provisions of the Memorandum of Agreement between the County and VCPFA. Contributions are 1.00 percent of covered payroll. Employer contributions in fiscal year 2024-25 were \$1,224,000 and include set contributions for legacy RMERP employees.

Net OPEB Liability (Asset)

The County's Net OPEB liability (asset) (NOA) was measured as of June 30, 2024, and the TOL used to calculate the NOA was determined by an actuarial valuation as of June 30, 2023 and then rolled forward to June 30, 2024 measurement date.

Actuarial Assumptions

The TOL was determined by an actuarial valuation as of June 30, 2023 and rolled forward to June 30, 2024 measurement date, using the following actuarial assumptions; applied to all periods included in the measurement:

	<u>Assumptions</u>
Actuarial funding method	Entry age normal
Inflation	2.50%
Real wage growth	0.50%
Wage inflation	3.00%
Projected salary increases (including wage inflation)	4.25% - 12.00%
Discount Rate	6.00%
Health Care Cost Trends	7.00% for 2023 decreasing to an ultimate rate of 4.50% by 2033
Mortality	Pub-2010 Safety Healthy Amount-Weighted Above-Median Mortality Table Pub-2010 Safety Disabled Retiree Amount-Weighted Mortality Table

The demographic actuarial assumptions for retirement, disability incidence, and withdrawal used in the June 30, 2023 valuation were based on the VCERA economic and demographic experience study for the period July 1, 2020 through June 30, 2023. The remaining actuarial assumptions were based on a review of recent plan experience done concurrently with the June 30, 2023 valuation.

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

The long-term expected rate of return on OPEB plan investments was determined using best-estimate ranges of expected future real rates of return for each major asset class. The ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and adding expected inflation.

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Bonds	30.00 %	
Stocks	30.00 %	
Alternative Investments	40.00 %	
Total	100.00 %	6.00 %

Discount Rate

Discount rate of 6.00 percent was used to measure the TOL. The projection of cash flows used to determine the discount rate was performed in accordance with GASB 75. Based on that assumption, the OPEB plan's fiduciary net position was projected to provide all projected future benefit payments for current members for all future years. Therefore, the 6.00 percent assumed long-term expected rate of return on plan investments was applied to all periods of projected benefit payment to determine the TOL.

Retiree Medical Expense Reimbursement Plan

Plan Description

The Retiree Medical Expense Reimbursement Plan (RMERP) is a single-employer defined benefit healthcare plan that is used to provide postemployment benefits other than pensions (OPEB). RMERP provides a monthly healthcare subsidy to eligible members, which are credited to their individual Health Reimbursement Arrangement (HRA) to reimburse eligible healthcare expenses when the member begins receiving VCERA annuity payments. RMERP was adopted on June 27, 2023. There is no separate report issued by the plan.

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

The Alameda Resolution, approved by the VCERA Board of Retirement on April 17, 2023, stipulates that significant portions of the County's Flexible Credit Allowance will no longer be factored into the retirement compensation calculation for legacy (non-PEPRA) retirement plan participants. Because of this, members hired before January 1, 2013, or who have attained reciprocity with VCERA due to service prior to January 1, 2013, will have a reduction in their pension benefits. To mitigate the impact of this Resolution, the Board of Supervisors approved the implementation of RMERP. Under RMERP, a monthly healthcare subsidy will be placed in a trust and made available to eligible members through payments to their individual HRA accounts.

The County Board of Supervisors has appointed a committee to administer RMERP. The committee consists of the County Executive Officer, Director of Human Resources, Auditor-Controller, County Counsel, and Treasurer Tax-Collector. The County has delegated the trustee of the OPEB trust to Principal, and has delegated P and G Group, LLC, as the third-party administrator of RMERP.

A separate financial statement is not issued by RMERP. In lieu of separately issued financial statements for RMERP, condensed financial statements at June 30, 2025 are presented below (in thousands):

Statement of Fiduciary Net Position

The following disclosures are related to the plan reporting requirements of GASB 74 and use a measurement date of June 30, 2025:

Plan Membership

Plan participants at June 30, 2024, the valuation date, were as follows:

<u>Participant Classification</u>	<u>Number of Participants</u>
Inactive members or beneficiaries currently receiving benefit payments	1,381
Inactive members entitled to but not yet receiving benefit payments	418
Active members	<u>3,178</u>
Total	<u>4,977</u>

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

Benefits

RMERP provides a monthly healthcare subsidy for members, which will be credited to their individual HRA. This subsidy can be used to reimburse eligible healthcare expenses when the member begins receiving VCERA annuity payments. The benefit provided, with the exception of VCPFA, will be based on the age and years of service at the time of retirement.

Eligible safety and non-safety members who retire will have an HRA created and receive a monthly HRA contribution based on the retiree's age and number of County years of service at the time of retirement.

For VCPFA, the County will make contributions on behalf of eligible retirees to an existing VCPFA administered medical trust which has previously been established to pay for member health-related expenses. Under the VCPFA agreement, the County will contribute a flat rate per month for each eligible safety and non-safety retiree to the VCPFA administered trust regardless of age and service.

Each member's HRA balance will roll over and remain available every Plan Year.

Upon death of an eligible retiree, if the retiree has a surviving beneficiary that receives a pension payment from VCERA, the surviving beneficiary will be able to access the balance of the HRA and will receive monthly benefits until death. However, once both the retiree and their eligible beneficiary are deceased, their remaining HRA funds will be forfeited and returned to RMERP general assets after the end of the one-year (12-month) Claim Run-Out Period.

Contributions

The contribution requirements of the County are established and may be amended by the Board of Supervisors. The Board establishes rates based on an actuarially determined rate. The actuarially determined contributions for the County for the fiscal year ended June 30, 2025 were approximately \$20,988,000. The benefit is funded solely by employer contributions. For year ended June 30, 2025, the County contributed \$5,075,000 to RMERP.

Investment Policy

RMERP's investment policy in regard to the allocation of invested assets is established and may be amended by RMERP committee. It is the policy of RMERP committee to pursue an investment strategy that emphasizes safety, diversification, and yield and follows the "prudent investor rule". Fair value calculations are based on market values provided by RMERP's investment custodian. The following was the committee's adopted asset allocation policy as of June 30, 2025:

Asset Class	Target Allocation
Fixed Income	39 %
U.S. Equity	45 %
Non U.S. Equity	15 %
Cash and Cash Equivalents	1 %
Total	100 %

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

Concentrations

As of June 30, 2025, RMERP held the following investments that represent 5 percent or more of the plan's fiduciary net position:

Investment	Percentage of Fiduciary Net Position
Allspring Core Bond	11 %
Principal/Blackrock International Equity Index	12 %
Principal/Blackrock Large Cap Growth Index	17 %
Principal/Blackrock Large Cap Value Index	16 %
Principal/Blackrock S&P Midcap Index	7 %
Principal/Blackrock US Agg Bond Index	12 %
Principal/Dodge & Cox Intermediate Bond	11 %

Rate of Return

For the year ended June 30, 2025, the annual money-weighted rate of return on investments, net of OPEB plan investment expense, including price inflation, was 12.21 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Net OPEB Liability

The components of the NOL at June 30, 2025, were as follows (in thousands):

Total OPEB liability	\$ 199,277
Plan fiduciary net position	<u>(12,294)</u>
Plan's net OPEB liability	<u>\$ 186,983</u>

Plan fiduciary net position as a percentage of the total OPEB liability	6.17 %
--	--------

The actuarial liabilities and assets are valued as of June 30, 2024, and then rolled forward to the measurement date of June 30, 2025.

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

Actuarial Assumptions

The TOL was determined by an actuarial valuation as of June 30, 2024, and then rolled forward to the June 30, 2025 measurement date, using the following actuarial assumptions, applied to all periods included in the measurement:

	Assumptions
Actuarial cost method	Entry age normal
Long-term investment rate of return	6.50%
Municipal bond index rate	5.20%
Inflation	2.50%
Real wage growth	0.50%
Wage inflation	3.00%
Projected salary increases (including wage inflation)	
General members	1.00% - 7.00%
Safety members	1.25% - 9.00%
Discount rate	6.50%
Health care cost trends	2.50%
Mortality	Pub-2010 General Employee Amount-Weighted Above-Median Mortality Table Pub-2010 Safety Employee Amount-Weighted Above-Median Mortality Table Pub-2010 General Healthy Retiree Amount-Weighted Above-Median Mortality Table Pub-2010 Safety Healthy Retiree Amount-Weighted Above-Median Mortality Table Pub-2010 Disabled Retiree Amount-Weighted Mortality Table Pub-2010 Safety Disabled Retiree Amount-Weighted Mortality Table Pub-2010 General Contingent Survivor Amount-Weighted Above-Median Mortality Table
Retirement Age	60 for General and 55 for Safety

An experience study has not been conducted for RMERP. However, the County participates in VCERA and utilizes the assumptions used by VCERA where appropriate and reasonable. The 2020-2023 VCERA experience study used was conducted on June 5, 2024 for the period of July 1, 2020 through June 30, 2023.

The long-term expected rate of return assumption on RMERP investments was evaluated using several factors, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Fixed Income	39.00 %	
U.S. Equity	45.00 %	
Non U.S. Equity	15.00 %	
Cash and Cash Equivalents	1.00 %	
Total	100.00 %	6.50 %

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

Discount Rate

Discount rate of 6.50 percent was used to measure the TOL. The discount rate was based upon the long-term expected rate of return. The projection of cash flows used to determine the discount rate assumed no active employee contributions and employer funding on a pay-as-you-go basis for the fiscal years 2024-25 and 2025-26, followed by full Actuarially Determined Employer Contributions beginning in fiscal year 2026-27, with cash flows assumed to occur mid-year. Based on these assumptions, the OPEB plan's fiduciary net position was projected not to be depleted.

Sensitivity of Net OPEB Liability to changes in the discount rate

The following table presents the NOL of RMERP, calculated using the discount rate of 6.50 percent, as well as what the Plan's NOL would be if it were calculated using a discount rate that is 1-percentage-point lower (5.50 percent) or 1-percentage-point higher (7.50 percent) than the current rate (in thousands):

	1% Decrease (5.50%)	Current Discount Rate (6.50%)	1% Increase (7.50%)
Plan's net OPEB liability	\$ 218,665	\$ 186,983	\$ 161,321

Sensitivity of Net OPEB Liability to changes in the healthcare cost trend rates

The following table presents the NOL of RMERP, determined using the current healthcare cost trend rate of 2.50 percent, as well as what the Plan's NOL would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (1.50 percent) or 1-percentage-point higher (3.50 percent) than the current healthcare cost trend rates (in thousands):

	1% Decrease (1.50%)	Current Healthcare Cost Trend Rate (2.50%)	1% Increase (3.50%)
Plan's net OPEB liability	\$ 156,514	\$ 186,983	\$ 225,453

Employer Reporting

The following disclosures are related to the employer reporting requirements of GASB 75, and use a measurement date of June 30, 2024:

Plan Membership

Plan participants at June 30, 2024, the valuation date, were as follows:

<u>Participant Classification</u>	<u>Number of Participants</u>
Inactive members or beneficiaries currently receiving benefit payments	1,381
Inactive members entitled to but not yet receiving benefit payments	418
Active members	3,178
Total	<u>4,977</u>

Contributions

The required contributions were determined as part of the June 30, 2024 actuarial valuation. The actuarially determined contributions for the fiscal year ending June 30, 2024 were approximately \$20,988,000. The benefit is solely funded by employer contributions. For the year ended June 30, 2024, the County contributed \$6,039,000 to RMERP.

Net OPEB Liability

The County's NOL was measured as of June 30, 2024, and the TOL used to calculate the NOL was

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

determined by an actuarial valuation as of that date.

Actuarial Assumptions

The TOL was determined by an actuarial valuation as of June 30, 2024, using the following actuarial assumptions, applied to all periods included in the measurement:

	Assumptions
Actuarial cost method	Entry age normal
Long-term investment rate of return	7.00%
Municipal bond index rate	3.93%
Inflation	2.50%
Real wage growth	0.50%
Projected salary increases (including wage inflation)	
General members	1.00% - 7.00%
Safety members	1.25% - 9.00%
Discount rate	7.00%
Health care cost trends	2.50%
Mortality	Pub-2010 General Employee Amount-Weighted Above-Median Mortality Table Pub-2010 Safety Employee Amount-Weighted Above-Median Mortality Table Pub-2010 General Healthy Retiree Amount-Weighted Above-Median Mortality Table Pub-2010 Safety Healthy Retiree Amount-Weighted Above-Median Mortality Table Pub-2010 Disabled Retiree Amount-Weighted Mortality Table Pub-2010 Safety Disabled Retiree Amount-Weighted Mortality Table Pub-2010 General Contingent Survivor Amount-Weighted Above-Median Mortality Table

An experience study has not been conducted for the RMERP. However, the County participates in VCERA and utilizes the assumptions used by VCERA where appropriate and reasonable. The VCERA experience study used was conducted on June 5, 2024 for the period of July 1, 2020 through June 30, 2023.

The long-term expected rate of return on OPEB plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and most recent best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Fixed Income	39.00 %	
U.S. Equity	45.00 %	
Non U.S. Equity	15.00 %	
Cash and Cash Equivalents	1.00 %	
Total	100.00 %	7.00 %

Discount Rate

The discount rate used to measure the TOL was 7.00 percent. The projection of cash flows used to determine the discount rate assumed no active employee contributions and employer funding on a pay-as-you-go basis for the fiscal years 2024-25 and 2025-26, followed by full Actuarially Determined Employer Contributions beginning in fiscal year 2026-27, with cash flows assumed to occur mid-year. Based on these assumptions, the OPEB plan's fiduciary net position was projected not to be depleted.

	1% Decrease (1.50%)	Current Healthcare Cost Trend Rates (2.50%)	1% Increase (3.50%)
Plan's net OPEB liability	\$ 138,327	\$ 163,586	\$ 195,263

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB
For the year ended June 30, 2025, the County recognized OPEB expense of \$164,230,000. At June 30, 2025, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources (in thousands):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Net differences between projected and actual earnings on plan investments	\$ -	\$ 644
County contributions subsequent to the measurement date	4,961	-
Total	<u>\$ 4,961</u>	<u>\$ 644</u>

\$4,961,000 reported as deferred outflows of resources related to OPEB benefits resulting from County contributions subsequent to the measurement date will be recognized as reduction of the NOL in the year ended June 30, 2026.

2028	(161)
2029	(161)
Total	<u>\$ (644)</u>

NOTE 17 - TAX AND REVENUE ANTICIPATION NOTES PAYABLE

The County issued no new Tax and Revenue Anticipation Notes (Notes) for FY 2024-25 to meet cash flow requirements for operational needs. At June 30, 2025, the outstanding principal was \$0. Principal and interest due in fiscal year 2024-25 was paid on July 1, 2024, the maturity date of these notes.

The Notes, in accordance with California law, are general obligations of the County and were payable out of fiscal year 2023-2024 taxes and other revenues, which are legally available for payment thereof.

The summary of the notes transactions for the fiscal year ended June 30, 2025, is as follows (in thousands):

Beginning Balance <u>July 1, 2024</u>	<u>Additions</u>	<u>Reductions</u>	Ending Balance <u>June 30, 2025</u>	Due Within <u>One Year</u>
<u>\$ 90,000</u>	<u>\$ -</u>	<u>\$ 90,000</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE 18 - RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; hospital liability (malpractice); errors and omissions; theft of, damage to, and destruction of assets; and natural disasters for which the government is either self-insured, commercially insured, or a combination of both.

The Human Resources Department acquired commercial insurance for primary group medical and long-term disability insurance. Unemployment insurance benefits are self-insured and administered by the Human Resources Department within the Employee Benefits Insurance Internal Service Fund (ISF). Professional Firefighters and Deputy Sheriffs Associations also administer commercial group medical insurance plans available for their members.

The Ventura County Health Care Plan (VCHCP), administered by the Health Care Agency, provides a County medical plan for County employees. In addition, plans are offered to affiliated clinics and small group employees through their employers, as well as Ventura County Deputy Sheriffs Association (VCDSA). Excess commercial coverage is also purchased by VCHCP.

The Risk Management Department within the General Insurance ISF administers the commercial and self-insurance aspects of the County's casualty risk programs. General liability is self-insured to \$2,000,000 per occurrence, and thereafter covered by excess commercial liability insurance, effective April 1, 2024, up to \$50 million per occurrence. The Worker's Compensation Program in the Risk Management Workers' Compensation ISF funds is fully self-insured and is administered by a third-party administrator.

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

In October 2004, the County joined the California State Association of Counties (CSAC) Excess Insurance Authority, a joint powers authority now known as Public Risk Innovations, Solutions, and Management, for property and earthquake coverage. The Authority was formed in 1979 by and for California counties and currently has 55 participating counties, and a number of other public entities. The Authority is governed by a Board of Directors composed of one director from each member county appointed by each member county's Board of Supervisors, and five other public entity Board members. The Authority annually issues an audited Annual Comprehensive Financial Report. Through participation in the Authority, risk is pooled (shared) among the pool participants. Accordingly, the premiums are reported as insurance expenses in the General Liability Internal Service Fund as required by GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*.

Medical malpractice liability insurance provides liability coverage on a claims-made basis, up to \$50,000,000 per incident for the County, and \$3,000,000 per occurrence for individually named physicians, with a \$100,000 per occurrence deductible. Medical malpractice claims made coverage includes a retroactive date of October 1, 1986. Tail coverage for events that occurred prior to October 1, 1986 but have not yet been reported is self-insured. In March 2004, the County began participating in the BETA Healthcare Group, a joint powers authority, for the purpose of purchasing medical malpractice insurance. This risk-sharing pool program, established as a cost-effective alternative to the commercial insurance market, is structured like a traditional insurer in that members are not assessed for excess pool losses. Coverage was renewed in July 2025.

The unpaid claims liabilities included in the General Insurance fund are based on actuarial studies and include amounts for claims incurred but not reported, including loss adjustment expenses. The discount rate for the General Insurance liability is 2.75 percent. The revenue received, including interest, contribution funded liabilities, and net position are sufficient to meet liabilities as they come due.

Workers' compensation occurrences are self-insured effective July 1, 2002, with coverage for all employees. Injuries occurring from July 1, 1995 to June 30, 2002, are fully covered by the prior commercial insurer without a maximum. Injuries occurring prior to July 1, 1995, were originally self-insured and self-administered. Beginning in April 1997, these claims were adjusted and funded through a loss portfolio transfer policy with limits of liability of \$22,800,000, and the insurance carrier's right to reimbursement for claims expenses in excess of the policy limit. The limit of liability was exceeded in July 2007. Litigation ensued against the carrier, resulting in a settlement in March 2011, whereby the carrier waived reimbursement of \$1,650,000 in expenses and the County took over further administration of the claims as of April 2011. As a result, the claims are now once again administered by, and claims costs borne by the County, along with the post July 1, 2002, self-insured claims. As of June 30, 2025, the expected liability on the pre-1995 claims, at the 80 percent confidence level, discounted at 3.5 percent, was actuarially estimated to be \$3,194,000.

The unpaid claims liabilities in the Workers' Compensation fund for losses prior to 1995 and subsequent to 2002 included in the self-insurance fund are based on actuarial studies and include amounts for claims incurred but not reported, including loss adjustment expenses. The discount rate for the Workers' Compensation fund is 3.5 percent. This discount rate is higher than the discount rate for the liability fund because the liability for workers' compensation cases is much longer than other types of liabilities in the General Insurance ISF.

Settlements or judgments have not exceeded commercial coverage for any risk of loss in each of the past three fiscal years. In addition, litigation expenses and liability for damages for uninsured cases, such as

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

inverse condemnation and land subsidence cases, have been incurred by the General Insurance ISF.

Changes in the balances of claims liabilities of General Insurance and Employee Benefits ISFs and Health Care Plan Enterprise Fund and medical malpractice liability of the Medical System during fiscal years 2023-24 and 2024-25 are as follows (in thousands):

	Claims Fiscal Year		Medical Malpractice Fiscal Year	
	2024-25	2023-24	2024-25	2023-24
Liabilities, beginning	\$ 250,887	\$ 241,185	\$ 3,041	\$ 2,677
Incurred losses and adjustments	130,313	113,059	(320)	364
Claim payments	(119,772)	(103,357)	-	-
Liabilities, ending	<u>\$ 261,428</u>	<u>\$ 250,887</u>	<u>\$ 2,721</u>	<u>\$ 3,041</u>

Medical malpractice liability for public and mental health functions in the General Fund of \$532,000, a decrease of \$269,000 from the prior year, is reported in the governmental activities portion of the government-wide financial statements.

NOTE 19 - UNEARNED REVENUE

Unearned revenue at year-end of the County's major, non-major, and internal service funds in the aggregate are as follows (in thousands):

Governmental Activities	General Fund	Fire Protection District	Non-major Governmental Funds	Internal Service Funds	Total Governmental Activities
Unearned revenue:

NOTE 20 - DEFERRED INFLOWS OF RESOURCES - UNAVAILABLE REVENUE

Deferred inflows of resources to the County's governmental funds relate to unavailable revenue as of June 30, 2025. Unavailable revenue is revenue that is earned, however, is not available for use on current or near-term expenditures. The year-end unavailable revenue balances are summarized as follows (in thousands):

Governmental Funds	General Fund	Fire Protection District	Non-major Governmental Funds	Total Governmental Activities
Unavailable revenue:				
National Opioids Settlement	\$ 53,203	\$ -	\$ -	\$ 53,203
Medi-Cal	22,573	-	510	23,083
SB 90 revenue	6,437	40	-	6,477
HUD and HOME programs	3,630	-	15,164	18,794
Emergency services reimbursements	-	11,663	-	11,663
CAL FIRE reimbursements	-	2,939	-	2,939
Special assessments	-	-	6,137	6,137
Other unavailable revenue	2,862	3,472	16,773	23,107
Total unavailable revenue	<u>\$ 88,705</u>	<u>\$ 18,114</u>	<u>\$ 38,584</u>	<u>\$ 145,403</u>

NOTE 21 - COMMITMENTS AND CONTINGENCIES

Grants

The County recognizes as revenue grant monies received as reimbursement for costs incurred in certain federal and state programs it administers. The County's grant programs are subject to audit under the Office of Management and Budget (OMB) Uniform Administrative Requirements, Cost Principles, and Audit requirements for Federal Awards (Uniform Grant Guidance), and are generally subject to review and audit by the grantor agencies. Such audits could result in requests for reimbursement to grantor agencies for expenditures disallowed under the terms of the grant or in reductions of future grant monies. An annual amount is set aside for contingencies in the General Fund for this possibility. Based on prior experience, management believes that grant costs ultimately disallowed, if any, would not materially affect the financial condition of the County.

Encumbrances

Encumbrances are commitments related to unperformed (executory) contracts for goods or services. Encumbrances outstanding at year end are not accounted for as expenditures and liabilities, but are payable upon future performance. As of June 30, 2025, encumbrances of \$95,467,000 were reported in the General Fund, \$32,787,000 in the Fire Protection District, and \$60,442,000 in the Non-major Governmental Funds.

Other

Legal proceedings normally occur related to construction projects and are subject to arbitration by agreement. Claims are negotiated by the County of Ventura. In the opinion of management, current claims are not likely to have a material adverse impact on the County financial statements and, accordingly, no provision for losses has been recorded.

COUNTY OF VENTURA
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

NOTE 22 - SUCCESSOR AGENCY TRUST FOR ASSETS OF FORMER REDEVELOPMENT AGENCY

On December 29, 2011, the California Supreme Court upheld Assembly Bill XI 26 ("the Bill") that provides for the dissolution of all redevelopment agencies in the State of California. The former Redevelopment agency was established in 1994 pursuant to Section 33200 of the State of California Health and Safety Code. On February 1, 2012, the former Redevelopment Agency was dissolved pursuant to the Bill and the Successor Agency was created. This action impacted the reporting entity of the County that previously had reported a redevelopment agency within the reporting entity of the County as a blended component unit.

Due to the dissolution of the County's Redevelopment Agency, successor agencies will only be allocated revenue in the amount that is necessary to pay the estimated annual installment payments on enforceable obligations of the former redevelopment agency until all enforceable obligations of the prior redevelopment agency have been paid in full and all assets have been liquidated.

Long-Term Debt

Tax revenues for the Successor Agency for the current year were \$65,000.

Information about the Successor Agency long-term debt is as follows:

U.S. Department of Agriculture (USDA) Bonds

On May 8, 2007, the Agency applied for a USDA Rural Development Community Facilities Direct Low Interest Loan, in the amount of \$750,000 for the Piru Earthquake Related Redevelopment Project. On June 3, 2008, the Agency accepted the loan and authorized the issuance of tax allocation bonds to the USDA to secure the loan. To repay the tax allocation bonds, the Agency pledged property tax increment revenues. On July 24, 2008, the tax allocation bonds were delivered to the USDA. Interest is payable semiannually at a rate of 4.125 percent. Bonds mature serially each year through July 2038.

On February 1, 2012, the bond obligation was transferred from the County of Ventura Redevelopment Agency to the Successor Agency.

Summary of long-term indebtedness as of June 30, 2025, are as follows (in thousands):

Obligation	Outstanding July 1, 2024	Additions	Maturities	Outstanding June 30, 2025	Amount Due Within One Year
Bonds from Direct Placement	\$ 486	\$ -	\$ 24	\$ 462	\$ 25

Notes to Schedule:

Changes of assumptions. In 2018, rates of withdrawal, retirement and mortality were adjusted to more closely reflect actual and anticipated experience. Additionally, the assumed investment rate of return was lowered from 7.75 percent to 7.50 percent in 2015 and from 7.50 percent to 7.25 percent in 2018. In 2019, there was a change in the amortization method from Level Percentage of Pay to Level Dollar. In 2021, discount rate decreased to 7.00 percent from 7.25 percent, the Mortality Table was changed to PUB-2010 General Employee Amount-Weighted Above-Median and PUB-2010 General Healthy Retiree Amount-Weighted Above-Median, and the projected salary decreased. In 2025, the discount rate decreased to 6.25 percent from 7.00 percent. These assumptions were recommended as part of the VCERA Experience Study performed for the three-year periods ended June 30, 2017, June 30, 2020, and June 30, 2023.

Notes to Schedule:

Valuation date:

Actuarially determined contribution rates are calculated as of June 30, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age normal
Amortization method	Level Dollar for all plan parts
Remaining amortization period	0 to 15 years closed
Asset valuation method	5 year smoothed market value
Inflation	2.50% annual rate
Salary increases	3.75%
Investment rate of return	6.25% annual rate, net of expense
Cost-of-living adjustments	3.00% annual rate for part D only

COUNTY OF VENTURA
NOTE TO REQUIRED SUPPLEMENTARY INFORMATION
BUDGETARY INFORMATION
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

Budgetary Adoption

The County is legally required to adopt a balanced annual budget for the General Fund, special revenue funds, the permanent fund, the debt service fund for County Service Area #34, and capital projects funds for the Santa Rosa Road Assessment District, Todd Road Jail Expansion, and Ventura County Integrated Justice Information System. The County adheres to provisions of the California Government Code Sections 29000 through 29144, known as The County Budget Act. Annually, the Board conducts a public hearing for discussion of the proposed budget. At the conclusion of the hearing, and no later than October 2, the Board adopts the final budget including revisions by resolution. A Final Budget book is published.

Budgetary Comparisons

GAAP requires a budgetary comparison for the major general and special revenue funds from the funds financial statements. The County has elected to present this information as Required Supplementary Information. Analysis of the General Fund budget is included in Management's Discussion and Analysis.

Required comparisons are between original budget and final budget and between final budget and actual on a budgetary basis. The "original budget" includes the original approved budget (published as the Final Budget) plus appropriations for prior year approved roll-over encumbrances. The "final budget" is the budget as Board approved at the end of the fiscal year. The "actual on a budgetary basis" includes the actual revenues and expenditures as presented in the budget and as adjusted for the fund financial statements.

The primary changes are as follows:

For budgetary purposes, changes in the fair value of investments are not recognized as increases or decreases to revenue. Under GAAP such changes are recognized as increases or decreases to revenue.

For budgetary purposes, the County departmental fund amounts planned by departments for use during the fiscal year were recognized as revenue. Under GAAP, all County departmental funds must be included within the related County fund as revenue, unearned revenue, unavailable revenue, or liability.

For budgetary purposes, the Stormwater-Unincorporated fund and Nyeland Acres Community Center CFD fund are maintained as a special revenue fund. Under GAAP, this fund does not meet the criteria to be reported as a separate special revenue fund.

The following schedule is a reconciliation for major funds of the differences between fund balances on the actual on a budgetary basis and GAAP basis fund balances (in thousands):

	General Fund	Fire Protection District
Fund Balances - Actual on a budgetary basis	\$ 1,046,327	\$ 195,628
Adjustments:		
Change in fair value of investments	2,452	1,322
Change in County departmental funds	37,224	(3,852)
Change in Special Revenue Funds	(1,617)	-
Total adjustments	38,059	(2,530)
Fund Balances - GAAP basis	\$ 1,084,386	\$ 193,098

COUNTY OF VENTURA
NOTE TO REQUIRED SUPPLEMENTARY INFORMATION
BUDGETARY INFORMATION
FOR THE FISCAL YEAR ENDED JUNE 30, 2025
(Continued)

Supplemental Appropriations

The Board may approve supplemental appropriations during the year if revenues are received from unanticipated sources or from anticipated sources, but in excess of estimates thereof. Transfers of appropriations between budget units/departments must also be approved by the Board.

Supplemental appropriations for those funds which the County is legally required to adopt an annual budget approximated \$218,694,000 for the fiscal year ended June 30, 2025.

Level of Budgetary Control

County expenditures are controlled at the object level (salaries and benefits, services and supplies, other charges, and other financing uses) and sub-object level (capital assets) within budget units/departments for the County. The object level is the level at which expenditures may not legally exceed appropriations. Any transfer of appropriations between object levels within the same budget unit is delegated by the Board to the County Executive Officer.

The County is legally required to adopt an annual budget including over 90 budget units/departments in over 30 funds. Because of this large volume of detail, a separate Departmental Budget Report of Revenues and Expenditures – Budget and Actual on a Budgetary Basis has been prepared at the budget unit/department, function, and object level for those funds for which the County is legally required to adopt an annual budget. After approved year-end and post-closing adjustments, there are no departments exceeding appropriations at the object level. The budgetary document is available from the Auditor-Controller's Office, 800 South Victoria Avenue, Ventura, CA 93009-1540, or on the County website at: https://vcportal.venturacounty.gov/auditor/docs/financial-reports/FY25_BudgetToActual.pdf

Encumbrances

The County requires use of an encumbrance system as an extension of normal budgetary accounting to assist all funds in controlling expenditures. Under this system, purchase orders, contracts, and other commitments for the expenditures of funds are recorded in order to reserve that portion of applicable appropriations. Encumbrances outstanding at year-end are included in restricted, committed or assigned fund balance in the governmental funds. Unencumbered appropriations lapse at year-end. Encumbered appropriations are carried forward in the ensuing year's budget.

THIS PAGE LEFT BLANK INTENTIONALLY

NON-MAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for revenues that are restricted by law or administrative action to expenditures for specified purposes. Non-major special revenue funds used by the County are listed below:

COUNTY LIBRARY

This fund accounts for the provision of library services in twelve branches throughout the County, except in the cities of Camarillo, Oxnard, Moorpark, Simi Valley, and Thousand Oaks, and the Santa Paula School District, which provide their own library facilities. Support is derived principally from property taxes and includes donations from citizens, groups, and cities.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT (H.U.D.) GRANTS

This fund is primarily used to account for federal grants from H.U.D. for development of low and moderate income housing, rehabilitation and improvements of public facilities, and meeting conditions which pose a serious and immediate threat to health and welfare in the County.

ROADS

This fund accounts for planning, design, construction, maintenance, and administration of County roads. It also engages in traffic safety and other transportation planning activities. Revenues consist primarily of the County's share of state highway use taxes and fuel taxes.

WATERSHED PROTECTION DISTRICT

The function of this fund is the control of flood and storm waters, and the conservation of such waters for beneficial public use. Revenues are primarily received from property taxes, aid from other governmental units, and charges for current services.

FISH AND WILDLIFE

This fund was established to receive the County's share of fines levied for violations of fish and game laws within its boundaries. Expenditures are made from time to time for purposes of improving the habitat for wildlife propagation and for incidental administrative matters.

DOMESTIC VIOLENCE PROGRAM

This program was established to provide services to victims of domestic violence and their children in accordance with state statute and to explore and determine ways of reducing incidences of domestic violence. The program is funded by a special surcharge levied on the issuance of all marriage licenses.

COUNTY SERVICE AREAS

County Service Areas account for lighting, street and road maintenance, ambulance service, recreation, and wastewater treatment facilities in specific geographic areas. Support is derived principally from property taxes and service charges in each service area.

WORKFORCE DEVELOPMENT

This fund accounts for the provision of services to the public and private sectors, including the planning, operation, administration, and management of job training programs pursuant to the Workforce Investment Act, regulations of the U.S. Department of Labor, Family Economic Security Act, and the directions of the Governor of the State of California. Support consists principally of federal funds.

NON-MAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

(Continued)

SPAY/NEUTER PROGRAM

This fund is used to account for the spay/neuter subvention program. The program provides Ventura County animal owners with financial assistance, using a voucher system, for altering dogs. The program is funded by forfeited spay/neuter deposit monies and animal license fees.

INMATE WELFARE

This fund was established pursuant to Section 4025 of the California Penal Code for the benefit, education, and welfare of inmates confined to County jail. It is funded by proceeds from the jail canteen, jail commissary, vocational programs, and telephone commissions.

IN-HOME SUPPORTIVE SERVICES PUBLIC AUTHORITY

The Ventura County In-Home Supportive Services Public Authority was established on July 23, 2002, to provide an employer of record for in-home supportive service providers, as required by Welfare and Institutions Code Section 12302.25. Federal, State, County, and realignment funds support the activities of the In-Home Supportive Services Public Authority.

DEPARTMENT OF CHILD SUPPORT SERVICES

This fund was established in July 2002, pursuant to Family Code Section 17304 which required the transfer of local child support programs from the District Attorney's Office to a newly created County department under the oversight of the State. Services, which include location, establishment and enforcement of orders for child and medical support, and paternity determination, are funded by federal and state reimbursements.

MENTAL HEALTH SERVICES ACT (MHSA)

In November 2004, voters passed Proposition 63 (MHSA) to provide funding to support County mental health programs for children, transition age youth, adults, older adults and families. This fund was created in July 2007 to support and provide a broad continuum of prevention, early intervention and service needs and the necessary infrastructure, technology and training elements.

COUNTY SUCCESSOR HOUSING AGENCY

The County Successor Housing Agency fund was created on February 1, 2012, pursuant to the provisions of the Redevelopment Restructuring Act. Under this act the County elected to retain the housing assets, functions and powers previously performed by the County of Ventura Redevelopment Agency.

NON-MAJOR GOVERNMENTAL FUNDS

DEBT SERVICE FUNDS

Debt service funds are used to account for the accumulation of resources for, and the payment of, general long-term debt. A more detailed description of each fund is listed below:

PUBLIC FINANCING AUTHORITY

This fund is used to finance a portion of various capital projects and pay costs incurred in connection with the issuance, sale, and delivery of the Public Financing Authority's (PFA) Tax Exempt Commercial Paper Notes (TECP), the Revolving Credit Agreement Notes (RCA), the Lease Revenue Bonds, Series 2013A and Series 2013B (LRB 2013A and LRB 2013B, respectively), the Lease Revenue Refunding Bonds, Series 2016A and Series 2020A (LRRB 2016A and LRRB 2020A, respectively), and the Certificates of Participation issued to the United States Department of Agriculture (USDA COPs). The LRB 2013A financed a new replacement wing of the Ventura County Medical Center and retired \$20,656,000 of TECP. The LRB 2013B financed the acquisition of an office building located at 1911 Williams Drive in Oxnard and refunded the 2003 Certificates of Participation. The LRRB 2016A were used to advance refund the PFA 2009 Certificate of Participation and the LRRB 2020A were used to advance refund LRB 2013A. The Waterworks District No. 19 (WW19) USDA COPs were used to fund the WW19 Water Infrastructure Project. In 2021, the USDA COPs were refinanced with RCA. This fund receives lease revenue payments in compliance with lease-purchase agreements and installment sale payments in compliance with installment sale agreements. These payments are accumulated for making payment of principal and interest on these debt issues.

COUNTY SERVICE AREA #34

This fund is used to account for the required debt service reserve and accumulate resources for the payment of principal and interest on the Revolving Fund Loan issued by the State of California, State Water Resources Control Board-Clean Water Act. Revenues are received through special assessment taxes on property.

NON-MAJOR GOVERNMENTAL FUNDS

CAPITAL PROJECTS FUNDS

Capital projects funds are used to account for financial resources provided by borrowings or contributions and for major capital acquisition and construction activities funded by those resources (other than those financed by proprietary funds and trust funds). Major capital activities are reported in the following funds:

PUBLIC FINANCING AUTHORITY

This fund is used to account for the costs of constructing and acquiring various buildings, facilities, and equipment for the County that are funded by debt. The cost of various projects were financed by the periodic issuance of Tax Exempt Commercial Paper Notes (TECP) which were first used in 1998 through the Public Financing Authority (PFA). In 2018, PFA issued Revolving Credit Agreement Notes (RCA) to retire all of the outstanding TECP and continue to fund ongoing projects. Certificates of Participation (COPs) were issued in 2003 to purchase the Gonzales Road Building and finance the construction of the Juvenile Justice Facility Courthouse. Also, COPs were issued in 2009 in part to fund the construction of the Medical Center Clinic and the acquisition of the Fillmore Human Services Agency building. The Lease Revenue Bonds, Series 2013A (LRB 2013A) were issued in 2013 in part to finance a new replacement wing of the Ventura County Medical Center and in 2020, PFA issued the Lease Revenue Refunding Bonds, Series 2020A (LRRB S 2020A) to advance refund LRB 2013A and continue to fund ongoing projects. The Lease Revenue Bonds, Series 2013B (LRB 2013B) in part financed the acquisition of an office building located at 1911 Williams Drive in Oxnard.

SANTA ROSA ROAD ASSESSMENT DISTRICT

On November 13, 2005, in accordance with Streets and Highways Code Section 22000 and Article XII D of the California Constitution, the Board of Supervisors (Board) adopted a resolution forming the Santa Rosa Road Assessment District for the purpose of funding the cost of installation, maintenance, and servicing of public improvements of four traffic signals along Santa Rosa Road. The project was funded by a combination of a private donation, a transfer and a loan from the Road Fund, and assessments imposed on assessable parcels within the District's boundaries.

TODD ROAD JAIL EXPANSION

This fund was established to account for the design and construction of a new Health and Programming Unit (HPU) at the Todd Road Jail (TRJ). On May 10, 2016 the Board accepted an award in the amount of \$55,137,000 from the State of California's Board of State and Community Corrections (BSCC). These funds were made available by Senate Bill 863, Chapter 37, which formed the Adult Local Criminal Justice Facilities Construction Financing Program. A 10 percent match from the County, in the amount of \$6,127,000 is required. Once constructed, the new HPU will be a 64-bed facility used to house inmates with medical and mental health special needs.

VENTURA COUNTY INTEGRATED JUSTICE INFORMATION SYSTEM (VCIJIS)

This fund was established to account for the modernization of the VCIJIS platform. Board approved in February 1997, the original VCIJIS project was designed to provide a centralized reporting platform for the Ventura County Sheriff's Office, District Attorney's Office, Public Defender's Office, Probation Agency, and Superior Court of California as well as several local, state, and federal law enforcement agencies. The VCIJIS modernization project would provide enhanced data sharing capabilities, operational efficiencies, and reduce risk of technology obsolescence. On April 26, 2022, the Board approved an initial contribution of \$2,400,000 with subsequent funding anticipated to be a combination of County contributions, Proposition 172 funding, and RCA financing.

NON-MAJOR ENTERPRISE FUNDS

NON-MAJOR ENTERPRISE FUNDS

Enterprise funds are one of two types of proprietary funds used to report activities for which fees are charged to external users for full recovery, or more, of goods or services provided. They are exempt from legal compliance for budgetary control and follow commercial accounting principles for determination of operating, rather than budgetary, results. The County has established and uses the following enterprise funds:

DEPARTMENT OF AIRPORTS

This fund accounts for the operation of the County-owned general aviation facilities at the Camarillo and Oxnard airports, and provides administrative, fiscal, and other support services for airport tenants and the flying public. This fund accounts for aid from other governmental units in support of aviation and also includes support services in the Camarillo Utility Enterprise, Roads and Lighting fund, for the operation of the streets, street lighting, and storm drains at the Camarillo airport.

PARKS DEPARTMENT

This fund accounts for the operation of the County's parks and golf courses, including administrative, fiscal, and other support services to these operations. Revenues are derived primarily from rentals of facilities to operators and concessionaires and from fees charged to public users of the facilities. The fund also accounts for federal and state aid and County contributions in support of parks and recreational activities.

CHANNEL ISLANDS HARBOR

This fund accounts for the operation of all areas of the Channel Islands Harbor, including administrative, fiscal, and other support for operations, as well as the expansion area of Channel Islands Harbor that was financed by loans from the State of California and the commercial fishing enterprise activities funded by a federal loan. Revenues for the Harbor are derived from rentals of facilities to operators, concessionaires, tenants, and from fees charged to the public users of the facility.

HEALTH CARE PLAN

The Ventura County Health Care Plan (VCHCP) is a service oriented, County sponsored Health Maintenance Organization (HMO) that offers an extensive range of benefits and low out-of-pocket expenses. VCHCP is a fully licensed Knox-Keene Plan regulated by the California Department of Managed Health Care. Established during the 1993-94 fiscal year and licensed since 1996, VCHCP was developed as a practical and cost effective option for providing health care services to County employees and their covered dependents. Revenues are derived primarily from charges to participating employer groups for medical insurance.

OAK VIEW DISTRICT

This assessment district was established on August 2, 2002, for the costs of acquiring and rehabilitating the former Oak View School for use as a community park and family resource center. Acquisition and development costs of \$1,400,000, were financed principally by tax-exempt commercial paper and grant funds. The family resource center provides services such as educational and recreational programs for youth and adults, library services, community fundraisers, and meeting facilities to support groups and local businesses. Benefit assessments and charges for services fund annual debt service and maintenance and operation costs. The fund is administered by the General Services Agency.

INTERNAL SERVICE FUNDS

INTERNAL SERVICE FUNDS

Internal service funds are one of two types of proprietary funds used to centralize and allocate the cost of certain services provided on a cost-reimbursement basis primarily to County departments as well as to other government agencies. User charges are based upon standard rates calculated on an estimated cost recovery basis.

PUBLIC WORKS SERVICES

This fund coordinates the County's property management activities and provides administrative, engineering, construction, and maintenance services to various County departments as well as other governmental units.

HEAVY EQUIPMENT

This fund maintains the County's fleet of machinery and construction equipment and rents such equipment to County departments and other governmental units.

TRANSPORTATION

This fund provides for the acquisition, maintenance, and replacement of County automobiles and light trucks, which it rents to various County departments and non-County entities.

GENERAL INSURANCE

This fund administers certain commercial and County self-insurance programs, principally worker's compensation, medical malpractice, and general insurance. It also administers the hazardous materials program which provides for waste handling, disposal, and reporting.

INFORMATION TECHNOLOGY SERVICES

This fund is responsible for the design, implementation, and maintenance of the telecommunication network as well as the computer-assisted systems which support the information processing requirements of the County departments and certain non-County entities.

GENERAL SERVICES

This fund's services include graphics, mailroom, stores, purchasing, security, maintenance, custodial, and landscaping provided to all County departments and certain non-County entities. The fund also administers the utilities program and the job order contract program, which contracts with outside vendors to provide maintenance projects for County departments.

EMPLOYEE BENEFITS INSURANCE

This fund administers the County's commercial employees' group medical plan and disability income protection plan and the self-insured, wage-supplement, and unemployment insurance programs. The fund, operated by the Human Resources Department, collects premiums from County agencies, departments and employees, and makes benefit payments through outside settlement agents.

PERSONNEL SERVICES

This fund administers the training services offered to County and non-County entities. Services include assessment of the requesting entity's needs as well as the development and delivery of comprehensive programs. This fund, operated by the Human Resources Department, provides these services at cost to both County departments and outside entities.

THIS PAGE LEFT BLANK INTENTIONALLY

FIDUCIARY FUNDS

FIDUCIARY FUNDS

Fiduciary funds are custodial in nature and are used to account for assets and liabilities held in a trustee or custodial capacity for others. Therefore, these resources cannot be used to support the ongoing activities of the County.

PENSION AND OPEB TRUST FUNDS

VCERA Pension Trust

The VCERA Trust Fund accumulates contributions from the County, its employees and other participating employers, and earnings from the fund's investments. Disbursements are made from the fund for retirement, disability, and death benefits (based on a defined benefit formula) and administrative expenses. This fund includes all assets of the VCERA, which was established January 1, 1947, under provisions of the County Employees' Retirement Law of 1937.

Supplemental Retirement Plan

This fund is used to account for the supplemental retirement plan established for extra-help and other employees whose employment does not otherwise entitle them to retirement benefits under the 1937 Act VCERA plan, supplemental benefits for elected officials, and employees who terminated under the Early Retirement Incentive Plan. The SRP was established January 1, 1992, under provisions of the Internal Revenue Code Section 401(a).

Retiree Medical Expense Reimbursement Plan Trust

This fund accumulates contributions from the County and earnings from the fund's investments. Disbursements are made from the fund for administrative expenses and reimbursements for qualified medical expenses to members who were impacted by the Alameda Resolution (Note 16). The Retiree Medical Expense Reimbursement Trust was established on July 1, 2023, under provisions of the Internal Revenue Code Section 115.

PRIVATE-PURPOSE TRUST FUNDS

Public Guardian

This fund manages the estates of individuals with a disability and have lost the ability to care for themselves as assigned by the Court.

Public Administrator

This fund accounts for assets which are held in a trust for County dependents who have no known relatives that are willing to administer their estate.

RDA County Successor Agency

This fund accounts for assets held by the County in a trust for the former Redevelopment Agency that was dissolved pursuant to California Supreme Court Assembly Bill 1X26.

OTHER CUSTODIAL FUNDS

Property Taxes

This fund accounts for property taxes received but not yet apportioned by the County.

Other Funds

These funds account for assets which are held for other governmental agencies or individuals by the County in a custodial capacity.

Notes:

(1) Proposition 13, passed in 1978 by California voters, limited property taxes to a maximum rate of 1 percent of assessed value. Assessed value is based upon the purchase price of the property. The assessed value may be increased by an inflation factor of up to 2 percent per year. The assessed valuation data shown above is the value used for taxation purposes. Actual market value is not used in the property tax calculation and is not available. The assessed values presented are the County-wide assessed values based on the equalized roll. Unitary and Homeowners Property Tax Relief are included in all values, and values are net of all exemptions.

Notes:

(1) Proposition 13, passed in 1978 by California voters, limited property taxes to a maximum rate of 1 percent of assessed value. This 1 percent is distributed to all taxing agencies that provide services to the subject property. In addition to the 1 percent maximum rate, property owners may be charged an additional percentage for voter approved bonds based on their tax rate area. The bond rate shown is the weighted average of all Ventura County bonds. The weighted average is based on assessed valuation of the tax rate areas where the bonds are levied.

Average child welfare services caseload	1,210	1,195	1,142	1,001	991

- (a) The large increase/decrease is primarily due to the COVID-19 Pandemic.
(b) Decrease is primarily due to the conversion of DUI caseloads from formal supervision to the Community Risk Reduction Program.
(c) Decrease due to decriminalization of the possession of certain marijuana and drug paraphernalia.
(d) Public Health stopped distributing COVID vaccines after they were commercialized in August 2023.
(e) DUI program transitioned to community-based providers resulting in fewer services.
